Rights And Resources The International Library Of Medicine Ethics And Law:

Rights and Resources Frances H. Miller,2024-11-01 This title was first published in 2003 The fulfilment of health care rights in a world where resources are scarce is a prominent issue In this volume Frances H Miller introduces studies on a wide variety of aspects of this important yet complex process

Ethics and Medical Decision-Making Michael Freeman,2017-10-05 This title was first published in 2001 Ethical thinking about medical decision making has roots deep in history This collection of contemporary essays by leading international scholars traces the development of modern bioethics and explores the theory and current issues surrounding this widely contested field

The Ethics of Public Health, Volumes I and II Michael Freeman,2018-10-26 With a number of public health panics emerging in the past few years most recently the panic over swine flu in 2009 the publication of this two volume collection is extremely timely These two volumes cover the complete range of issues relating to the ethics of public health Topics include the relationship with bioethics questions of governance public health and human rights surveillance and privacy prevention and its limits confinement and liberty as well as detailed case studies of previous and continuing crises relating to HIV and AIDS SARS bioterrorism climate change avian flu and tobacco control There are sections also on genetic health public health and equity and public health and the developing world The two volumes include nearly 75 articles by leading thinkers and are accompanied by Michael Freeman s detailed introduction and full bibliography

Revival: Human Experimentation and Research (2003) George F. Tomossy,David N. Weisstub,2017-07-12 This title was first published in 2003 As new medical technologies and treatments develop with increasing momentum the legal and ethical implications of research involving human participants are being called into question as never before Human Experimentation and Research explores the philosophical foundations of research ethics ongoing regulatory dilemmas and future challenges raised by the rapid globalisation and corporatisation of the research endeavour This volume brings together some of the most significant published essays in the field The editors also provide an informative introduction summarizing the area and the relevance of the articles chosen

Death, Dying and the Ending of Life, Volumes I and II Leslie P. Francis,2019-01-15 The two volumes of Death Dying and the Ending of Life present the core of recent philosophical work on end of life issues Volume I examines issues in death and consent the nature of death brain death and the uses of the dead and decision making at the end of life including the use of advance directives and decision making about the continuation discontinuation or futility of treatment for competent and incompetent patients and children Volume II on justice and hastening death examines whether there is a difference between killing and letting die issues about physician assisted suicide and euthanasia and questions about distributive justice and decisions about life and death

The Elderly Martin Lyon Levine,2017-05-15 Aging is a public health priority that is becoming increasingly important in both developed and less developed nations with individual health care providers and law makers each facing difficult ethical and policy dilemmas The complex issues physicians deal with include informed consent and patient decision

making capacity use of advance care planning and decision making by family and medical staff and withdrawing and withholding life sustaining interventions Broader questions include has aging been over medicalized Is it ethical for older patients to receive less medical care than younger ones through unspoken practice or formal rationing Is there inevitable conflict between the generations over scarce medical resources How should physician patient and family confront end of life decisions How have different nations responded to increasing numbers of the elderly Have social values changed as to family responsibility and individual autonomy This volume brings together the most significant published essays in the field

Abortion Belinda Bennett, 2017-03-02 Abortion remains one of the most complex and controversial issues in contemporary law and bioethics This volume draws together key essays from leading scholars on the ethical and regulatory aspects of abortion The essays explore the complex issues of personhood prenatal life and reproductive rights international perspectives on the regulation of abortion health professionals and the provision of abortion services and prenatal diagnosis and abortion This volume will be an invaluable tool for all those interested in this challenging area Organ and Tissue Transplantation

David Price, 2017-05-15 Organ transplantation has been one of the miracles of modern day medicine but in addition to presenting enormous technical and clinical challenges it throws up major ethical and legal issues principally from the perspective of the donor Evolving capabilities in the spheres of both organ and tissue transplantation coupled with rapidly escalating demand assert consistent and critical pressure on our ethical and legal principles and frameworks including the expansion of the potential donor pool beyond the conventional categories of donor This volume brings together seminal papers analyzing such matters in the context of an ever increasingly important area of clinical practice **The AALS**

Directory of Law Teachers, 2004 **Guide to Reference in Medicine and Health** Denise Beaubien Bennett, Christa Modscheidler, 2014-04-26 Drawn from the extensive database of Guide to Reference this up to date resource provides an annotated list of print and electronic biomedical and health related reference sources including internet resources and digital image collections **Genetics and Gene Therapy** Sheila A.M. McLean, 2017-09-08 Genetics and Gene Therapy shows the

wide range of the debate and the very real significance that genetics and its associated developments have for human beings individually and collectively Few areas of science and medicine have resulted in the volume of academic and popular literature as has genetics The so called revolution in understanding of the causes of disease states and even behavioural traits has focussed public attention on the influence of genes in making us what we are Rapidly however the potential benefits of such understanding were overtaken in the public mind at least by the question of the possible negative implications of genetic knowledge and associated technologies The chapters in this volume show just how wide ranging concern has become ranging from regulation to cloning with the fear of discrimination in between Part One begins with a range of general discussions of about the genetic enterprise itself followed by consideration of some specific questions Part Two then addresses cutting edge debates in genetics **Armed Conflict and International Law: In Search of the**

Human Face Mariëlle Matthee, Brigit Toebes, Marcel Brus, 2013-06-26 This book is written in memory of Avril McDonald who passed away in April 2010 Avril was an inspired and passionate scholar in the fields of international humanitarian law international criminal law human rights law and law in the field of arms control and disarmament What in particular made Avril's work special was her strong commitment with the human aspects throughout Fourteen scholars and practitioners have contributed to this *liber amicorum* which has led to a rich variety of topics within the disciplines of Avril's expertise They all have in common that they deal with the human perspectives of the discipline of law at hand They concentrate on the impact of the developments in international law on humans whether they are civilians victims of war or soldiers This human perspective of law makes this book an appropriate tribute to Avril McDonald and at the same time a unique and valuable contribution to international legal research in the present society A society that becomes more and more characterized by detailed legal systems defined by institutions that may frequently lack sufficient contact with the people concerned

Legal and Ethical Issues in Human Reproduction Bonnie Steinbock, 2002 This collection of essays by thirteen leading international scholars in bioethics law philosophy and public health addresses many of the most difficult and intriguing issues surrounding today's advances in reproductive medicine

Reproductive Rights John E. Ferguson, 2009 Presents both supporting and opposing arguments involving reproductive rights in the United States including access to contraceptives abortion rights and sex education

Medical Practice and Malpractice Harvey Teff, 2001 Our familiarity of the term medical malpractice which is commonplace in North American jurisdictions and increasingly used elsewhere cannot disguise an element of imprecision Frequently equated with negligence malpractice has also been held to cover trespassory conduct as well as to embrace professional misconduct more generally Although the essential focus of this volume is on medical negligence it incorporates some material for example on confidentiality and fiduciary relationships which reflects a broader conception of the field In selecting the articles which make up the work the author concentrated on providing an overview of medical practice and malpractice which highlights the ways in which the issues and developments have been addressed in a variety of jurisdictions

News (National Library of Medicine (U.S.)), 1984

Criminal Testimonial Injustice Jennifer Lackey, 2023 Drawing on work across philosophy the law and social psychology Jennifer Lackey shows how in the American criminal legal system testimony is extracted from individuals through processes that are coercive manipulative or deceptive She urges the need to respect the epistemic agency of each participant in the system
