Schultz,1981 Examines the historic development of Jewish religions thought in the cross cultural context of the world s major faiths The law ethics and mysticism of Judaism are compared with their counterparts in Confucianism Hinduism Buddhism Islam Christianity and the secular formulations of religion in modern times **The Parting of the Ways** Stephen Spence,2004 This book seeks to inject into the general discussion of the Parting of the Ways of Judaism and Christianity the social realities of the separation of a particular Christian community and a particular Jewish community By drawing upon the literary and the historical data available concerning the church in Rome Spence seeks to discover when and how Christians came to see themselves as an identifiably distinct community His findings will surprise those who see the Parting of the Ways as a slow process He argues that although the parting was early it was not without its complications Drawing upon the work of Rodney Stark a sociologist of religion Spence suggests that within the church in Rome there was a struggle between those who saw the church as a Jewish sect and those who saw the church as a Roman cult a struggle already underway when the Apostle Paul wrote Romans This struggle however was not an even one because it was the cultists those for whom the church s primary social location was the pagans of Rome who held the positions of power over the numerically smaller sectarians who sought to maintain the church s primary identity as a Jewish sect acceptable within the synagogues of Rome **Above the Death Pits, Beneath the Flag** Jackie Feldman,2008 Israeli youth voyages to Poland are one of the most popular and influential forms of transmission of Holocaust memory in Israeli society Through intensive participant observation group discussions student diaries and questionnaires the author demonstrates how the State shapes Poland into a living deathscape of Diaspora Jewry In the course of the voyage students undergo a rite de passage in which they are transformed into victims victorious survivors and finally witnesses of the witnesses By viewing touching and smelling Holocaust period ruins and remains by accompanying the survivors on the sites of their suffering and survival crying together and performing commemorative ceremonies at the death sites students from a wide variety of family backgrounds become carriers of Shoah memory They come to see the State and its defense as the romanticized answer to the Shoah These voyages are a bureaucratic response to uncertainty and fluidity of identity in an increasingly globalized and fragmented society This study adds a measured and compassionate ethical voice to ideological debates surrounding educational and cultural forms of encountering the past in contemporary Israel and raises further questions about the representation of the Holocaust after the demise of the last living witnesses **Dictionary of the Old Testament: Wisdom, Poetry and Writings** TREMPER LONGMAN III,PETER ENNS,2020-05-21 The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch the histories or the prophets The divine voice does not peal from Sinai there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet Here Scripture often speaks in the words of

human response to God and God's world The hymns laments and thanksgivings of Israel the dirge of Lamentations the questionings of Qohelet the love poetry of the Song of Songs the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives This third Old Testament volume in IVP's celebrated Black Dictionary series offers nearly 150 articles covering all the important aspects of Job Proverbs Ecclesiastes Psalms Song of Songs Lamentations Ruth and Esther Over 90 contributors many of them experts in this literature have contributed to the Dictionary of the Old Testament Wisdom Poetry and Writings This volume maintains the quality of scholarship that students scholars and pastors have come to expect from this series Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation Additional articles amply explore the literary dimensions of Hebrew poetry and prose including acrostic ellipsis inclusio intertextuality parallelism and rhyme And there are well rounded treatments of Israelite wisdom and wisdom literature including wisdom poems sources and theology In addition a wide range of interpretive approaches is canvassed in articles on hermeneutics feminist interpretation form criticism historical criticism rhetorical criticism and social scientific approaches The Dictionary of the Old Testament Wisdom Poetry and Writings is sure to command shelf space within arm's reach of any student teacher or preacher working in this portion of biblical literature

**The Mystery of Romans** Mark D. Nanos, 1996-01-01 Paul's letter to the Romans says Nanos is an example of Jewish correspondence addressing believers in Jesus who are steeped in Jewish ways whether of Jewish or gentile origin Arguing against those who think Paul was an apostate from Judaism Nanos maintains Paul's continuity with his Jewish heritage Several key arguments here are Those addressed in Paul's letter were still an integral part of the Roman synagogue communities The weak are non-Christian Jews while the strong included both Jewish and gentile converts to belief in Jesus Paul as a practicing devout Jew insists on the rules of behavior for the righteous gentiles Christian subordination to authorities Romans 13:1-7 is intended to enforce submission to leaders of the synagogues not Roman government officials Paul behaves in a way to confirm the very Jewish portrait of him in Acts going first to the synagogues

***The Future of the Holocaust*** Berel Lang, 2018-09-05 In The Future of the Holocaust Berel Lang

continues his inquiry into the causal mechanisms of decision making and conduct in Nazi Germany and into responses to the genocide by individuals and nations an inquiry that he began in *Act and Idea in the Nazi Genocide* and pursued in *Heidegger's Silence* Raising the question now of what the future of the Holocaust is he addresses among other topics how history and memory together shape views of the Holocaust how the concept of intention which played a crucial part in the events of half a century ago shapes history and memory themselves and how future views of this genocide may alter those of today In addition Lang explores cultural representations of the Final Solution from monuments to public school curricula within the Jewish and German communities He analyzes ethical issues concerning such concepts as intention responsibility forgiveness and revenge and puts forward a theory of the history of evil which provides a context for the Holocaust both historically and morally Addressing the claims that the Nazi genocide was unique Lang argues that the Holocaust is at once an actual series of events and a still future possibility If the Holocaust occurred once he argues it can occur twice and this view of the future remains an unavoidable premise for anyone now writing or thinking about that event in the past     *The Envoy* Alex Kershaw, 2010-10-26 Kershaw tells the epic and heroic story of how Raoul Wallenberg out dueled Adolph Eichmann and saved more than 100 000 Jews in Budapest from the Nazi death camps
