they're likely to say. It's the people part of the job, the soft stuff, the so-called intangibles. Otherwise Engaged shines a bright light on the cause of this challenge: a fundamental misunderstanding of the true nature of intangibles like engagement, empowerment, respect. The book focuses on the too often overlooked first step in any such effort: How to stop doing the things that cause people to disengage. Once you gain a better, deeper understanding of the true nature of the intangibles, you'll discover that you already know what to do in order to be more effective in this domain. Through a story told in a light, humorous style, the author helps you discover what the problem is. You'll learn why good faith efforts to promulgate values throughout an organization can be ineffectual and in some cases even damaging. In the process, you'll develop a felt need to challenge the assumptions under which you've been working and to become more open to the possibility of considering a different way.

Leading in Times of Crisis David L. Dotlich, Peter C. Cairo, Stephen H. Rhinesmith, 2009-04-27

LEADERS TODAY ARE GRAPPLING with complex choices, diverse customers and employees, and unprecedented uncertainty in the economic environment. Business models are becoming obsolete; cost and performance pressures are growing; regulatory requirements are changing; and trust in institutions is declining. Tackling these and other growing demands requires every leader to radically rethink what constitutes effective leadership. *Leading in Times of Crisis* presents a new approach and concrete steps to compete in this complex, diverse, and uncertain marketplace. Drawing on compelling research and more than twenty interviews with CEOs and top-level executives, former executives, and professors, David Dotlich, Peter Cairo, and Stephen Rhinesmith highlight the growing urgency to evolve from a traditional one-dimensional leadership model to what they term whole leadership. Whole leadership allows leaders to act in three ways that are important now but absolutely essential to their business in the future: **RETHINK YOUR BUSINESS, CONNECT WITH STAKEHOLDERS, LIVE YOUR VALUES**. In an accessible, no-nonsense style, the authors provide new and experienced leaders with specific action steps for facing difficult choices, engaging diverse customers and employees, and acting in the face of uncertainty to deliver results and move companies forward in a turbulent, demanding, and resource-constrained world. *Leading in Times of Crisis* will help you become a whole leader by aligning your purpose, skills, and decisions with the outcomes your business requires. Read it and find out how every leader has the potential to make a difference in this new world.
