Rites Of Spring:

Rites of Spring Modris Eksteins, 2012-03-13 Named One of the 100 best books ever published in Canada The Literary Review of Canada Rites of Spring is a brilliant and captivating work of cultural history from the internationally acclaimed scholar and writer Modris Eksteins Dazzling in its originality witty and perceptive in unearthing patterns of behavior that history has erased Rites of Spring probes the origins the impact and the aftermath of World War I from the premiere of Stravinsky's ballet *Le Sacre du Printemps* in 1913 to the death of Hitler in 1945 The Great War Eksteins writes was the psychological turning point for modernism as a whole The urge to create and the urge to destroy had changed places In this extraordinary book Eksteins goes on to chart the seismic shifts in human consciousness brought about by this great cataclysm through the lives and words of ordinary people works of literature and such events as Lindbergh's transatlantic flight and the publication of the first modern bestseller *All Quiet on the Western Front* Rites of Spring is a remarkable and rare work a cultural history that redefines the way we look at our past and toward our future Rites of Spring R. Admonitions on Governing the People Yagyong Chong, 2010-08-15 This is the first English translation of one of Korea's most celebrated historical works a pre modern classic so well known to Koreans that it has inspired contemporary literature and television Written in 1821 by Chong Yagyong Tasan *Admonitions on Governing the People* Mongmin simso is a detailed manual for district magistrates on how to govern better In encyclopedic fashion Chong Yagyong addresses the administration social and economic life criminal justice the military and the Confucian ritual system He provides examples of past corrupt officials and discusses topics of the day such as famine relief and social welfare A general call for overhauling the Korean ruling system the book also makes the radical proposition that the purpose of government is to serve the interests of the people This long awaited translation opens a new window on early nineteenth century Korea and makes available to a wide audience a work whose main concerns simultaneously transcend national and cultural boundaries **Spring and Autumn Historiography** Newell Ann Van Auken, 2023-03-14 The Spring and Autumn is an annals text composed of brief records covering the period 722-479 BCE and written from the perspective of the ancient Chinese state of Lu A long neglected part of the Chinese canon it is traditionally ascribed to Confucius who is said to have embedded his evaluations of events within the text However the formulaic and impersonal records do not resemble the repository of moral judgments that they are alleged to be Driven by her discovery that the Spring and Autumn is governed by a system of rules Newell Ann Van Auken argues that Lu record keepers not a later editor produced the formally regular core of the text She demonstrates that the Spring and Autumn employs formulaic phrasing and selective omission to encode the priorities of Lu and to communicate the relative importance of individuals states and events and that many of its records are derived from diplomatic announcements

received in Lu from regional states and the Zhou court The Spring and Autumn is fundamentally a document designed to enhance the prestige of Lu and its records reveal a profound concern with relative rank displaying an idealized hierarchy that positions the state of Lu and its rulers at the apex By establishing the Spring and Autumn as a genuine Bronze Age record this book transforms our understanding of its significance and purpose and also offers new approaches to the study of ancient annals in early China and elsewhere **Drama Survey** ,1962 *Popular Mechanics* ,1989-03 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle *Rites of Spring* Bern Porter,1997 **The New Statesman** ,1927
