The City of Musical Memory Lise A. Waxer, 2012-01-01 Winner of the ASCAP Deems Taylor Award for Popular Music Books 2002 Winner of the Society for Ethnomusicology s SEM Alan P Merriam Prize 2003 Salsa is a popular dance music developed by Puerto Ricans in New York City during the 1960s and 70s based on Afro Cuban forms By the 1980s the Colombian metropolis of Cali emerged on the global stage as an important center for salsa consumption and performance Despite their geographic distance from the Caribbean and from Hispanic Caribbean migrants in New York City Cale os people from Cali claim unity with Cubans Puerto Ricans and New York Latinos by virtue of their having adopted salsa as their own The City of Musical Memory explores this local adoption of salsa and its Afro Caribbean

antecedents in relation to national and regional musical styles shedding light on salsa's spread to other Latin American cities. Cali's case disputes the prevalent academic notion that live music is more real or authentic than its recorded versions since in this city salsa recordings were until recently much more important than musicians themselves and continued to be influential in the live scene. This book makes valuable contributions to ongoing discussions about the place of technology in music culture and the complex negotiations of local and transnational cultural identities. What's the Bloody Point of it All? Chris West, 2021-03-19 To thine own self be true. These words light up the imagination of previously quiet student Stella Tranter in conformist mid-1970s London. Throwing herself into a study of the arts and philosophy, she embarks on a quest to find out exactly what they mean. She reads Nietzsche. She gets into punk. She falls in love. None of these works out quite as expected, however. Maybe what she really wants is just to be grown up. She settles down in pleasant tree-lined Dulwich with unimaginative but well-meaning Bobby. Is this really her? Her discontent begins to grow. The opportunity for escape presents itself. It proves irresistible but costly. Freedom, she discovers, can be lonely and terrifying. It can destroy as well as liberate. This is a snappily written, witty but also serious 40,000 word novella about culture, ideas, love, music, punk and Mozart, making choices and the fact that authenticity is not an easy option. Clever, intriguing, said prizewinning novelist Dame Beryl Bainbridge about this book, adding Stella is an excellent voice.

John Cage's Theatre Pieces William Fetterman, 2012-10-12 The experimental composer John Cage 1912-1992 is best known for his works in percussion, prepared piano and electronic music but he is also acknowledged to be one of the most significant figures in 20th century theatre. In Cage's work in theatre composition there is a blurring of the distinctions between music, dance, literature, art and everyday life. Here William Fetterman examines the majority of those compositions by Cage which are aural as well as visual in content, beginning with his first work in this genre in 1952 and continuing through 1992. Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor, as well as author's interviews with Cage and with individuals closely associated with his work, including David Tudor, Merce Cunningham, Bonnie Bird, Mary Caroline Richards.
