Revista Del Río de La Plata ,1901 A journal dealing with financial economic and shipping affairs      *The Río de la Plata and its Maritime Front Legal Regime* Lilian del Castillo-Laborde,2007-11-30 This work makes both a historical and legal analysis of the process leading up to the 1973 adoption by Argentina and Uruguay of the Treaty concerning the R o de la Plata and its Maritime Front a wide watercourse that between the 16th and 19th century was object of rivalry between Spain and Portugal Great Britain and France continuing later between the South American countries Argentina Brazil and Uruguay The book makes a legal interpretation of the innovative solutions adopted by the Treaty for the River the Common Fishing Zone in the adjacent sea the Bi national Commissions and other matters including its subsequent application thus providing a systematic and updated insight into navigation fisheries and pollution prevention among other uses      The Voyage of Captain John Narbrough to the Strait of Magellan and the South Sea in his Majesty's Ship Sweepstakes, 1669-1671 Richard J. Campbell,Peter T. Bradley,Joyce Lorimer,2018-05-11 In 2009 after a public appeal the British Library purchased a manuscript Booke which Captain Narbrough bought in 1666 and into which he subsequently entered his journals of his voyages and correspondence relating to them The Booke contains his own fair copy of the journal of his voyage through the Strait of Magellan and north to Valdivia in the Sweepstakes 1669 1671 This is published here for the first time together with an incomplete and somewhat different copy of the journal held in the Bodleian Library which was made for him by a clerk after he returned to England and which was partially published in 1694 Both versions of the journal together with previously unpublished records made by members of his company as well as reproductions of the charts which Narbrough relied on and those he produced are printed here Narbrough s mission was to carry out a passenger who referred to himself as Don Carlos Enriques and who claimed to have expert knowledge of Peru and Chile and contacts with disaffected colonists and indigenous peoples Don Carlos s written proposals to King Charles II and his ministers only recently discovered are here translated from Spanish and give a clear sense of the character if not the real identity of an adventurer who gave the authorities in England Chile and Peru totally different and changing stories about his status and the purpose of the voyage Narbrough s conduct of the voyage has been criticized by later authors who have focussed on his inability recover four of his ship s company from detention in Valdivia and the lack of tangible results in the form of trade or contacts with indigenous groups The more complete story provided here shows that Narbrough carried out his ambiguous orders to the letter His chart of the Strait of Magellan remained the principal chart of the area for the next century King Charles II and James Duke of York both recognized his abilities He was rapidly re employed in naval service subsequently knighted and rose to become a Commissioner of the Navy and Commander in Chief in the Mediterranean      Bibliography of Fossil Vertebrates 1959-1963 C.L.
