Renaissance Man From Louisiana:

The New Orleans of Fiction James A. Kaser, 2014-07-29 The importance of New Orleans in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians. While databases of bibliographical information on New Orleans centered fiction are available, they are of little use to scholars researching works written before the 1980s. In *The New Orleans of Fiction: A Research Guide*, James A. Kaser provides detailed synopses for more than 500 works of fiction significantly set in New Orleans and published between 1836 and 1980. The synopses include plot summaries, names of major characters, and an indication of physical settings. An appendix provides bibliographical information for works dating from 1981 well into the 21st century, while a biographical section provides basic information about the authors, some of whom are obscure and would be difficult to find in other sources. Written to assist researchers in locating works of fiction for analysis, the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies, i.e., class, ethnicity, gender, immigrant experience, and race. The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading, particularly since genre, juvenile, and young adult fiction, as well as literary fiction, are included.

West of Harlem Emily Lutenski, 2023-04-01 Luminaries of the Harlem Renaissance, Langston Hughes, Jean Toomer, Wallace Thurman, and Arna Bontemps, among others, are associated with well-known Harlem. But the story of these New York writers unexpectedly extends to the American West. Hughes, for instance, grew up in Kansas; Thurman in Utah; and Bontemps in Los Angeles. Toomer traveled often to New Mexico. Indeed, as *West of Harlem* reveals, the West played a significant role in the lives and work of many of the artists who created the signal urban African American cultural movement of the twentieth century. Uncovering the forgotten histories of these major American literary figures, the book gives us a deeper appreciation of that movement and of the cultures it reflected and inspired. These recovered experiences and literatures paint a new picture of the American West, one that better accounts for the disparate African American populations that dotted its landscape and shaped the multiethnic literatures and cultures of the borderlands. Tapping literary, biographical, historical, and visual sources, Emily Lutenski tells the New Negro movement's western story. Hughes's move to Mexico opens a window on African American transnational experiences. Thurman's engagement with Salt Lake City offers an unexpected perspective on African American sexual politics. Arna Bontemps's Los Angeles, constructed in conjunction with Louisiana, provides a new vision of the Spanish borderlands. Lesser-known writer Anita Scott Coleman imagines black Western autonomy through domesticity. The experience of others like Toomer, invited to socialite Mabel Dodge Luhan's circle of artists in Taos, present a more pluralistic view of the West. It was this place, with its transnational and multiracial mix of Native Americans, Latinos, Anglos, and African Americans, which buttressed Toomer's idea of a new American race. Turning the lens elsewhere, Lutenski also explores how Latino, Asian American, and Native American western writers understood and represented African Americans in the early twentieth-century borderlands. The

result is a new unusually nuanced and unexpectedly complex view of key figures of the Harlem Renaissance and the borderlands cultures that influenced their art in surprising and important ways

Damiani,2021-12-14 Jorge de Montemayor's great pastoral novel La Diana 1559 one of the fountainheads of Spanish Renaissance literature has often been regarded as a work written merely to amuse an effete courtly world Bruno M Damiani argues here that far from being simply a pastoral dream Diana has profound socio historical and religious dimensions and that Montemayor's intentions in it were largely moral and instructive The timeless idyllic nature which forms the essence of the pastoral is in the case of Diana inextricably bound up with the grace and sophistication of urban Spanish culture Indeed this study shows Montemayor's shepherds and shepherdesses exist not in an imaginary Arcadian land but in the very real Spain and Portugal of their author's own time and many of the characters are disguises for actual persons of the Spanish court including perhaps the author himself Similarly the philosophical and religious concerns of Renaissance Spain

are fully explored in the lives of Montemayor's sorrowing rustics. Symbolically they are sinners who have fallen from grace and must undertake a spiritual pilgrimage one which ultimately leads them to an understanding of the Christian virtues of faith, hope, and charity. Mustering a wealth of classical, biblical, medieval, and Renaissance sources, the author reveals the underlying fabric of *Diana*, an interweaving of allegory, symbolism, and imagery intended to instruct Montemayor's readers in the path of virtue. Damiani's analysis of this important work offers us a clearer view of the intellectual life of Renaissance Spain.

Postmodern Racial Dialectics Richard A. Jones, 2015-12-07 *Postmodern Racial Dialectics* is a collection of ten essays on African American philosophy. Addressing issues as disparate as why there are no graduate programs in philosophy at the more than one hundred traditionally black colleges and universities in the U.S. to conceptions of Black utopianism to the nature of postmodern revolutions, these essays are beyond the bounds of traditional racial discourse. The essays are dialectical in the sense that they are conversations between personal histories, between ideologies, and between changing ways that the races talk to one another. The book is postmodern in that it is beyond modernity's linear logic. *Postmodern Racial Dialectics* is also a political entreaty for African Americans to be wary of conventional ways of thinking and to begin thinking transgressively beyond narrowly prescribed conceptions from both sides of the color line.

Pedro Calderón de la Barca and the World Theatre in Early Modern Europe Rasmus Vangshardt, 2023-11-20 Rasmus Vangshardt offers an original interpretation of one of the most famous images of literary history: the *theatrum mundi*. By applying methods of comparative literature, hispanic studies, and theology, he reconsiders the world theatre's historical peak in early modern Europe in general and the Spanish Golden Age in particular. The author presents a new close reading of Pedro Calderón's *El gran teatro del mundo* (c. 1633-36) and outlines the historical and systematic framework for a *theatrum mundi* of celebration. This concept entails using art to justify human existence in the face of changing conceptions of the cosmos, an early modern aesthetic theodicy, and a justification of the world in that liminal space between drama and ritual. By discussing historiographical theories of early modern Europe, especially those of Hans Blumenberg and Bruno Latour, and through conversations with Shakespearean drama and Spanish Golden Age classics, Vangshardt also argues that the *theatrum mundi* of celebration questions traditional assumptions of great divides between the Middle Ages and Early Modernity and challenges theories of a European-wide early modern sense of crisis.
