

Rio Ganges

Patrick Manning, Abigail Owen

Rio Ganges:

The Ganges in Myth and History Steven G. Darian, 2001-01-01 No river has kindled Man's imagination like the Ganges. From its icy origins high in the Himalayas this sacred river flows through the holy cities and the great plains of northern India to the Bay of Bengal. In a country where the red heat of summer inspires prayer for the coming monsoon, the life-giving waters of the Ganges have assumed legendary powers in the form of the Hindu goddess Ganga, the source of creation and abundance. Pilgrims flock to her shores to cleanse and purify themselves, to cure ailments and to die that much closer to paradise. Steven Darian writes of the human experience and the legendary myths that surround the Ganges. While collecting material for this book, Dr. Darian lived by the Ganges, explored her shores, and was a pilgrim to the Ganga Sagar festival at Sagar Island off Calcutta where the sacred river and the ocean merge.

Mexican High Liza Monroy, 2008 Monroy's memorable debut novel is an eye-opening coming-of-age story about identity, belonging, and first love. In a setting rife with sex, drugs, and political corruption, it is also a revealing look at elite Mexican society and its freedoms and excesses.

City Maps Colonia del Valle Mexico James McFee, City Maps Colonia del Valle Mexico is an easy-to-use small pocket book filled with all you need for your stay in the big city. Attractions, pubs, bars, restaurants, museums, convenience stores, clothing stores, shopping centers, marketplaces, police, emergency facilities are only some of the places you will find in this map. This collection of maps is up to date with the latest developments of the city as of 2017. We hope you let this map be part of yet another fun Colonia del Valle adventure.

Portuguese grammar Jussara Abraçado, Carlos Alexandre Gonçalves, 2025-01-27 Spoken by millions of people on four continents, Portuguese remains a lesser-studied language. To help improve the linguistic understanding of this pluricentric language, the present volume brings together ten studies about different grammatical phenomena observed in Portuguese varieties, from suffixation to intercalated temporal clauses and non-concatenative verbal inflection, among other topics. Focusing on two main axes, usage and cognition, these studies draw on the theoretical frameworks of Functional Linguistics and Cognitive Linguistics but build a cohesive whole insofar as they all offer usage-based language approaches. By presenting an overview of recent research on Portuguese and its varieties, the book paves the way for the inclusion of Portuguese in the set of Neo-Latin languages best known to the general public.

Jahangir and the Jesuits From the Relations of Fernão Guerreiro, 2004-10-21 The three narratives in this volume constitute a complete history of the missionary undertakings of the Society of Jesus in the East Indies, China, Japan, and Africa during the first decade of the seventeenth century.

City Maps Benito Juarez Mexico James McFee, City Maps Benito Juarez Mexico is an easy-to-use small pocket book filled with all you need for your stay in the big city. Attractions, pubs, bars, restaurants, museums, convenience stores, clothing stores, shopping centers, marketplaces, police, emergency facilities are only some of the places you will find in this map. This collection of maps is up to date with the latest developments of the city as of 2017. We hope you let this map be part of yet another fun Benito Juarez adventure.

Knowledge in Translation Patrick Manning, Abigail

Owen, 2018-09-19 In the second millennium CE long before English became the language of science in the twentieth century the act of translation was crucial for understanding and disseminating knowledge and information across linguistic and geographic boundaries This volume considers the complexities of knowledge exchange through the practice of translation over the course of a millennium across fields of knowledge cartography health and medicine material construction astronomy and a wide geographical range from Eurasia to Africa and the Americas Contributors literate in Arabic Catalan Chinese Greek Hebrew Italian Japanese Latin Minnan Ottoman and Persian explore the history of science in the context of world and global history investigating global patterns and implications in a multilingual and increasingly interconnected world Chapters reveal cosmopolitan networks of shared practice and knowledge about the natural world from 1000 to 1800 CE emphasizing both evolving scientific exchange and the emergence of innovative science By unraveling the role of translation in cross cultural communication Knowledge in Translation highlights key moments of transmission insight and critical interpretation across linguistic and faith communities

Overcoming Ptolemy Geoffrey C. Gunn, 2018-10-15 Studies on global metageography are enjoying a revival and in no way is this better referenced than against the geo world system bequeathed by Claudius Ptolemy almost two thousand years ago This is all the more important when we consider the longevity of the Ptolemaic construct through and beyond the European age of discovery allowing as well for its eventual revision or refinement Innovations in navigational science cartographic representations and textual description are all called upon to illustrate this theme With its focus upon the macro region termed India Extra Gangem literally the space between India and China the book unfolds a fourfold agenda First it explains the Ptolemaic world system back to classical points of reference as well as to its reception in late medieval Europe from Arabic sources Second it tracks the erosion of the Ptolemaic template especially in the light of new empirical data entering Europe from early travel accounts as well as the first voyages of discovery Third through selected examples as with India Southeast Asia and China it seeks to expose textual and cartographic adjustments to the classical models flowing from the scientific revolution Fourth through an examination of Jesuit astronomical observations conducted at various points in Asia it demonstrates how Eurasia was actually measured and sized with respect to its true longitudinal coordinates such had deluded Columbus and even succeeding generations In short

this work problematizes the creation of geographical knowledge raises awareness as to the making of region in Asia over long historical time the Ptolemaic world in motion and as a more latent agenda sounds an alert as to the perils of overdetermination in the setting of modern boundaries whether upon land or sea **Chambers's Encyclopaedia** ,1896

Portugal e os estrangeiros Manoel Bernardes Branco,1879 **Early Jesuit Travellers in Central Asia, 1603-1721**
Bernhard Weßels,2013-11-27 With special reference to Tibet *Europa Triumphans* J. R. Mulryne,Helen Watanabe-O'Kelly,Margaret Shewring,Sarah Knight,2010-02 A landmark in the study of early modern Europe this two volume collection makes available for the first time a selection of the most important texts from court and civic festival books Festival entertainments were presented to mark such occasions as royal and ducal entries to capital cities dynastic marriages the birth and christening of heirs religious feasts and royal and ducal funerals *Europa Triumphans* represents the chronological and trans European range of the court and civic festival These festivals are considered not simply as texts but as events and are introduced by groups of scholars each with a specialist knowledge of the political social and cultural significance of the festival and of the iconography spectacle music dance voice and gesture in which they were expressed To demonstrate the geographic spread and political significance of festivals and to illustrate the range of aesthetic languages they deploy the festivals included in these two volumes are grouped in the following sections Henri III Genoa Poland Lithuania The Netherlands The Protestant Union La Rochelle Scandinavia and The New World These texts provide many valuable insights into the variety of political systems and historical circumstances that formed them Beautifully produced with 148 black and white and 23 colour illustrations *Europa Triumphans* represents an invaluable reference source for the study of early modern Europe It presents texts both in transcription and translated into English and is supplemented with introductory essays and commentaries *Europa Triumphans* is co published by Ashgate and the Modern Humanities Research Association in conjunction with the AHRB Centre for the Study of the Renaissance at the University of Warwick UK **The "Calaveras" of Don Moisés Espino del Castillo** Moisés Espino del Castillo,2015-04-30 This collection of calaveras folk poetry in the Mexican tradition of Day of the Dead celebrations satirizes public figures reminding them that their time on earth is limited despite their fame In addition to the replicas of the calaveras originally published in newspapers and magazines this volume includes background information about this particular poetic genre biographical information and interviews with Don Moisés and analysis of the poetry No one escaped Espino's eye including Richard Nixon Fidel Castro and Muhammad Ali Compiled and edited by University of Texas at San Antonio professor Ellen Clark this ebook contains Espino's complete collection
