The American Miracle Michael Medved, 2017-09-05 The New York Times bestselling author of *God's Hand on America* reveals that what the Founders always believed has been proven true that America's rise to prosperity and power from the writing of the Constitution to the Civil War unfolded according to a master plan THE INSPIRATION FOR THE MOTION PICTURE EXPERIENCE THE AMERICAN MIRACLE OUR NATION IS NO ACCIDENT Absolutely spectacular The stories are genuinely staggering fascinating eye opening and deeply inspiring Eric Metaxas The history of the United States displays an uncanny pattern At moments of crisis when the odds against success seem overwhelming and disaster looks imminent fate intervenes to provide deliverance and progress Historians may categorize these incidents as happy accidents callous crimes or the product of brilliant leadership but the most notable leaders of the last four hundred years have identified this good fortune as something else a reflection of divine providence Among the stirring illogical episodes described here A band of desperate religious refugees find themselves blown hopelessly off course only to be deposited at the one spot on a wild continent best suited for their survival George Washington's beaten army surrounded by a ruthless foe and on the verge of annihilation manages an impossible escape due to a freakish change in the weather A famous conqueror known for seizing territory frustrated by a slave rebellion and a frozen harbor impulsively hands Thomas Jefferson a tract of land that doubles the size of the United States A weary soldier picks up three cigars left behind in an open field and notices the stogies have been wrapped in a handwritten description of the enemy's secret battle plans a revelation that gives Lincoln the supernatural sign he's awaited in order to free the slaves When millions worry over the nation losing its way Medved's sweeping narrative bursting with dramatic events and lively portraits of unforgettable occasionally little known characters affirms America as

The Myth of Hitler's Pope David G. Dalin, 2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler's staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler's pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the Jewish people

Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved

God's Hand on America Michael Medved, 2019 In The American Miracle Divine Providence in the Rise of the Republic Michael Medved uncovered a pattern of extraordinary and improbable turns in the young nation's ascent to power Now in the anticipated second volume the nation's epic tale enters the modern era As the civil war comes to an end and reconstruction begins the Union is narrowly saved from total demise But contempt still runs hot through the battered nation

and the future of the United States is still at stake In *This Favored Land* Medved reveals the instruments of fate that took the bedraggled country from its lowest point to her dominant role on the world stage today Following the paths of American heroes and the little known figures who played indispensable roles in the unfolding of the nation's freakishly fortunate destiny *This Favored Land* proves that the founding fathers were right God has always been and continues to be at work in shaping the fate of the nation

War Crimes Robert "Buzz" Patterson, 2007-06-26 In *War Crimes* Lieutenant Colonel Robert Buzz Patterson USAF Ret lays bare the Left's campaign against their own nation's armed forces in the media on campuses in popular culture in Washington and elsewhere revealing The roots of liberal enmity toward our military The five liberal lies about the war on terror How the mainstream media Hollywood and academia perpetuate these myths How liberal politicians engage in seditious acts for political gain and what the costs of these acts are How America can and must defeat the liberal assault on America's ability to defend itself against its enemies Interviews with hundreds of soldiers sailors and airmen including many on the ground in Iraq reveal the alarming degree to which their burden is increased by second guessing pessimism and outright revulsion for their mission on the part of the people they are fighting for Studded with shocking quotations and astonishing actions from members of the Left *War Crimes* is an eye opening indictment of the true motivations and agenda of the American Left From the Hardcover edition

Political Conversion Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia Yet many prominent figures such as Ronald Reagan Hillary Clinton and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public This book is about political conversion stories in public discourse in their evolution from and interactions with religion From a historical perspective it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages Since these narratives continue to be used in the culture wars this book examines several related autobiographies that contributed to the use of this strategy in contemporary U S politics Each case shows how shifts during the postwar period called for conversion texts under varying guises and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right Examining political conversion as a form of public persuasion *Political Conversion* ultimately provides insight into what these types of civic religious stories mean for democratic communication and communities

discussions of the most timely and critical issues facing America today *Hollywood Nation* James L. Hirsen, 2006 In an updated study a conservative spokesperson and author of *Tales from the Left Coast* offers an insightful look at how the line between news and entertainment has become blurred as well as how the situation has allowed the liberal media to present their political views within entertainment product Reprint 15 000 first printing Imprimis, 2003 Cassette Books Library of Congress. National Library Service for the Blind and Physically Handicapped, 2007 Triumph Regained Mark Moyer, 2023-01-10 *Triumph Regained* The Vietnam War 1965 1968 is the long awaited sequel to the immensely influential *Triumph Forsaken* The Vietnam War 1954 1965 Like its predecessor this book overturns the conventional wisdom using a treasure trove of new sources many of them from the North Vietnamese side Rejecting the standard depiction of U S military intervention as a hopeless folly it shows America s war to have been a strategic necessity that could have ended victoriously had President Lyndon Johnson heeded the advice of his generals In light of Johnson s refusal to use American ground forces beyond South Vietnam General William Westmoreland employed the best military strategy available Once the White House loosened the restraints on Operation Rolling Thunder American bombing inflicted far greater damage on the North Vietnamese supply system than has been previously understood and it nearly compelled North Vietnam to capitulate The book demonstrates that American military operations enabled the South Vietnamese government to recover from the massive instability that followed the assassination of President Ngo Dinh Diem American culture sustained public support for the war through the end of 1968 giving South Vietnam realistic hopes for long term survival America s defense of South Vietnam averted the imminent fall of key Asian nations to Communism and sowed strife inside the Communist camp to the long term detriment of America s great power rivals China and the Soviet Union **God, Man, and Hollywood** Mark Royden Winchell, 2008 It takes no great powers of observation to see that Hollywood has long been far to the left of the general American public Even in stories that have no overt political content the social and moral assumptions in films rated from GP to R are often at odds with the deeply held values of most of the viewing audience But that s not the whole story argues the literary and cultural critic Mark Royden Winchell in *God Man and Hollywood* A surprising number of films articulate culturally unfashionable attitudes and it is from these movies that we learn the most about our society and ourselves Beginning with D W Griffith s *The Birth of a Nation* and ending with Mel Gibson s *The Passion of the Christ* Winchell reveals the politically incorrect notions at the heart of eighteen classic films including *Ben Hur* *Intruder in the Dust* *The Man Who Shot Liberty Valance* *Patton* *The Deer Hunter* *A Clockwork Orange* *Gangs of New York* and *Gettysburg* Along the way he shows how a number of filmmakers sometimes unwittingly have produced unconventionally honest explorations of the nature and meaning of race relations love family community worship and other aspects of our shared human experience Winchell ends with synoptic assessments of an additional one hundred politically incorrect films from *About Schmidt* to *Zulu* The result is an indispensable film guide showing that sometimes even Hollywood has done better than we typically give it credit
