the nobles for crimes committed by their ancestors They then help Bolingbroke secretly return to England in a plan to overthrow Richard II There remain however subjects who continue faithful to the King among them Bushy Bagot Green and the Duke of Aumerle son of the Duke of York cousin of both Richard and Bolingbroke When King Richard leaves England to administer the war in Ireland Bolingbroke seizes the opportunity to assemble an army and invades the north coast of England Executing both Bushy and Green he wins over the Duke of York whom Richard has left in charge of his government in his absence Upon Richard s return Bolingbroke not only reclaims his lands but lays claim to the very throne Crowning himself King Henry IV he has Richard taken prisoner to the castle of Pomfret Aumerle and others plan a rebellion against the new king but York discovers his son s treachery and reveals it to Henry who spares Aumerle as a result of the intercession of the Duchess of York while executing the other conspirators After interpreting King Henry s living fear as a reference to the still living Richard an ambitious nobleman Exton goes to the prison and murders him King Henry repudiates the murderer and vows to journey to Jerusalem to cleanse himself of his part in Richard s death From Wikipedia
