**Rights, Bodies and Recognition** Daniel Breazeale, Tom Rockmore, 2006 The essays in this volume focus on Fichte's contributions in political theory as set out in his *Foundations of Natural Right* examining such issues as Fichte's role as a social contract theorist his theory of gender relations and his theories on punishment and criminal law *Black Rights in the Reconstruction Era* Vanessa Holloway, 2018-06-20 Most observers and historians rarely acknowledge the history of civil rights predating the twentieth century The book *Black Rights in the Reconstruction Era* pays significant scholarly attention to the intellectual ferment legal and political of the nineteenth century by tracing the history of black Americans civil rights to the postbellum era By revisiting its faulty foundational history this book lends itself to show that after emancipation national and local struggles for racial equality had led to the encoding of racism in the political order in the American South and the proliferation of racism as an American institution Vanessa Holloway draws upon a host of historical legal and philosophical studies as well as legislative histories to construct a coherent theory of the law's relevance to the era questioning how the nexus of race and politics should be interpreted during Reconstruction Anchored in the Reconstruction Amendments Supreme Court decisions and landmark statutes of the 1860s and 1870s the Black Codes the Freedmen's Bureau the Civil Rights Act of 1866 the Reconstruction Acts the Enforcement Acts and the Civil Rights Act of 1875 *Black Rights in the Reconstruction Era* offers a new perspective on the political history of law between the years 1865 and 1877 It is predominant in the ongoing debates on social justice and racial inequality *Visualising far-right environments* Bernhard Forchtner, 2023-10-17 This volume presents ground breaking analyses of how the far right represents natural environments and environmentalism around the globe Images are not simply pervasive in our increasingly visual culture they are a means of proposing worlds to viewers Accordingly the book approaches the visual not as something extra or illustrative but as a key means of producing identities and doing politics Putting visuality centre stage and covering political parties and non party actors in Africa Asia Australia and New Zealand Europe and the United States contributors demonstrate the various ways in which the far right articulates natural environments and the rampant environmental crises of the twenty first century providing essential insights into such multifaceted politics **The Statutes at Large and Proclamations of the United States of America from ...** United States, 1873 *Statutes at Large* is the official annual compilation of public and private laws printed by the GPO Laws are arranged by order of passage **Proceedings in the Ku Klux Trials** Anonymous, 2023-03-13 Reprint of the original first published in 1872 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Proceedings in the Ku Klux Trials at Columbia, S.C.** United States.
