decision to stop all payments from his royal exchequer a sordid but little known event in English history with eerie similarities to the cause of the Great Recession of 2008 As with any modern banking crisis the financial system in 1672 almost collapsed day to day commerce ground to a halt houses were lost and ordinary investors suffered but there was no banking bailout and no mercy for the goldsmith bankers who had lent the king millions to fund his unsustainable lifestyle The royal decision made in the wake of plagues fires and war with the Dutch left bankers unable to cover their own liabilities and in the days before bankruptcy they couldn't walk away from their obligations and start fresh Many bankers spent the end of their lives in debtors prison but English commoners had little sympathy for the plight of rich financiers a sentiment echoed after the financial crisis of 2008 Ultimately this book tells the complete story of the Merry Monarch's financial default England's first and last using the lens and language of modern financial products and markets It covers the precarious history leading up to the infamous day in 1672 the intrigue surrounding the stop including those who traded on inside information beforehand and the attempt by distressed creditors to gain financial restitution
