Pop Culture Wars William D. Romanowski, 2006-02-15 Entertainment has long been a source of controversy in American life On the one hand American popular culture is enormously desired captivating audiences around the world On the other hand more and more critics blame it for the breakdown of morals and even civilizations itself Surely Christians and other religious citizens have something to contribute to what is after all a discussion of morality But too often their contributions have been ill informed unreflective and reactionary In this groundbreaking book William Romanowski brings something desperately needed to the discussion an informed systematic and challenging Christian perspective

Comprehensive and historically revealing Pop Culture Wars bids to accomplish nothing less than to reframe and render more constructive a crucial but angry cultural debate
