Richard Hooker On Anglican Faith And Worship:

Richard Hooker on Anglican Faith and Worship Richard Hooker, Philip Bruce Secor, 2003 Richard Hooker 1554 1600 is the premier theologian of the Anglican religious tradition Portions of his great apologia for Anglicanism Of the Laws of Ecclesiastical Policy are still required reading in most Anglican seminaries and his ideas have been seminal for most other theologians in this denomination since the early seventeenth century Unfortunately Hooker s defining ideas about the Church the sacraments Holy Scripture the incarnation prayer worship the Trinity church polity and virtually every aspect of Anglican faith and worship are no longer accessible to most Christians His writing style is too cumbersome for most modern readers to untangle This is especially so of the most important of all of his religious writings Book Five of the Polity To remedy this problem and make Hooker s timeless wisdom once again available to Christians inside the Anglican family and without Dr Secor has rendered Hooker s difficult prose in Book Five into contemporary English continuing the process of translation begun in his acclaimed The Sermons of Richard Hooker A Modern Edition Keble s nineteenth century editions of Hooker s Works or the recent critical Folger Library Edition with its adherence to original spelling **BOOK JACKET** A Companion to Richard Hooker Torrance Kirby, 2008-02-28 Richard Hooker was a learned philosophical theologian and engaged polemicist of the later sixteenth century who explained and defended the Elizabethan religious and political settlement and shaped definitively the self understanding of the English ecclesiastical establishment for centuries to come This Companion to Richard Hooker brings together a representative body of contributors with a view to offering a summary of the current state of scholarly debate and a synthesis of emerging trends in criticism Contributions to this volume reflect the major current trends of scholarly opinion on Hooker s place within the mainstream of Protestant reform This Companion aims to provide a comprehensive and systematic introduction to Richard Hooker s life works thought reputation and influence Contributors are Rudolph P Almasy Daniel Eppley Lee W Gibbs Egil Grislis William Harrison W Speed Hill Ranall Ingalls Dean Kernan Torrance Kirby Diarmaid MacCulloch A S McGrade W David Neelands W Brown Patterson Debora K Shuger Corneliu C Simu John K Stafford Paul Stanwood James F Turrell and the Archbishop of Canterbury Dr Rowan Williams *Richard Hooker and the Vision of God* Charles Miller, 2013-07-25 Charles Miller s rigorous and sensitive examination of Richard Hooker s theology makes a valuable addition to the field of study of the cleric one of the founding theologians of modern Anglicanism Miller examines Hooker s works in detail leading the reader through different facets of his vision of God creation Scripture the sacraments and practices of Christian devotion Hooker s theology challenges an increasingly time bound relativistic approach to doctrine and truth his sources were as wide as ancient and as modern as Hooker could make them Miller s thoughtful analysis is informed throughout by an understanding of the context of Hooker s theological development against the backdrop of continental Calvinism and the remnants of Roman Catholicism in England The growth of interest in Hooker among specialists has been accompanied by an abandonment of the serious study of Hooker s thought among theological

students clergy and theologians Miller's work addresses this lack Hooker's insights must not be forgotten in the daily distribution of theological food to Christian people A study which attunes readers to Hooker's particular theological voice and teaches its value both in his own context and as a present day interlocutor this volume will be of great interest to Christians and theological students alike

Richard Hooker W. Bradford Littlejohn, 2015-09-28 Although by common consent the greatest theologian of the Anglican tradition Richard Hooker is little known in Protestant circles more generally and increasingly neglected within the Anglican Communion Although scholarship on Hooker has witnessed a dramatic renaissance within the last generation thus far this has tended to make Hooker less not more accessible to general audiences and interpreters have been sharply divided on the meaning of his theology This book aims to draw upon recent research in order to offer a fresh portrait of Hooker in his original historical context one in which it had not yet occurred to any Englishman to assume the label Anglican and to bring him to life for all branches of the contemporary church Part One examines his life writings and reputation puncturing several old myths along the way Part Two seeks to establish Hooker's theological and pastoral vision exploring why he wrote how he wrote whom he was seeking to persuade and whom he was seeking to refute Part Three analyzes key themes of Hooker's theology Scripture Law Church and Sacraments and how they related to his late Reformation context Finally the concluding chapter proposes Hooker's method as a model for our confused contemporary age combining fidelity to Scripture historical awareness and a pastorally sensitive pragmatism

Guide for the Christian Perplexed Thomas P. Power, 2012-01-13 Thoughtful Christians are legitimately perplexed by a number of issues relating to the church's belief and practice They are perplexed partly because they recognize that the issues themselves are thorny and partly because they are not sure how to test the mutually inconsistent theories and explanations affirmed by diverse voices speaking with equal assurance Most Christians find relatively little occasion or encouragement to address their perplexities with intellectual candor and integrity If they dare to acknowledge their theological perplexities at all they are too often told that these perplexities are unimportant or that they can be answered very simply or that they should be left to the experts *Guide for the Christian Perplexed* written by members of the faculty of Wycliffe College Toronto aims to explore a diversity of issues and questions to do with our knowledge of Jesus the meaning of suffering the function of doctrine the understanding of Scripture the place of other religions the challenge of atheism the pleasures and complications of sexuality the nature of worship the way to evangelize our neighbor who our neighbor is locally and globally the diversities of spirituality Here you will find thoughtful reflections and answers to the questions around these issues A study guide is included for individual and group use

The Sermons of Richard Hooker Richard Hooker, Philip Bruce Secor, 2001 Philip Secor provides readers with an intimate look at theologian Richard Hooker's sermons that addressed not only the great religious issues of his day but also the more immediate concerns and problems of his flock

Richard Hooker Philip Bruce Secor, 1999-01-01 This long neglected figure is arguably the closest counterpart in the English Reformation to

Luther and Calvin This new biography is the culmination of fifteen years of intensive research into Hooker's life and thought

Grey Spaces Jeffrey W. Driver, 2022-11-22 Churches around the world have been confronted by shame and culpability in widespread revelations of child sexual abuse In this book Jeffrey Driver who has served the Australian Anglican Church as both a diocesan bishop and archbishop explores some of the underlying cultural and theological influences that may have predisposed the possibility of abuse as well as the defensiveness and cover ups that sometimes followed The first responses of most churches to the revelations of abuse were of necessity mostly structural and programmatic Recognizing the institutional temptation to do only enough to settle a crisis Jeffrey Driver calls for something different from the churches Drawing on the imagery of Holy Saturday he encourages a deeper journey of reflection and change for churches and church leaders to linger reflectively in the grey spaces of loss and shame long enough to hear the voice of God addressing them through the vulnerable and the wounded once more calling the church back to itself and into a deeper humbler relationship with the world it is called to serve *Richard Hooker's Use of History in His Defense of Public Worship* Scott N. Kindred-Barnes, 2011 The author reveals how Hooker by asking questions of theological and political context when examining a given thinker era or event in the past was able to balance in a fashion consistent with the Elizabethan Settlement what was deemed to be the essential doctrines of Scripture on the one hand with the demands of the commonwealth on the other while all along claiming continuity with catholic Christianity since the time of the apostles **Richard Hooker and Reformed Orthodoxy** W. Bradford Littlejohn, Scott N. Kindred-Barnes, 2017-03-13 For more than forty years now there has been a steady stream of interest in Richard Hooker This renaissance in Hooker Studies began with the publication of the Folger Library Edition of the Works of Richard Hooker With this renaissance has come a growing recognition that it is anachronistic to classify Hooker simply as an Anglican thinker but as yet no generally agreed upon alternative label or context for his thought has replaced this older conception in particular the question of Hooker's Reformed identity remains hotly contested Given the relatively limited engagement of Hooker scholarship with other branches of Reformation and early modern scholarship to date there is a growing recognition that Hooker must be evaluated not only against the context of English puritanism and conformism but also in light of his broad international Reformed context At the same time it has become clear that if this is so scholars of continental Reformed orthodoxy must take stock of Hooker's work as one of the landmark theological achievements of the era This volume aims to facilitate this long needed conversation bringing together a wide range of scholars to consider Richard Hooker's theology within the full context of late 16th and early 17th century Reformed orthodoxy both in England and on the Continent The essays seek to bring Hooker into conversation not merely with contemporaries familiar to Hooker scholarship such as William Perkins but also with such contemporaries as Jerome Zanchi and Franciscus Junius predecessors such as Heinrich Bullinger and successors such as John Davenant John Owen and Hugo Grotius In considering how these successors of Hooker identified themselves in relation to his theology these essays will also

shed light on how Hooker was perceived within 17th century Reformed circles The theological topics touched on in the course of these essays include such central issues as the doctrine of Scripture predestination Christology soteriology the sacraments and law It is hoped that these essays will continue to stimulate further research on these important questions among a wide community of scholars
