## **Riders Across The Border:**

The Freedom Riders Across Borders Barbara Lüthi, 2022-08-30 The Freedom Riders Across Borders Contentious Mobilities provides the first comprehensive transnational historical analysis of the Freedom Rides It explores the transnational history of these social movements and the struggles for the right to mobility and other civil rights in the United States of America Australia and Palestine between 1961 and 2011 This book makes a significant contribution to the transnational studies of social movements and the burgeoning field of mobility studies by investigating the specific constellations of mobility as historically and geographically specific formations of movement as well as investigating how the images ideas and strategies of Freedom Riders were adapted translated and moved across time and space Foremost this book speaks to the pressing questions of the past and present concerning the politics and inequalities of mobilities impacting different social groups in different ways From a historical perspective it gives answers to the intensified interest and questions concerning the dynamics techniques and contentious politics of social movements in a globalized environment The book details how the question of mobility has come to constitute political conflict and protest over norms restrictions and representations It shows not only that mobility is a differentially accessed resource which shapes and is shaped by political processes but also that contestation is an equal part of forming mobility The book identifies vehicles as a mobile site of contestation and in the context of the Freedom Rides as a site of strategic political action In doing so L thi makes a persuasive case for mobility to be given a central place in the study of progressive social movements As such this book will be of great interest to researchers in a number of disciplines including history geography and sociology **She Rides** Alenka Vrecek, 2025-07-30 At fifty four Alenka was running out of time to follow through on a dream she d written down in her pocket size Rumi book just after her first marriage crumbled Years later as she slowly rebuilt her life with her second husband things started spiraling out of control The only way she knew how to heal and connect all painful parts of her life was by riding her bike and she didn t want to have regrets But was she brave enough to embark on an unknown path and risk losing everything perhaps even her own life Determined to awaken her dying spirit and heal her battered body Alenka loaded her mountain bike with 50 pounds worth of camping gear and set off on a 2 500 mile journey Starting in Lake Tahoe California she hoped to ride along the Sierra Nevada Mountain range to the tip of Mexico s Baja Peninsula following remote mountain trails Alone What followed was an irrevocably transformational journey of love hope courage and resilience and here Alenka tells that story in a voice stripped of self pity and infused with a good dose of humor She Rides is a galvanizing wake up call for anyone who wants to unearth and follow their own deeply buried dreams and reclaim their life
