Right Wing Military Government

Harris M. Lentz

Right Wing Military Government:

Right-wing Military Government Robert Pinkney, 1990 *United States Army Military Government, South Korea Interim Government Activities* United States. War Department, **Government and Politics - Volume I** Masashi Sekiguchi, 2010-08-27

Government and Politics is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Government and Politics in the Encyclopedia of Social Sciences and Humanities deals with the discipline of general and introductory descriptions on a wide range of political phenomena in rather conventional ways It covers the following topics The first two topics Forms and Modes of Government and Structures of Government deal with institutional and structural aspects of political phenomena The third topic Political Aspects of Government is about dynamic political processes The fourth Ideas and Ideologies in Politics investigates political thoughts and ideologies in the modern world The fifth topic International Politics intend to give readers an international perspective since contexts and systems which have international or transnational characters are obviously important background against which a political aspect of building a sustainable society must be considered These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

The Politics of Military Rule in Brazil, 1964-1985 Thomas E. Skidmore, 1990-03-08 The largest and most important country in Latin America Brazil was the first to succumb to the military coups that struck that region in the 1960s and the early 1970s In this authoritative study Thomas E Skidmore one of America s leading experts on Latin America and in particular on Brazil offers the first analysis of more than two decades of military rule from the overthrow of Jo o Goulart in 1964 to the return of democratic civilian government in 1985 with the presidency of Jos Sarney A sequel to Skidmore s highly acclaimed *Politics in Brazil 1930-1964* this volume explores the military rule in depth Why did the military depose Goulart What kind of economic miracle did their technocrats fashion Why did General Costa e Silva s attempts to humanize the Revolution fail only to be followed by the most repressive regime of the period What led Generals Geisel and Golbery to launch the liberalization that led to abertura What role did the Brazilian Catholic Church the most innovative in the Americas play How did the military government respond in the early 1980s to galloping inflation and an unpayable foreign debt Skidmore concludes by examining the early Sarney presidency and the clues it may offer for the future Will democratic governments be able to meet the demands of urban workers and landless peasants while maintaining economic growth and international competitiveness Can Brazil at the same time control inflation and service the largest debt in the developing world Will its political institutions be able to represent effectively an electorate now three times larger than in 1964 What role will the military play in the future In recent years many Third World nations Argentina the Philippines and Uruguay among others have moved from repressive military regimes to democratic civilian governments Skidmore s study

provides insight into the nature of this transition in Brazil and what it may tell about the fate of democracy in the Third World

A Heritage of Hypocrisy Holliston Perni, 2005-10 In the dark says since the attack on the World Trade Center the question that many Americans have asked is Why do they hate us as they do Is it as our leaders would have us believe because they hate our freedom To understand what others find objectionable in us we must take a long and brutally honest view of how we act versus what we like to say about ourselves The facts as this book demonstrates are incontrovertible Our history is an unbroken progression of atrocities betrayals of trust and abuses of the rule of law both to our global neighbors as well as our own citizens Since the arrival of the first settlers we have cheated and swindled committed the most sweeping genocide in history 100 000 000 members of the indigenous populations attacked civilian populations with nuclear weapons promoted conflicts at home and abroad supported brutal right wing regimes bullied those weaker than us and performed gruesome experiments on the most defenseless of our own citizens poor southern blacks retarded teens and pregnant women These sadly are the facts and are what others see when we say our proud slogans about peace and promoting democracy But who among us is actually responsible for this ignominious state of affairs As Perni argues all of these iniquities can be traced to three sources big business fundamentalist right wing Christians whom he characterizes as our own domestic Taliban and a corrupt government that serves the corporations while manipulating the easily swayed voters **In the Name of**

Democracy Thomas Carothers, 2023-11-10 This is the first comprehensive even handed examination of U S policy in Latin America during the Reagan era Drawing on interviews with U S officials and his own perspective as a former State Department lawyer Thomas Carothers sheds new light on the much discussed U S involvements in Nicaragua El Salvador and Panama and turns up varied and often unexpected findings in less studied countries such as Bolivia Costa Rica Paraguay and Chile This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 Democracies and Dictatorships in Latin America Scott Mainwaring, Aníbal

Pérez-Liñán, 2014-01-31 This book presents a new theory for why political regimes emerge and why they subsequently survive or break down It then analyzes the emergence survival and fall of democracies and dictatorships in Latin America since 1900 Scott Mainwaring and Anibal Pérez Liñán argue for a theoretical approach situated between long term structural and cultural explanations and short term explanations that look at the decisions of specific leaders They focus on the political preferences of powerful actors the degree to which they embrace democracy as an intrinsically desirable end and their policy radicalism to explain regime outcomes They also demonstrate that transnational forces and influences are crucial to understand regional waves of democratization Based on extensive research into the political histories of all twenty Latin American countries this book offers the first extended analysis of regime emergence survival and failure for all of Latin

America over a long period of time **World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era** James Ciment, 2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts *American Foreign Relations* Walter L. Hixson, 2015-10-08 American Foreign Relations A New Diplomatic History is a compelling narrative history of American foreign policy from the early settlement of North America to the present In addition to economic and strategic motives Walter L Hixson integrates key cultural factors including race gender and religion into the story of American foreign policy He demonstrates how these factors played a vital role in shaping the actions of the United States in world affairs Beginning with the history of warfare and diplomacy between indigenous peoples and Europeans before the establishment of the United States this book shows the formative influence of settler colonialism on the country's later foreign policy and the growth of American empire Clearly written and comprehensive the book features Extensive illustrations with over 100 images and maps Primary documents in each chapter showcasing the perspectives of historical actors Interpreting the Past features that explore how historians' understanding of events has changed over time Selected bibliographies of key resources for further research in each chapter In one concise volume American Foreign Relations covers the full sweep of American foreign policy from the colonial period to the present day It is an essential introduction for anyone seeking to understand the history of America's role in the world **A Macrohistory of the Communist World—the making and unmaking of a revolutionary ideal** C L Lu 卢立群, 2025-06-23 A long term and cross regional historical perspective Detailing the rise and fall of communism A Macrohistory of the Communist World tells the history of communism the Communist Party and communist countries from a global perspective introducing important historical events and the life stories of historical figures The book is divided into five parts describing in detail the formation expansion division and collapse of the communist world The regions spanned include four continents Europe Asia America and Africa The period lasts for two hundred years from the beginning of the 19th century to the 21st century The book also makes necessary statements about the development of capitalism and socialism which are in opposition and competition with communism This is a must read book for anyone who wants to thoroughly understand the Communist Party *Between Military Rule and Democracy* Yaprak Gursoy, 2017-07-06 Why do the armed forces sometimes intervene in politics via short lived coups d'état at other times establish or support authoritarian regimes or in some cases come under the democratic control of civilians To find answers Yaprak G rsoy examines four episodes of authoritarianism six periods of democracy and ten short lived coups in Greece and Turkey and then applies her resultant theory to four more recent military interventions in Thailand and Egypt Based on more than 150 interviews with Greek and Turkish elites G rsoy

offers a detailed analysis of both countries from the interwar period to recent regime crises She argues that officers politicians and businesspeople prefer democracy authoritarianism or short lived coups depending on the degree of threat they perceive to their interests from each other and the lower classes The power of elites relative to the opposition determined in part by the coalitions they establish with each other affects the success of military interventions and the consolidation of regimes With historical and theoretical depth *Between Military Rule and Democracy* will interest students of regime change and civil military relations in Greece Turkey Thailand and Egypt as well as in countries facing similar challenges to democratization

A Political Chronology of the Americas Europa Publications,2003-09-02 Charts the major events and memorable dates in the political histories of the countries of the region Alphabetically listed individual country chapters Chronologically lists the major events of each country Covers the economic social and cultural developments that have affected the political history of each country

Essentials of Strategic Intelligence Loch K. Johnson,2014-12-09 A highly valuable resource for students of intelligence studies strategy and security and foreign policy this volume provides readers with an accessible and comprehensive exploration of U S espionage activities that addresses both the practical and ethical implications that attend the art and science of spying *Essentials of Strategic Intelligence* investigates a subject unknown to or misunderstood by most American citizens how U S foreign and security policy is derived from the information collection operations and data analysis by the sixteen major U S intelligence agencies The essays in this work draw back the curtain on the hidden side of America s government explaining the roles of various intelligence missions justifying the existence of U S intelligence agencies and addressing the complex moral questions that arise in the conduct of secret operations After an introductory overview the book presents accessibly written essays on the key topics intelligence collection and analysis counterintelligence covert action and intelligence accountability Readers will understand how intelligence directly informs policymakers and why democracies need secret agencies learn how the CIA has become deeply involved in the war like assassination operations that target suspected foreign terrorists even some individuals who are American citizens and appreciate how the existence of and our reliance on these intelligence agencies poses challenges for democratic governance

A Political Chronology of the Americas David Lea,Colette Milward,Annamarie Rowe,2001 Charts the major events and memorable dates in the political histories of the countries of the region Alphabetically listed individual country chapters Chronologically lists the major events of each country Covers the economic social and cultural developments that have affected the political history of each country

Revolution In El Salvador Tommie Sue Montgomery,2018-02-23 Since the first edition of this book appeared in 1982 El Salvador has experienced the most radical social change in its history Ten years of civil war in which a tenacious and creative revolutionary movement battled a larger better equipped US supported army to a standstill have ended with 20 months of negotiations and a peace accord that promises to change the course of Salvadorean society and politics This book traces the history of El Salvador focusing on the

oligarchy and the armed forces that shaped the Salvadorean army and political system Concentrating on the period since 1960 the author sheds new light on the US role in the increasing militarization of the country and the origins of the oligarchy army rupture in 1979 Separate chapters deal with the Catholic church and the revolutionary organizations which challenged the status quo after 1968 In the new edition Dr Montgomery continues the story from 1982 to the present offering a detailed account of the evolution of the war She examines why Duarte s two inaugural promises peace and economic prosperity could not be fulfilled and analyzes the electoral victory of the oligarchy in 1989 The final chapters closely follow the peace negotiations ending with an assessment of the peace accords and evaluate the future prospects for El Salvador and for the 1994 elections

Ethnic and Racial Minorities in the U.S. Military Alexander M. Bielakowski, 2013-01-11 This encyclopedia details the participation of individual ethnic and racial minority groups throughout U S military history Ethnic and Racial Minorities in the U S Military An Encyclopedia is unique in its coverage of nearly all major ethnic and racial minority groups as opposed to reference works that have focused only on individual ethnic or racial minority groups It acknowledges the military contributions of African Americans Asian Americans French Americans German Americans Hispanic Americans Irish Americans Jewish Americans and Native Americans This timely work highlights the individuals and events that have shaped the experience of minorities in U S conflicts The work provides a comprehensive encyclopedia covering the role of all major ethnic and racial minorities in the United States during wartime Additionally it considers how the integration of servicemen in the U S military set the precedent for the eventual desegregation of America s civilian population

Heads of States and Governments Since 1945 Harris M. Lentz, 2014-02-04 More than half the nations that exist today have gained their independence since 1945 During this period over 2 300 individuals have ruled the various nations of the world this encyclopedia offers insight into the history of individual nations through the lives of their leaders Outstanding Academic Book

Understanding Brazil for Foreigners Alessandro Nicoli de Mattos, Facebook page <http://www.facebook.com/UBrazilF> Google page <http://plus.google.com/111085952888311459023> This book is aimed to provide foreigners with a head start to understand Brazil and Brazilians It s not a behavioral book nor an encyclopedia entry that you would find in Wikipedia or an atlas section It s a compilation of the information that you would likely want to know if moving to Brazil making business or just before a tourism trip When foreigners think about Brazil usually what comes to mind is one or more of the following Rio de Janeiro Samba Carnival parades Christ the Redeemer beaches Bossa Nova and the Girl of Ipanema huge forests women in bikinis UFC fighters soccer players feijoada and Havaianas flip flops But Brazil is much more than these This book will help you get past those selling images and get to know a little bit more about the real country and its people both the bright and dark sides I m sure that you ll find discovering more about Brazil an interesting journey while I m sure someone will be amazed to find out that in Brazil people don t speak Spanish and the capital is not Buenos Aires This text intends to be concise and short with the most important and interesting points at the same time trying to be lightly funny

and entertaining but don't expect it to be hilarious Many Brazilians may learn a thing or two about their own country reading this book as well *Congressional Record* United States. Congress, 1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824 the Register of Debates in Congress 1824-1837 and the Congressional Globe 1833-1873 **World Fishing Fleets** ,1993
