Abeyasekera, 2021-03-12 *Making the Right Choice* unravels the entangled relationship between marriage morality and the desire for modernity as it plays out in the context of middle class status concerns and aspirations for upward social mobility within the Sinhala Buddhist community in urban Sri Lanka By focusing on individual life histories spanning three generations the book illuminates how narratives about a gendered self and narratives about modernity are mutually constituted and intrinsically tied to notions of agency The book uncovers how becoming modern in urban Sri Lanka rather than causing intergenerational conflict is a collective aspiration realized through the efforts of bringing up educated and independent women capable of making right choices The consequence of this collective investment is a feminist conundrum agency does not denote the right to choose but the duty to make the right choice hence agency is experienced not as a sense of freedom but rather as a burden of responsibility **Make the Right Choice** Joel Zeff, 2025-11-19 Entertaining guide to adopt a more fun and fulfilling approach to work In the latest freshly updated edition of *Make the Right Choice Lead with Passion Elevate Your Team and Unleash the Fun at Work* renowned keynote speaker improv actor and comedian Joel Zeff delivers a unique interactive humorous and highly entertaining blueprint to create a new approach to work that is inspiring fun and infinitely more effective Filled with self-contained chapters that will make you laugh and nod your head in agreement this book has everything readers need to increase engagement communicate more effectively and create a positive and successful work environment You'll find hilarious and insightful observations on everything from *The Six Sprinkles on the Leadership Cupcake* to seven underappreciated and effective ways to create a culture of fun and enthusiasm at work This book is

This Plan of Action section will present the basic concepts of the Right Choice Program. The suggestions for how to begin and then carry out the program are presented. Part IV deals with Right Choice implementation. Since one of the basic concepts is that discipline needs to be taught, the teacher needs to set aside time each day to teach the lessons of the Right Choice Program. The lessons are written as prompts and suggestions to teach the meaning of the concepts. The teacher can elaborate or divide the lessons into small sections as needed to best suit the class's needs. Teachers need to be sure that the students understand the concept being presented and then give them the opportunity to practice what is being taught. The first thing the teacher needs to establish is his expectations in his classroom. It can never be assumed that students know how to act or what to do in every situation.

B.Nandini,Ms. Bushra Tasleem, **Hope Beyond Bars** Jedidiah Duaya,2018-06-23 Being behind bars doesnt make you as an inmate less of a human being Therefore do not identify yourself with your temporary situation But since you are behind bars you need to take responsibility And while taking responsibility you need to forgive yourself and forgive those who might have done you wrong And once you forgive then you need to live life in jail in prison or under house arrest by following rules and demonstrating good behavior to help make your sentence easier and maybe shorter And until you get free do not waste your time in a cell doing nothing of value instead put your potential abilities and gifts to use And lastly mentally prepare yourself to live life beyond bars by applying every single lesson learned from the cell The church and society need to address the issue of ex inmates reentry as partners and complement each other in facing this issue The society and the church need to understand that just because these individuals are behind bars that doesnt make them any less human than everybody else They have a right to live a right to be forgiven and a right to be accepted back into society These individuals are called inmates while serving time but once they have paid their dues and are set free that name changes to ex inmates and should eventually switch to citizens Where society falls short the church needs to pick up the slack and serve these citizens And where the church falls short society needs to step in and help these citizens We cannot afford to let these ex inmates live in a life cycle where they go in and out of jail prison and house arrest We have to prove the statistics wrong Society can provide programs to help these citizens reintegrate much more smoothly The church can finally become what it was intended to be and provide a safe environment in which these restored citizens will live a life worthy of being called citizens and not return to old behavior and a life back behind bars *Werke* Jean Paul,1959 *What Really Matters?* Anita Torabi PhD,2016-07-30

In this short yet fascinating book you will read about everything that is important or even critical to us turns out to be less and less important over time We do not know what really matters in our lives One day we are happy by the next we are sad or worried When we are in a specific time place and condition we think that certain issues are important and critical and assign them a value You alone have the right to choose the best path to a peaceful and enjoyable life You can be in any kind of position or have any level of income and be happy regardless of what goes around you If you have never given yourself time to think about your life and what you are doing this is the right time to do so This is the particular time that you can ask yourself if you are on the path that leads you to where you want to be and whether you are enjoying your life Ask yourself if you have a forgotten passion that is burning inside you a love for anything in this world that can take you to a higher level of
