

ETHOS (RHETORIC)

Ethos is one part of the so-called rhetorical triangle. In Aristotle's Rhetoric, Ethos refers to a technical means of persuasion that has to do with the credibility of the persuader.

OVERVIEW

In rhetoric, ethos, from the Greek word for "character," refers to persuasion through establishing the authority of the speaker.

According to Aristotle, people follow a trustworthy speaker more readily on almost all subjects and completely so if there are no other objective criteria to decide the matter for themselves.

EXAMPLE

A person may be more inclined to believe a doctor on issues related to their health than friends, because they trust the doctor's word on matters in their field. Here, the person is relying on ethos - appeal to character / authority - to make a decision rather than logos (appeal to logic) or pathos (appeal to emotion).

Rhetoric Of The Other:

The Rhetoric of the "other" Literature W. R. Winterowd, 1990 **Rhetorical Speculations** Scott

Sundvall, 2019-04-15 The future of writing studies is fundamentally tied to advancing technological development writing cannot be done without a technology and different technologies mediate writing differently In *Rhetorical Speculations* contributors engage with emerging technologies of composition through speculative modeling as a strategy for anticipatory futural thinking for rhetoric and writing studies Rhetoric and writing studies often engages technological shifts reactively after the production and reception of rhetoric and writing has changed This collection allows rhetoric and writing scholars to explore modes of critical speculation into the transformative effect of emerging technologies particularly as a means to speculate on future shifts in the intellectual pedagogical and institutional frameworks of the field In doing so the project repositions rhetoric and writing scholars as proprietors of our technological future to come rather than as secondary receivers critics and adjusters of the technological present Major and emerging voices in the field offer a range of styles that include pragmatic technical and philosophical approaches to the issue of speculative rhetoric exploring what new media writing studies could be theoretically pedagogically and institutionally as future technologies begin to impinge on the work of writing *Rhetorical Speculations* is at the cutting edge of the subject of futures thinking and will have broad appeal to scholars of rhetoric literacy futures studies and material and popular culture Contributors Bahareh Brittany Alaei Sarah J Arroyo Kristine L Blair Geoffrey V Carter Sid Dobrin Kristie S Fleckenstein Steve Holmes Kyle Jensen Halcyon Lawrence Alexander Monea Sean Morey Alex Reid Jeff Rice Gregory L Ulmer Anna Worm **Rhetoric before and beyond the Greeks** Carol S.

Lipson, Roberta A. Binkley, 2012-02-01 Focusing on ancient rhetoric outside of the dominant Western tradition this collection examines rhetorical practices in Egypt Mesopotamia Israel and China The book uncovers alternate ways of understanding human behavior and explores how these rhetorical practices both reflected and influenced their cultures The essays address issues of historiography and raise questions about the application of Western rhetorical concepts to these very different ancient cultures A chapter on suggestions for teaching each of these ancient rhetorics is included **Aristotle' Rhetoric.* - , 1877 Levinas's Rhetorical Demand Ronald C. Arnett, 2017-03-15 This book provides an introduction to the importance of Levinas's work and an explication of the manner in which the practicality of his insights can assist ethical judgment within the human community

The Dao of Rhetoric Steven C. Combs, 2012-02-01 In the first book to systematically deal with Daoism Taoism from a rhetorical perspective author Steven C Combs advances the idea that the works of Daoist Taoist sages Laozi Lao Tzu Zhuangzi Chuang Tzu and Sunzi Sun Tzu can be fused into a coherent rhetorical genre which can then form a methodology for rhetorical criticism This notion of Daoist rhetoric enables critics to examine discourse from new vantage points with novel processes and concepts that honor the creativity and complexity of human communication Combs also critically examines four contemporary films *The Tao of Steve* *A Bug's Life* *Antz* and *Shrek* to amplify rhetorical Daoism to

indicate clear differences between Western and Daoist values and to offer fresh perspectives on individuals and social action The book argues that Daoism provides a lens for viewing limitations of current Western rhetorical theorizing positioning Daoist rhetoric as a potent critical perspective in the contemporary postmodern world The Rhetoric of Aristotle Aristotle,1877 **Rhetorical Animals** Kristian Bjørkdahl,Alex C. Parrish,2017-11-30 For this edited volume the editors solicited chapters that investigate the place of nonhuman animals in the purview of rhetorical theory what it would mean to communicate beyond the human community how rhetoric reveals our brute roots In other words this book investigates themes that enlighten us about likely or possible implications of the animal turn within rhetorical studies The present book is unique in its focus on the call for nonanthropocentrism in rhetorical studies Although there have been many hints in recent years that rhetoric is beginning to consider the implications of the animal turn as yet no other anthology makes this its explicit starting point and sustained objective Thus the various contributions to this book promise to further the ongoing debate about what rhetoric might be after it sheds its long standing humanistic bias The SAGE Handbook of Rhetorical Studies Andrea A. Lunsford,Kirt H. Wilson,Rosa A. Eberly,2008-10-29 The SAGE Handbook of Rhetorical Studies surveys the latest advances in rhetorical scholarship synthesizing theories and practices across major areas of study in the field and pointing the way for future studies Edited by Andrea A Lunsford and Associate Editors Kirt H Wilson and Rosa A Eberly the Handbook aims to introduce a new generation of students to rhetorical study and provide a deeply informed and ready resource for scholars currently working in the field **Rhetorical Agendas** Patricia Bizzell,2006-04-21 This volume represents current theory and research in rhetoric across disciplines and is of interest to scholars and students in rhetoric studies in speech communication English and related disciplines
