Rise And Fall Of Gay Culture:

The Rise and Fall of Gay Culture Daniel Harris, 1997-05 In an unprecedented analytic examination of the daily lives of gay men respected and confrontational essayist Daniel Harris investigates the artifacts rituals and institutions of gay culture focusing on a central historical question What happens to a sensibility that was developed in response to ostracism when that subculture becomes less excluded 30 photos

Queer Constellations Dianne Chisholm, *Queer Constellations* investigates the dreams and catastrophes of recent urban history viewed through new queer narratives of inner city life The gay village gay mecca gai Paris the lesbian flaneur the lesbian bohème these and other urban phantasmagoria feature paradoxically in this volume as figures of revolutionary utopia and commodity spectacle as fossilized archetypes of social transformation and ruins of haunting cultural potential Dianne Chisholm introduces readers to new practices of walking seeing citing and remembering the city in works by Neil Bartlett Samuel Delany Robert Gluck Alan Hollinghurst Gary Indiana Eileen Myles Sarah Schulman Edmund White and David Wojnarowicz Reading these authors with reference to the history sociology geography and philosophy of space particularly to the everyday avant garde production and practice of urban space Chisholm reveals how and how effectively queer narrative documentary resembles and reassembles Walter Benjamin's constellations of Paris capital of the nineteenth century Considering experimental queer writing in critical conjunction with Benjamin's city writing the book shows how a queer perspective on inner city reality exposes contradictions otherwise obscured by mythic narratives of progress If Benjamin regards the Paris arcade as a microcosm of high capitalism wherein the unmaking of industrial society is perceived retrospectively in contemporary queer narrative we see the sexually charged and commodity entranced space of the gay bathhouse as a microcosm of late capitalism and as an exemplary site for excavating the contradictions of mass sex In Chisholm's book we discover how looking back on the ruins of queer mecca queer authors return to Benjamin to advance his dialectics of seeing how they cruise the paradoxes of market capital blasting a queer era out of the homogeneous course of history
