**Saving Jesus from Those Who Are Right** Carter Heyward, In this theological resource for spiritual transformation and social change, Carter Heyward rethinks the figure Jesus and his import for church, academy and society. Rather than focus on the endlessly variable pictures of Jesus in contemporary biblical scholarship and in radical opposition to the Jesus of the Christian Right, Heyward presents Jesus as our brother infused with a sacred power and passion for embodying right mutual relation and ourselves with him in this commitment. She goes on to explore concretely how we might live this way.

Theological Context for Pastoral Caregiving William M Clements, Howard W Stone, 2013-09-05 In Theological Context for Pastoral Caregiving, Howard W Stone helps his fellow pastors and worship leaders provide effective and faithful pastoral care and counseling through the study of the correlation between pastoral care and theology. You will learn that in order for pastoral care to be effective, it must have a theological base to shape the caregiving experience. At the same time, theology must be informed by the needs and experiences of the people being served and by the ministry of pastoral care. By relating these two issues, you gain a unique viewpoint not offered by books with simply a psychological focus. The author draws from his day to day clinical practice of pastoral care and counseling to show how pastoral care and theology can be brought together. Through Howard Stone's work, the reader learns of an overview of pastoral care and counseling today, how to provide a pastoral assessment of the persons served, the author's theological understanding of the ministry of pastoral care and counseling, methods for correlating theology and pastoral care, how spiritual direction as a discipline can help pastoral care and counseling ministry regain a solid theological base, theological themes that might be more explicitly and intentionally related to pastoral care. Theological Context for Pastoral Caregiving provides useful information for parish pastors, people in training to be parish pastors and specialists in the field of pastoral care counseling. As one of the easiest to read books on this subject, it can also be used as a text for graduate level classes in courses such as Theology and Pastoral Care, Pastoral Theology and Practical Theology. With this book, seminary students will

finally be able to relate the practical things learned in pastoral counseling classes with what is learned in theology classes
