imperfections in the preservation process and hope you enjoy this valuable book **US Army Infantryman in Vietnam 1965-73** Gordon L. Rottman,2012-09-20 This book tells the compelling story of the average US infantryman in Vietnam Beginning with conscription enlistment Basic Training and Advanced Individual Training at the Armed Forces Induction Center at Fort Polk the infamous Tigerland it goes on to explore the day to day realities of service in Vietnam from routine tasks at the firebase to search and destroy missions rocket attacks and firefights in the field Weaponry clothing and equipment are all described and shown in detailed color plates A vivid picture of the unique culture and experiences of these soldiers emerges from their vernacular to the prospect of returning to an indifferent if not hostile homeland *American Military History: The United States Army in a global era, 1917-2003* ,2004 *American Military History: The United States Army in a global era, 1917-2003* ,2005 **American Military History, Vol. 2, The United States Army in a Global Era, 1917--2003, 2005** ,2006 *American Military History* ,2009 From the Publisher This latest edition of an official U S

Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army This scholarly yet readable book is designed to inculcate an awareness of our nation s military past and to demonstrate that the study of military history is an essential ingredient in leadership development It is also an essential addition to any personal military history library US Army Psychiatry in the Vietnam War: New Challenges in Extended Counterinsurgency Warfare Norman M. Camp,2015-03-15 NOTE NO FURTHER DISCOUNT FOR THIS PRODUCT

OVERSTOCK SALE Significantly reduced list price During Vietnam War 1965 1973 the US Army suffered a severe breakdown in soldier morale and discipline in Vietnam matters that are not only at the heart of military leadership but also ones that overlap with the mission of Army psychiatry The psychosocial strain on deployed soldiers and their leaders in Vietnam especially during the second half of the war produced a wide array of individual and group symptoms that thoroughly tested Army psychiatrists and mental health colleagues there This book seeks to consolidate a history of the military psychiatric experience in Vietnam through assembling and synthesizing extant information from a wide variety of sources documenting the success and failure of Army s psychiatry in responding to the psychiatric and behavioral problems that changed and expanded as the war became protracted and bitterly controversial Mental health professionals especially psychiatrists in both military and civilian professions as well as military historians researching the Vietnam era may be interested in this volume Related products A Shared Burden The Military and Civilian Consequences of Army Pain Management Since 2001 can be found here <https://bookstore.gpo.gov/products/sku/008/000/01151/6> Mild Traumatic Brain Injury Rehabilitation Toolkit can be found here <https://bookstore.gpo.gov/products/sku/008/020/01632/2> Textbooks of Military Medicine Pt 1 Warfare Weaponry and the Casualty Military Psychiatry Preparing in Peace for War can be found here <https://bookstore.gpo.gov/products/sku/008/023/00112/0>

America in the World Michael J. Hogan,1995 A survey of the historical literature on intelligence and national security during the Cold War

American Military History, Volume II,2010 From the Publisher This latest edition of an official U S Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army This scholarly yet readable book is designed to inculcate an awareness of our nation s military past and to demonstrate that the study of military history is an essential ingredient in leadership development It is also an essential addition to any personal military history library

US Intervention Policy and Army Innovation Richard Lock-Pullan,2006 This book examines how the US Army rebuilt itself after the Vietnam War and how this has effected US intervention policy after the Cold War

Historical Dictionary of the U.S. Army Jerold E. Brown,2000-12-30 Having evolved over the past two and a quarter centuries to become the premier military force in the world the U S Army has a heritage rich in history and tradition This historical dictionary provides short clear authoritative entries on a broad cross section of military terms concepts arms and equipment units and organizations campaigns and battles and people who have had a significant impact on Army It includes over 900 entries written by some 100 scholars providing a valuable resource for the interested reader student and researcher For those interested in pursuing specific subjects further the book provides sources at the end of each entry as well as a general bibliography Appendixes provide a useful list of abbreviations and acronyms and a listing of ranks and grades in the U S Army

Bad Strategies James S. Corum,2008-08-15 It is the new way of war Everywhere our military tries to make inroads insurgents flout us and seem to get the better of the strategists making policy and battle plans In this book an expert with both scholarly and military

experience in the field looks at cases of counterinsurgency gone wrong By examining the failures of strategies against insurgents in Algeria Cyprus Vietnam and Iraq Lieutenant Colonel James S Corum offers rare and much needed insight into what can go wrong in such situations and how these mistakes might be avoided In each case Corum shows how the conflict could have been won by the major power if its strategy had addressed the underlying causes of the insurgency it faced not doing so wastes lives and weakens the power s position in the world Failures in counterinsurgency often proceed from common mistakes Bad Strategies explores these at strategic operational and tactical levels Above all Corum identifies poor civilian and military leadership as the primary cause for failure in successfully combating insurgencies His book with clear and practical prescriptions for success shows how the lessons of the past might apply to our present disastrous confrontations with insurgents in Iraq

Give Peace a Chance Melvin Small, William D. Hoover, 1992-07-01 Written by veterans of the Vietnam War and participants in the organized opposition to it this book examines how the activities of America s most important anti war movement affected the lives of its citizens and its government Relying on oral histories and recently available archival material the authors consider the movement s strategies and tactics its leaders and its rank and file and describe the difficulties encountered by peace activists in their efforts to build politically effective organizations What emerges from this collection is that the millions of Americans who fought against the government s policies in Southeast Asia participated in one of the most potent and complex oppositional movements in modern history

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

Rolling Thunder in a Gentle Land Andrew Wiest, 2013-05-20 Fifteen renowned authors from widely varied backgrounds examine the Vietnam War providing a fresh insight into this controversial conflict even for those who have read it all before This is a superb and compelling reexamination of the major historical political and ethical issues that continue to smoulder many

decades after the conclusion of the Vietnam War I highly recommend *Rolling Thunder in a Gentle Land*. It is among the best books of its kind that I've encountered over the last dozen years. Tom O'Brien, author of *The Things They Carried*, first-hand accounts, maps, and contemporary photographs, analysis from the soldiers involved, and new perspectives from combatants on both sides provide an incisive investigation into a fascinating and terrible war. [US Army Psychiatry in the Vietnam War](#)

Norman M. Camp, 2014. NOTE: NO FURTHER DISCOUNT FOR THIS PRODUCT OVERSTOCK SALE. Significantly reduced list price. This book tells the mostly forgotten story of the accelerating mental health problems that arose among the troops sent to fight in South Vietnam, especially the morale discipline and heroin crisis that ultimately characterized the second half of the war. This situation was unprecedented in U.S. military history and dangerous, and reflected the fact that during the war America underwent its most divisive period since the Civil War, and as a result the war became bitterly controversial. The author is a career Army psychiatrist who led a psychiatric unit in Vietnam. In the years following his return, he was dismayed to discover that the Army had conducted no formal review of this alarming situation, including from the standpoint of military psychiatry, and had lost or destroyed all of the pertinent clinical records. In addition to permitting a study of the psychological wounds and their treatment in Vietnam, these records would have been priceless in the treatment of the legions of veterans who presented serious adjustment problems and Post-traumatic Stress Disorder. As a consequence, Dr. Camp has been relentless in combing the professional, civilian, and surviving military literature, including unpublished documents, to construct a compelling narrative documenting the successes and failures of Army psychiatry and the Army leadership in Vietnam in responding to these psychiatric and behavioral challenges. The result is a book that is both scholarly and intensely personal, includes vivid case material and anecdotes from colleagues who also served there, and is replete with illustrations and correspondence. It presents the story of Vietnam in a fresh manner through the psychiatrist's eyes and sensibilities. [A People's History of the U.S. Military](#)

Michael A. Bellesiles, 2012-09-11. In *A People's History of the U.S. Military*, historian Michael A. Bellesiles draws from three centuries of soldiers' personal encounters with combat through fascinating excerpts from letters, diaries, and memoirs, as well as audio recordings, film, and blogs, to capture the essence of the American military experience firsthand, from the American Revolution to the wars in Iraq and Afghanistan. Military service can shatter and give meaning to lives; it is rarely a neutral encounter and has contributed to a rich outpouring of personal testimony from the men and women who have literally placed their lives on the line. The often dramatic and always richly textured first-person accounts collected in this book cover a wide range of perspectives, from ardent patriots to disillusioned cynics, barely literate farm boys to urbane college graduates, scions of founding families to recent immigrants, enthusiasts and dissenters, women disguising themselves as men in order to serve their country, to African Americans fighting for their freedom through military service. A work of great relevance and immediacy as the nation grapples with the return of thousands of men and women from active military duty, *A People's History of the U.S. Military* will become a major new touchstone for our understanding of

American military service *Tragedy of Vietnam* Patrick J. Hearden, 2016-05-23 For courses on the Vietnam War 20th century world history and American diplomatic history Also appropriate as a supplemental text for U S history survey courses and history of Asia courses Brief and accessible text that provides comprehensive coverage of the causes and consequences of the Vietnam War The Tragedy of Vietnam provides extensive background on the Vietnam War the relevant history of Southeast Asia and the consequences of the Vietnam conflict on the region Author Patrick Hearden examines the key decisions and questions surrounding the tragic American entanglement in Vietnam providing readers with a fascinating discussion of why the United States became involved in this war and why this involvement persisted for nearly a quarter of a century This book covers the social economic ideological diplomatic and military aspects of the Vietnam War

Right here, we have countless book **Rise And Fall Of An American Army U S Ground Forces In Vietnam 19651973** and collections to check out.
