Riders of Buck River William MacLeod Raine,1954 **Riders of Buck River** William MacLeod Raine,2014 A bitter struggle is brewing between the big cattlemen and the small nesters in the Buck River country The hard bitten Calhoun Terry who used to be a small time cowboy has come to believe that the big ranches are better able to develop the country than the small cattlemen Joining his small ranch to the larger Diamond Reverse B in exchange for the position as manager of the larger ranch seemed like an excellent move for him but it has aroused the resentment of the cowpunchers and nesters who were once his friends Catalog of Copyright Entries. illustrated sequel to *The Rise of the Silver Queen* tells the compelling story of Georgetown's survival and ultimate flourishing after the loss of its principal industry. It is an interesting and engaging addition to the history of Colorado and the West.
