Richard Strauss New Perspectives On The Composer And His Work:

Richard Strauss Bryan Randolph Gilliam, 1992 Originally published by Duke University Press in 1992 this book examines Strauss's life and work from a number of approaches and during various periods of his long career opening up unique corridors of insight into a crucial time in German history Beyond the enlightening introduction by Michael Kennedy individual essays use Strauss's creative work as a framework for larger musicological questions such as the tension between narrative and structure in program music the problem of extended tonality at the turn of the century stylistic choice versus stylistic obligation and conflicting perspectives of progressive versus conservative music **The Life of Richard Strauss** Bryan Gilliam, 1999-08-19 Richard Strauss saw an empire come and go survived two world wars witnessed the rise and fall of the Weimar Republic endured the period of National Socialism and died the year that Germany was officially divided into two separate states All the while he enjoyed a successful career as composer as conductor of international stature as organizer for the rights of composers and as colleague of and collaborator with some of the most important composers writers and artists of his day This biography covers Strauss's early musical development his emergence as a tone poet in the late nineteenth century his turn to the stage at the beginning of the twentieth century the successes and failures of the post World War I era the turbulent 1930s and the period of the Second World War and its aftermath *Richard Strauss and His World* Bryan Randolph Gilliam, 1992-08-30 Strongly influencing European musical life from the 1880s through the First World War and remaining highly productive into the 1940s Richard Strauss enjoyed a remarkable career in a constantly changing artistic and political climate This volume presents six original essays on Strauss's musical works including tone poems lieder and operas and brings together letters memoirs and criticism from various periods of the composer's life Many of these materials appear in English for the first time In the essays Leon Botstein contradicts the notion of the composer's stylistic about face after Elektra Derrick Puffett reinforces the argument for Strauss's artistic consistency by tracing in the tone poems and operas the phenomenon of pitch specificity James Hepokoski establishes Strauss as an early modernist in an examination of Macbeth Michael Steinberg probes the composer's political sensibility as expressed in the 1930s through his music and use of such texts as *Friedenstag* and *Daphne* Bryan Gilliam discusses the genesis of both the text and the music in the final scene of *Daphne* Timothy Jackson in his thorough source study argues for a new addition to the so called Four Last Songs Among the correspondence are previously untranslated letters between Strauss and his post Hofmannsthal librettist Joseph Gregor The memoirs range from early biographical sketches to Rudolf Hartmann's moving account of his last visit with Strauss shortly before the composer's death Critical reviews include recently translated essays by Theodor Adorno Guido Adler Paul Bekker and Julius Korngold Publisher description [Richard Strauss's Orchestral Music and the German Intellectual Tradition](#) Charles Youmans, 2005-07-07 A study of Strauss's orchestral activity from the perspective of late 19th century German intellectual history *The Cambridge Companion to Richard Strauss* Charles Youmans, 2010-11-18 Richard

Strauss is a composer much loved among audiences throughout the world both in the opera house and the concert hall. Despite this popularity, Strauss was for many years ignored by scholars who considered his commercial success and his continued reliance on the tonal system to be liabilities. However, the past two decades have seen a resurgence of scholarly interest in the composer. This Companion surveys the results, focusing on the principal genres, the social and historical context, and topics perennially controversial over the last century. Chapters cover Strauss's immense operatic output, the electrifying modernism of his tone poems, and his ever popular Lieder. Controversial topics are explored, including Strauss's relationship to the Third Reich and the sexual dimension of his works. Reintroducing the composer and his music in light of recent research, the volume shows Strauss's artistic personality to be richer and much more complicated than has been previously acknowledged.

Modernism and the Cult of Mountains: Music, Opera, Cinema Christopher Morris, 2016-04-15. Adopting and transforming the Romantic fascination with mountains, modernism in the German-speaking lands claimed the Alps as a space both of resistance and of escape. This new cult of mountains reacted to the symptoms and alienating forces associated with modern culture, defining and reinforcing models of subjectivity based on renewed wholeness and an aggressive attitude to physical and mental health. The arts were critical to this project, none more so than music, which occupied a similar space in Austro-German culture: autonomous, pure, sublime. In *Modernism and the Cult of Mountains*, opera serves as a nexus, shedding light on the circulation of contesting ideas about politics, nature, technology, and aesthetics. Morris investigates operatic representations of the high mountains in German modernism, showing how the liminal quality of the landscape forms the backdrop for opera's reflexive engagement with the identity and limits of its constituent media, not least music. This operatic reflexivity, in which the very question of music's identity is repeatedly restaged, invites consideration of musical encounters with mountains in other genres. Morris shows how these issues resonate in Strauss's Alpine Symphony and in the Bergfilm, mountain film. By using music and the ideology of mountains to illuminate aspects of each other, Morris makes an original and valuable contribution to the critical study of modernism.

A Night in at the Opera Jeremy Tambling, 1994. Offering an arresting range of accounts by specialists in music, media, and popular culture on how the popular arts have represented opera, this book raises issues about the sociology of music and its implications for television and video culture.

Orchestration Paul Mathews, 2006-11-06. *Orchestration: An Anthology of Writings* is designed to be a primary or ancillary text for college-level music majors. Although there are several how-to textbooks aimed at this market, there is little available that traces the history of orchestration through the writings of composers themselves. By collecting writings from the nineteenth century to today, Mathews illuminates how orchestration has grown and developed, as well as presenting a wide variety of theories that have been embraced by the leading practitioners in the field. The collection then traces the history of orchestration, beginning with Beethoven's Orchestra, with writings by Berlioz, Wagner, Gounod, Mahler, and others; the 19th century; Mahler; Gevaert; Strauss; the fin de siècle; on the edge of musical modernism; writings by Berlioz

Jadassohn Delius and Rimsky Korsakov early modern Busoni Schoenberg Stravinsky Grainger and others and high modern Carter Feldman Reich Brant Many of these pieces have never been translated into English before some only appeared in small journals or the popular press and have never appeared in a book and none have ever been collected in one place The study of orchestration is a key part of all students of music theory and composition Orchestration provides a much needed resource for these students filling a gap in the literature **Perspectives on Gustav Mahler** Jeremy Barham, 2017-07-05 Gustav Mahler's music continues to enjoy global prominence both in live or recorded performance and within broader ranges of critical perception and cultural sensibility In recognition of such a profile this volume brings together a unique collection of essays exploring the diverse methods and topics characteristic of recent advances in Mahler scholarship The book's international group of contributors is actively involved not only in bringing fresh approaches to Mahler research in areas such as analysis sketch studies and reception history but also in examining hitherto neglected issues of cultural and biographical interpretation performance practice and compositional aesthetic thereby illustrating the developing vitality and scope of this field Engaging with its subject from reconstructive documentary theoretical analytical discursive and interpretative viewpoints this volume provides a wide spectrum of contexts in which continuing debate about Mahler's life and works can flourish Its varied themes and strategies nevertheless collectively recognize and negotiate the shifting space both between the composer's life and his artistic creativity and between the musical results of that creativity and the critical analytical process The essays in this book accordingly fill certain gaps in the scholarly understanding of the composer and reorientate Mahler studies towards some of the central concerns of contemporary musicological thinking Music, Structure, Thought: Selected Essays James Hepokoski, 2017-07-05 Among the most original and provocative musicological writers of his generation James Hepokoski has elaborated new paradigms of inquiry for both music history and music theory Advocating fundamental shifts of methodological reorientation within the quest for potential musical meanings his work spans both disciplines and offers substantial challenges for each At its core is the conviction that a close study of musical genres procedures and structures those qualities of a composition that are specifically musical is essential to any responsible hermeneutic enterprise Selected from writings from 1984 to 2008 this collection of essays provides a generous introduction to the author's most innovative and influential work on a wide variety of topics musicological methodology issues of staging and performance Italian opera program music and exemplary studies of individual pieces

Richard Strauss New Perspectives On The Composer And His Work Introduction

In the digital age, access to information has become easier than ever before. The ability to download Richard Strauss New Perspectives On The Composer And His Work has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Richard Strauss New Perspectives On The Composer And His Work has opened up a world of possibilities. Downloading Richard Strauss New Perspectives On The Composer And His Work provides numerous advantages

over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Richard Strauss New Perspectives On The Composer And His Work has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Richard Strauss New Perspectives On The Composer And His Work. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Richard Strauss New Perspectives On The Composer And His Work. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Richard Strauss New Perspectives On The Composer And His Work, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Richard Strauss New Perspectives On The Composer And His Work has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Richard Strauss New Perspectives On The Composer And His Work Books
