Brucoli George Parker Anderson Judith S **Literary Depictions of Dangerous Reading** Kevin R. West, 2019-04-15

Literary Depictions of Dangerous Reading explores how selected American and European literary texts from the classic to the contemporary represent reading as a dangerous endeavor It investigates how the texts being read or the conditions of reading may produce danger and considers the various qualities of the dangers depicted literal or metaphorical real or imagined minor or mortal Whereas readers can readily imagine being depressed or bored by a book or even perhaps corrupted in some moral fashion readers typically assume that the mere words on a page cannot directly affect their health Nevertheless literature can and does stage readings in which readers suffer actual harm from the magical or supernatural qualities of a given text Such impossibly dangerous reading fascinates the author argues by exaggerating the dangers that may inhabit certain real experiences of reading

Kennedy and Tom Perrotta **The Prophetic Tradition and Radical Rhetoric in America** James Darsey, 1999-09-01 This expansive volume traces the rhetoric of reform across American history examining such pivotal periods as the American Revolution slavery McCarthyism and today's gay liberation movement At a time when social movements led by religious leaders from Louis Farrakhan to Pat Buchanan are playing a central role in American politics James Darsey connects this radical tradition with its prophetic roots Public discourse in the West is derived from the Greek principles of civility diplomacy compromise and negotiation On this model radical speech is often taken to be a symptom of social disorder Not so contends Darsey who argues that the rhetoric of reform in America represents the continuation of a tradition separate from the commonly accepted principles of the Greeks Though the links have gone unrecognized the American radical tradition stems not from Aristotle he maintains but from the prophets of the Hebrew Bible The Diviners Rick Moody, 2007-09-03 During one month in the autumn of election year 2000 scores of movie business strivers are focused on one goal getting a piece of an elusive but surely huge television saga the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert the sure to please everyone multigenerational TV miniseries about diviners those miracle workers who bring water to perpetually thirsty and hungry and love starved humankind Among the wannabes Vanessa Meandro hot tempered head of Means of Production an indie film company her harried and varied staff a Sikh cab driver promoted to the office of theory and practice of TV a bipolar bicycle messenger who makes a fateful mis delivery two celebrity publicists the Vanderbilt girls a thriller writer who gives Botox parties the daughter of an L A big shot who is hired to fetch Vanessa's Krispy Kremes and more a word man who coined the phrase inspired by a true story and a supreme court justice who wants to write the script A few true artists surface in the course of Moody's rollicking but intricately woven novel and real emotion eventually blossoms for most of Vanessa's staff at Means of Production even herself The Diviners is a cautionary tale about pointless ambition a richly detailed look at the interlocking worlds of money politics addiction sex work and family in modern America and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation
