education re creates the ethos of private school life and analyzes the effect of these schools on the social fabric of the province     Philip Timms' Vancouver Fred Thirkell, Philip T. Timms, Bob Scullion, 2006 In Philip Timms Vancouver the city's golden age has been captured with spirit and style by one of British Columbia's foremost photographers Philip Timms was a man of many accomplishments but one of the most notable was his photographic record of Vancouver and the Lower Mainland created between 1900 and 1910 As Vancouver evolved from a colonial outpost to a modern centre of industry and tourism Timms sought to preserve views of the maturing city and its people from landmark buildings to street scenes to children and families James B Stanton a former curator of history at the Vancouver Museum wrote All of Timms photographs have a certain recognizable quality about them much of the kindness and gentleness of the man himself comes through His shots are candid and uncluttered and capture dramatically the feeling and mood of the time Fortunately Vancouver's adolescence coincided with the golden age of postcards when billions of them were being sent exchanged and hoarded all over the world By 1910 numerous photographers were producing postcards in the Vancouver area but Philip Timms stood well above the others This sampling of Timms best work is full of life people in action on the streets in the parks on the waterfront and on ships     *Sutebusuton* Mitsuo Yesaki, 2003     **Canadiana** , 1989     **Fraser's Magazine for Town and Country** , 1830
