The Publishers' Trade List Annual ,1985 If the West Falls... Bridget S. Howe,2011-10-27 If The West Falls If the West Falls is the result of four years of research that began when the author learned that she was a target of US Government sponsored Organized Vigilante Stalking Her investigation into the crime that had been committed against her led her to an understanding of the crime that is being committed by the United States government against the people of this nation and the rest of the world The authors investigation reveals The presence of a fascist underground controlling the life of this nation and the lives of American people The plans of secret societies such as the Bilderbergers the Trilateral Commission and the Council of Foreign relations to dissolve the national sovereignty of the United States of America The influence of the occult in public institutions and the American Christian Church Crimes being committed by US governing officials being covered up by the National Security Act including the exploitation of children Exploitation of American citizens and people around the world under the Patriot Act and the Military Commissions Act *The Palgrave Handbook of Masculinity and Political Culture in Europe* Christopher Fletcher,Sean Brady,Rachel E. Moss,Lucy Riall,2018-02-02 This handbook aims to challenge gender blindness in the historical study of high politics power authority and government by bringing together a group of scholars at the forefront of current historical research into the relationship between masculinity and political power Until very recently in historical terms formal political authority in Europe was normally and ideally held by adult males with female power being perceived as a recurrent aberration Yet paradoxically the study of the interactions between masculinity and political culture is still very much in its infancy This volume seeks to remedy this lacuna by considering the different consequences of the masculinity of power over two millennia of European history It examines how masculinity and political culture have interacted from ancient Rome and the early medieval Byzantine empire to twentieth century Germany and Italy It considers a broad variety of case studies from early medieval Iceland and late medieval France to Naples at the time of the French Revolution and Strasbourg after the Franco Prussian War with a particular focus on the development of political masculinities in Great Britain between the sixteenth century and the present day The Library Journal Book Review ,1977

The Rise and Fall of Adolf Hitler William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists American journalist and author William L Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence His most definitive work on the subject *The Rise and Fall of the Third Reich* is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler's ascendance from obscurity the horror of Nazi Germany's mass killings and the paranoia and insanity that marked the Führer's downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn't going to tell me anything new But when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos
