Riba Of 20th Century British Housing:

RIBA Book of 20th Century British Housing Ian Colquhoun, Royal Institute of British Architects, 1999 Ian Colquhoun is a member of the the RIBA Housing Group which has campaigned in recent years for better housing design in Britain With this book he presents a comprehensive history of British housing in the 20th century RIBA Book of 20th Century British Housing Colquhoun, 1999 *RIBA Book of British Housing* Ian Colquhoun, 2008-01-28 RIBA Book of British Housing Design looks at the design solutions developed during the 20th and the 21st centuries and illustrates over 200 of the most successful projects It provides an overview of the evolution of housing development and includes present day schemes and estate regeneration as well as special sections on housing in Scotland and Northern Ireland The photographs and plans of historic and contemporary projects can be used to show design approaches to clients committees and in the case of regeneration with local communities Looking back into history will indicate which design approaches have been successful This fully updated 2nd edition includes a new chapter on the development of design concepts and projects built since 1999 It illustrates current trends that have been developing since the turn of the new century and emphasises the concept of creating sustainable communities The use of colour photographs adds a new dimension to the first edition in making it possible to appreciate more readily the materials used in the design of the housing and its environment **RIBA Book of British Housing** Ian Colquhoun, 2008 Key Urban Housing of the Twentieth Century Hilary French, 2008-10-28 A collection of housing designs built over the last hundred years illustrating innovative approaches Fourth in the Key series with newly drawn plans suitable for study in architecture schools this volume will appeal to students of urban design and planning as well as architecture Key developments covered include early apartment blocks the projects of European modernism high rise and large scale schemes and postmodernism Exterior and interior photographs show materials massing and context 150 color photographs 500 line drawings **Public Housing That Worked** Nicholas Dagen Bloom, 2014-08-04 When it comes to large scale public housing in the United States the consensus for the past decades has been to let the wrecking balls fly The demolition of infamous projects such as Pruitt Igoe in St Louis and the towers of Cabrini Green in Chicago represents to most Americans the fate of all public housing Yet one notable exception to this national tragedy remains The New York City Housing Authority America s largest public housing manager still maintains over 400 000 tenants in its vast and well run high rise projects While by no means utopian New York City s public housing remains an acceptable and affordable option The story of New York s success where so many other housing authorities faltered has been ignored for too long Public Housing That Worked shows how New York s administrators beginning in the 1930s developed a rigorous system of public housing management that weathered a variety of social and political challenges A key element in the long term viability of New York s public housing has been the constant search for better methods in fields such as tenant selection policing renovation community affairs and landscape design Nicholas Dagen Bloom presents the achievements that contradict the common wisdom that public housing projects

are inherently unmanageable By focusing on what worked rather than on the conventional history of failure and blame Bloom provides useful models for addressing the current crisis in affordable urban housing Public Housing That Worked is essential reading for practitioners and scholars in the areas of public policy urban history planning criminal justice affordable housing management social work and urban affairs The Environments of Ageing Sheila Peace,2023-07-11 The first UK assessment of environmental gerontology this book contextualises personal experience of ageing considers the value of intergenerational and age related living and global to local population ageing concerns in light of COVID 19 **The Architects' Handbook** Quentin Pickard,2008-04-30 The Architects Handbook provides a comprehensive range of visual and technical information covering the great majority of building types likely to be encountered by architects designers building surveyors and others involved in the construction industry It is organised by building type and concentrates very much on practical examples Including over 300 case studies the Handbook is organised by building type and concentrates very much on practical examples It includes a brief introduction to the key design considerations for each building type numerous plans sections and elevations for the building examples references to key technical standards and design guidance a comprehensive bibliography for most building types The book also includes sections on designing for accessibility drawing practice and metric and imperial conversion tables To browse sample pages please see <http://www.blackwellpublishing.com/architectsdata>

New Urban Housing Hilary French,2006-01-01 A timely investigation of the most innovative recent urban housing constructions The design of high density housing is inextricably linked to the growth of towns and cities as urban centers have increased in both geographical size and density housing has had to be provided to accommodate the numbers and needs of the population Whether highly visible or merged with the existing cityscape a vast proportion of the fabric of any city is made up of residential space New Urban Housing looks at a selection of some of the most inventive contemporary projects built in countries around the world Author Hilary French provides a comprehensive introduction to this building type from its industrial beginnings in London and Paris to New York City s Lower East Side and the 20th century designs of Le Corbusier Antonio Sant Elia and Mies van der Rohe Lavishly illustrated the book examines different formal typologies of urban housing terrace and row houses quadrangles and courtyards city blocks and infill or renovated and reused sites and towers and slab blocks Thirty six case studies from fourteen countries are presented by architects including Steven Holl Richard Meier KoningEizenbergArchitecture Eduardo Souto de Moura and Renzo Piano Each is illustrated in full color and is accompanied by detailed plans and sections that discuss the needs of the site and place the project in its surrounding context New Urban Housing features these buildings and more Contemporaine Chicago Donnybrook Quarter London Harold Way Apartments Hollywood Mondrian Apartments Sydney Simmons Hall MIT Cambridge MA Yerba Buena Lofts San Francisco **100 20th-Century Houses** Twentieth Century Society,2022-10-13 A celebration of Britain s diverse housing styles throughout the twentieth century and beyond This illuminating book is a fascinating insight into Britain s built heritage and the diverse

housing styles of the twentieth century Redesigned and updated in a brand new edition it showcases 100 houses from throughout the 20th century and stretching into the 21st that represent the range of architectural styles throughout the years and show how housing has adapted to suit urban life Each house is accompanied by stunning photography and texts written by leading architectural critics and design historians including Gavin Stamp Elain Harwood Barnabas Calder Alan Powers and Gillian Darley From specially commissioned architect designed houses for private individuals to housing built for increased workforces each of the 100 houses brings a different design style or historical story There are houses built as part of garden cities semi detached suburban dwellings housing estates eco houses almshouses converted factories and affordable post war homes Architectural styles encompass mock Tudor modernist Arts and Crafts and brutalism and featured architects include Giles Gilbert Scott Walter Gropius Edwin Lutyens Powell and Moya and David Chipperfield The book also contains essays that explore the social and political aspects of housing design in Britain over the last 100 years looking at the impact the world wars had on housing exploring domestic technology and building materials and discovering how the modern house came about This compelling book gives a glimpse into the wonderful housing Britain has to offer and is a must have for all fans of design history and architecture
