introduction puts Lardner in his time and place and explains how his writing about baseball developed over the years

The Reference Book Review, 1976 *You Know Me Al* Ring Lardner, 2004 Ring Lardner America's great humorist and short story writer began his career as a sports writer. Because of his interest in baseball he began putting stories in his newspaper column that were purportedly written by unlettered athletes. Lardner, who had an excellent ear for dialogue, actually wrote these stories in the voice of the fictional rookie ballplayer Jack Keefe, a White Sox pitcher who writes letters to his friend Al Blanchard back home in Bedford, Indiana. Several streams of American comic tradition merge in *You Know Me Al*: the comic letter, the wisecrack, the braggart character, the use of sporting vocabulary and fractured English as a means to apologetics. This collection of short stories revealed Lardner's talent for the sports idiom he made famous. Usually cynical and pessimistic, his stories are peopled by ordinary characters. Lardner often used his own experiences as the model or inspiration for the fiction he wrote.

Characters and Plots in the Fiction of Ring Lardner Robert L. Gale, 2009 Ring Lardner was first and remains one of the best baseball writers. Both characters and their counterparts have entries, as do the plots and details of some 35 stories devoted to baseball. But Lardner was more versatile, writing 92 hard-to-categorize non-baseball stories focusing on athletes, writers, theatrical people, musicians, soldiers, embarrassed husbands, and puzzling wives. Provided by publisher.

Ring Jonathan Yardley, 2001 Sports writer, storyteller, humorist Ring Lardner was an American original. In this affectionate, entertaining, and authoritative biography, critic Jonathan Yardley gives us a new look at Lardner's all-too-short life and career.

The Professions of Authorship Matthew Joseph Bruccoli, 1996 A tribute to a man whose life's work has centered on the study of authorship and who is a scholar and book collector of the first magnitude. *The Professions of Authorship* examines the business of writing, publishing, and selling books or what George V. Higgins describes in this volume as a perplexing, disorganized, chameleonic enterprise. Twenty-three authors, publishing professionals, and scholars who share Matthew J. Bruccoli's love and knowledge of books offer candid observations and opinions about the past, present, and future of publishing. In doing so, they unravel many of the mysteries surrounding this tradition-bound endeavor.

Bookseller and the Stationery Trades' Journal, 1977 **James Gould Cozzens** Matthew Joseph Bruccoli, 1984 The author delves into the mystery of why a Pulitzer Prize-winning author whose mature novels were both well reviewed and widely read disappeared so rapidly from critical and popular notice. He considers his subject one of the major novelists of the twentieth century, certain that in the eyes of history Cozzens will be seen as the consummately skilled, uniquely American, brilliantly creative writer that this prodigiously researched biography vividly and convincingly portrays.
