Risks Of Faith:

Risks of Faith James Cone, 2000-11-17 *Risks of Faith* offers for the first time the best of noted theologian James H Cone's essays including several new pieces. Representing the breadth of his life's work, this collection opens with the birth of black theology, explores its relationship to issues of violence, the developing world, and the theological touchstone embodied in African American spirituals. Also included here is Cone's seminal work on the theology of Martin Luther King Jr and the philosophy of Malcolm X and a compelling examination of their contribution to the roots of black theology. Far reaching and provocative, *Risks of Faith* is a must read for anyone interested in religion and its political and social impact on our time.

Faith: Security and Risk Richard W. Kropf, 2003-06-20 Is faith a search for security? Is faith the reason for taking risks? The answer to these questions will ultimately determine the quality of our faith, whether it will be a faith that flourishes and grows or a faith that is stunted and limited. Author Richard Kropf analyzes these faith choices with a unique approach. He combines the psycho-dynamics of Viktor Frankl, the faith analysis of Avery Dulles, and the faith stages researched by James Fowler to provide a provocative foundation for understanding our spiritual life. Kropf then takes us through each faith level and highlights the challenges and pitfalls along the way. He covers the broad range of topics from compulsive religious behavior, fundamentalism, and various enthusiasms to adolescent and mid-life crises of faith and the risks of trying to achieve sainthood. *Faith: Security and Risk* is ideal for pastors, spiritual directors, and professional counselors and is particularly designed to complement spiritual workshops and retreats. Each chapter ends with a series of questions that provide excellent stimulus for small group discussion as well as personal reflection. This book has also proved most helpful for college professors as an excellent text for their students seeking to understand their own faith struggles.

Dynamics of Faith Paul Tillich, 2001-10-16 One of the greatest books ever written on the subject, *Dynamics of Faith* is a primer in the philosophy of religion. Paul Tillich, a leading theologian of the twentieth century, explores the idea of faith in all its dimensions while defining the concept in the process. This graceful and accessible volume contains a new introduction by Marion Pauck, Tillich's biographer.

True to the Faith David Gooding, The Acts of the Apostles is about more than the spread of the gospel to the ends of the earth By the time the ascended Christ had sent the Holy Spirit to guide his disciples they had no doubt what the basics of the gospel message were that Christ died for our sins was buried and rose again the third day and would one day come again But according to Luke s account difficult questions and challenges arose for the apostles as they began to spread this message These questions when once settled by the apostles would further define the gospel with answers that are definitive for us today By carefully tracing Luke s presentation of the historical material David Gooding shows us that Luke has arranged his historical material into six sections each containing a set of issues and a dominant question that confronted the church Was the gospel to be under the authority of the Jewish Sanhedrin even when they called into question the deity and messiahship of Jesus Would the temple and its entire system of worship become obsolete because of Christ s sacrifice at Calvary as Stephen claimed What would God do when the observance of his own food laws became a barrier to preaching the gospel to Gentiles such as Cornelius How would the apostles decide about the rite of circumcision and its relationship to salvation How would the gospel distinguish itself from the spiritism idolatry religions and philosophies of the pagan world and state positively its own answer to questions of the origin of the universe and life s ultimate goal And how would Paul defend the gospel at the highest levels of society against every kind of misrepresentation when he found himself under the power of Roman law and order The conclusions that the apostles and the early churches reached under the guidance of the Holy Spirit are profoundly relevant Their defence against each new challenge confirmed the truth of the gospel for every generation of Christ s disciples David Gooding s exposition echoes Acts powerful unspoken exhortation to examine ourselves honestly to see whether the Christianity that we represent and the gospel that we preach and defend are uncompromisingly the same as those established by the apostles of our Lord Jesus Christ

World at Risk Ulrich Beck,2013-10-29 Twenty years ago Ulrich Beck published Risk Society a book that called our attention to the dangers of environmental catastrophes and changed the way we think about contemporary societies During the last two decades the dangers highlighted by Beck have taken on new forms and assumed ever greater significance Terrorism has shifted to a global arena financial crises have produced worldwide consequences that are difficult to control and politicians have been forced to accept that climate change is not idle speculation In short we have come to see that today we live in a world at risk A new feature of our world risk society is that risk is produced for political gain This political use of risk means that fear creeps into modern life A need for security encroaches on our liberty and our view of equality However Beck is anything but an alarmist and believes that the anticipation of catastrophe can fundamentally change global politics We have the opportunity today to reconfigure power in terms of what Beck calls a cosmopolitan material politics World at Risk is a timely and far reaching analysis of the structural dynamics of the modern world the global nature of risk and the future of global politics by one of the most original and exciting social thinkers writing today

Book 6 Biblical Faith PB Kurt Jurgensmeier,2012-10-28 Faith is a vital topic in Christian theology However the concept is more complex than is assumed John Stott writes One wonders if there is any Christian quality more misunderstood than faith We demonstrate that Scripture uses faith in a variety of ways including saving faith false faith miracle faith empowering faith and visionary faith Failure to recognize this leads to serious error in both Arminianism and charismaticism Included is an extended section on visionary faith that enables us to step out in courage taking risks to pursue human plans to fulfill God's commands In our defense of the fact that biblical faith must rest on biblical revelation we critique the inclusivism of John Wesley Billy Graham and C S Lewis which claims salvation can be apart from a revelation of the Gospel Finally we demonstrate that the strength of our faith depends on reason and the evidences it perceives and evaluates There is no such thing as a biblical leap of faith apart from reason

The Fig Tree Withers: A Lesson on Faith Ahmed Musa, 2024-12-14 In a moment of intense teaching Jesus encounters a fig tree that appears to be healthy but when He approaches it seeking fruit He finds nothing With a simple command May no one ever eat fruit from you again the fig tree withers teaching a profound lesson about faith obedience and the dangers of spiritual barrenness

The Fig Tree Withers A Lesson on Faith takes you deep into this moment where Jesus uses the barren tree as a symbol for the hearts of those who appear outwardly religious but lack true faith and fruitfulness In **The Fig Tree Withers A Lesson on Faith** you will discover The context of the fig tree miracle Jesus having just cleansed the temple curses the fig tree for its lack of fruit despite its healthy appearance The symbolism of the fig tree how it represents the nation of Israel the religious leaders and anyone who outwardly appears to bear the fruit of faith but fails to truly trust and obey God The immediate withering of the tree a dramatic and visual confirmation of Jesus words This miracle seemingly small reveals the severity of spiritual fruitlessness and the consequences of failing to live out genuine faith Jesus subsequent teaching on faith Have faith in God If you have faith and do not doubt you can say to this mountain Go throw yourself into the sea and it will be done for you How faith when rooted in God's power and will can move obstacles and bring about miraculous change The connection between faith and fruitfulness how true faith in God produces fruit both in our lives and in the world around us A lack of fruit signifies a lack of real faith and faith without action is dead The fig tree's withering is not just a simple miracle but a powerful warning to us Jesus was teaching that faith is not merely about outward appearances or rituals it's about genuine trust in God's power purpose and provision Just as the fig tree failed to produce the fruit it was meant to bear so too do we fail when we do not allow our faith to transform us into active fruitful disciples What does the withered fig tree reveal about the nature of true faith How can we cultivate a faith that bears lasting fruit rather than one that withers when tested **The Fig Tree Withers** challenges us to examine our own faith Is it alive vibrant and fruitful or is it just an outward show Genuine faith in Jesus leads to a life that produces fruit for His Kingdom Step into **The Fig Tree**
