and is seized by entrepreneurs to catalyze seismic changes ones that allow humanity to progress A Deliberate Pause the book reveals the power of a deliberate pause the action while unveiling unexpected truths about entrepreneurship itself Through example exploration and analysis of the innovative thoughts and achievements of more than 200 seasoned entrepreneurial leaders Larry Robertson shows how each of us can adopt a deliberate pause and an entrepreneurial mindset to better our lives our species and our world In the process he gives us the understanding of entrepreneurship we ve been missing and need now more than ever **Risk to Riche\$** ,1986 *Self-made Women* Diane Jennings,1987 Despite having emerged in the heyday of a dominant Europe of which Ancient Greece is the hallowed spiritual and intellectual ancestor anthropology has paradoxically shown relatively little interest in contemporary Greek culture In this innovative and ambitious book Michael Herzfeld moves Greek Ethnography from the margins to the centre of anthropological theory revealing the theoretical insights that can be gained by so doing He shows that the ideology that originally led to the creation of anthropology also played a large part in the growth of the modern Greek nation state and that Greek ethnography can therefore serve as a mirror for an ethnography of anthropology itself He further demonstrates the role that scholarly fields including anthropology have played in the construction of contemporary Greek culture and Greek identity **Gender Equity in Education** Beverly A. Stitt,1994 Recent studies show that either consciously or unconsciously teachers are not practicing gender equity in the classroom Boys are called on more in class than girls and are encouraged to pursue careers from which girls are excluded because they are thought to be less capable Serious questions arise for educators and counselors in this time of increasing awareness of the implications of gender bias such as what comprises a gender fair education and how can gender equity become part of the classroom curriculum Guidance counselors and teachers share an important responsibility in seeking answers to these questions in order to avoid limiting students potential because of gender To achieve this end Beverly A Stitt has compiled an annotated bibliography of hundreds of books articles videos classroom activities and curriculum and workshop guides to help provide the tools needed for educators to become more gender conscious and to develop a gender fair educational system The bibliography is divided into twenty three categories under the headings of Agriculture and Industry Business Career Guidance Communications Computers Discrimination Displaced Homemakers Reentry Women Elementary Education Family and Work Issues Gender Role Stereotyping History Home Economics In service Training Legislation Male Focus Math and Science Nontraditional Careers Pregnant and Parenting Teens Recruitment Special Needs Teaching Vocational Education and Women s Studies Each entry s annotation provides a short description of the content the age group to which the resource applies and ordering information The book concludes with an index in which entries are cross referenced under various categories to further aid the reader s research
