Ritmo Lento:

A Companion to Carmen Martín Gaité Catherine O'Leary, Alison Ribeiro de Menezes, 2014-08-21 A comprehensive examination of the full range of Carmen Martín Gaité's work Carmen Martín Gaité produced a large body of work in various genres over the course of her five decade career though she is primarily known as a novelist short story writer and social commentator Her work at times reflects and at times defies the pattern of development in Spanish fiction since the 1950s This Companion offers a re-reading of Martín Gaité's works emphasizing her early experimentalism which culminated in mid-career works notably *El cuarto de atrás* and stressing how in the late 1960s and early 1970s when the majority of Spanish novelists were engaged in a critique of history Martín Gaité turned to the writing of cultural history exploring its intersection with narrative fiction in a positivist rather than a nihilistic mode Her exploration of gender issues particularly mother-child relations towards the end of her career anticipated new directions in feminist thought Discussions of often ignored works such as poetry drama children's literature and literary translations offer insight into sidelined aspects of this writer's literary output Catherine O'Leary is Reader in Spanish at the University of St Andrews Alison Ribeiro de Menezes is Professor of Spanish at the University of Warwick

Carmen Martín Gait e Ester Bautista Botello,2019-01-09 This book reconstructs the poetics of Carmen Mart n Gait e by viewing the concept of journey as a fundamental principle upon which she bases and elaborates her narrative writing of the 1990s Five novels published in this period receive critical attention all of which coincide with the last trips taken by the writer to New York Caperucita en Manhattan 1990 Nubosidad variable 1992 La reina de las nieves 1994 Lo raro es vivir 1996 and Irse de casa 1998 To the extent that the journey is the essence of the narrative under consideration the concept is analysed as an aesthetic practice and an attempt to identify a series of actions which

allow us to link the writer's novels with two areas that have previously received only scant critical scrutiny: geography and the visual dimension. This book presents a comparative and interdisciplinary analysis of space in Martín Gaité's narrative as well as in her collages, drawings and paintings.
