timeless addition to the genre that will resonate with both new readers and those familiar with Hornblower's exploits *The History of the 2/6th (Rifle) Battalion "The King's" (Liverpool Regiment) 1914-1918* Captain C. E. Wurtzburg, 2011-12-16 This second line Territorial battalion was formed at Liverpool in early September 1914 allocated to 171st Bde 57th Division and landed in France on 14 Feb 1917 it fought on the Western Front for the rest of the war The author served with the battalion for much of the war though he does spell out the periods he was away from it when he gained his information from those present at the events he describes The battalion took part in all the fighting of the division in Third Ypres Drocourt Queant Switch in the Hindenburg Line Cambrai Oct 1918 and the occupation of Lille Of particular value to the genealogist and medallist are the appendices One gives the succession of COs 2ICs Adjutants and Quartermasters from the formation of the battalion and after it arrived in France the list of the company commanders and WOs A second appendix lists all the officers showing the period served with the battalion and the reason for leaving the highest rank achieved appointments held honours and awards and casualty details ten dead twenty nine wounded while the third does the same for the other ranks of whom 234 died The narrative is full of incident plenty of names mentioned as there should be in a good regimental battalion history and the maps are clear marking out trench systems with names and pinpointing features on the battlefield The photos are good including portrait photos of officers and battlefield scenes This is an excellent example of a battalion history

C. S. FORESTER, 2021-07-19 This is a book about the 95th Rifles When I saw it was written by C S Forester I thought it was from the Hornblower series but was surprised to find out it was based on the true story of Rifleman Dodd who wound up behind the lines of the main French army during their Winter before the Lines Of Torres Vedras Rifleman Dodd has to survive on his own after being separated from his patrol due to an attack by a French Cavalry patrol He joins some Portuguese partisans and shows then how a professional wages war Dodd must rely on his training and skills of a Rifleman to survive and take the war to the French **Professional Journal of the United States Army**, 1960 **The Good Soldier**

Field-Marshal Earl Wavell, 2016-01-18 The Good Soldier contains the distilled wisdom of Field Marshal Wavell collected from

his numerous articles and speeches Practically all the articles collected here were written between the two Great Wars between 1926 and 1938 a few were written during the late war Nearly all have been previously published in newspapers or military journals Whether they are worth collection and republication I must leave readers to judge Inoculation with the deadly virus of war does not seem to confer immunity on any people or on the world as a whole for more than a very limited period There must still be soldiers and I fear there will still be wars in spite of UNO and ATOM So long as war has to be studied there may be something of value in these notes of one who has studied war for close on fifty years That is my only excuse for re enlisting these old soldiers of my pen Some of them may be thought old fashioned and out of date with little more to tell the modern student of war than would a visit to the pensioners of Chelsea Hospital But passing down their ranks and looking them over with I admit an indulgent eye I still believe that there may be something in each of these veterans or at least in some of them to induce thought and perhaps to sow the germ of a fresh idea If I can claim to any merit as a soldier it is that I have always tried to keep my mind receptive to fresh ideas and that I have striven to present these ideas in as simple and practical a form as possible in battle dress rather than in review order If these old soldiers of mine can in any way help a young soldier to learn his trade the training and handling of men in circumstances of great complexity and difficulty they will not have come back from the Reserve in vain Author s Preface 1946 Cumulative Paperback Index, 1939-1959 R. Reginald, 2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive The major index is by author and lists author title publisher book number year of publication and cover price The title index lists titles and authors only The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued This is the place that all study of the American paperback must begin **Quarterly Review of Military Literature** ,1960
