

DEPRIVATION OF RIGHTS

Three-quarters of citizens of Montenegro assess that deprivation of right solely on the basis of some personal feature is not justified, with no exceptions, although one-fifth (21%) tends to claim that generally it is not justified, but there are circumstances when it is. Situation is almost identical as it was in 2016, and concerning as it points that this percentage of citizens still does not understand that there is no justification for discrimination.

■ It is not justified, with no exception ■ Mostly not justified, but there are circumstances when it is justified ■ Justified in the majority of cases

In your opinion, is it justified to deprive someone of a right (for instance, right to labour, to education, health care, use of their language, etc.) only on the basis of some personal feature (for example, based on nationality, religion, gender, age, sexual orientation, property status etc.)?
