Special Operations Patrol Vehicles Leigh Neville, 2011-09-20 The patrol vehicles used by Special Operations Forces in Afghanistan and Iraq varied dramatically between the theatres as well as amongst the Coalition members and were developed and upgraded to meet the demands of the deployment Covering all the major Coalition nations Leigh Neville continues his look at the elite forces deployed in Operations Enduring Freedom and Iraqi Freedom with this analysis of their vehicles Tracing the evolution of the vehicle types from their historical precedents through their designs to their operational developments he discusses their advantages and disadvantages along with their tactical employment From the mine protected vehicles used to counter the IED threat in Iraq the use of Strykers as armoured raiding platforms by the US Rangers to the civilian vehicles adapted for military service by both Coalition troops and Private Military Contractors in the regions this book uses rare in theatre photographs and colour artwork to show the variety and inventiveness of the patrol vehicles being used in combat *Vietnam Studies - U.S. Army Special Forces 1961-1971* Colonel Francis John Kelly, 2014-08-15 Includes 6 Maps 25 photo illustrations 10 Charts and 8 Tables As long ago as 1957 U S Army Special Forces soldiers were in the Republic of Vietnam going about their business of training advising and assisting members of the Vietnamese Army Despite the old Army witticism about never volunteering for anything the Special Forces soldier is in fact a double volunteer having first volunteered for airborne training and then again for Special Forces training From a very meager beginning but sustained by a strong motivation and confidence in his mission the Special Forces soldier has marched through the Vietnam struggle in superb fashion In 1957 some fifty eight Vietnamese soldiers were given military training by Special Forces troops Ten years later the Special Forces were advising and assisting over 40 000 paramilitary troops along with another 40 000 Regional Forces and Popular Forces soldiers This monograph traces the development and notes the progress problems successes and failures of a unique program undertaken by the U S Army for the first time in its history It is hoped that all the significant lessons learned have been recorded and the many pitfalls of such a program uncovered With the withdrawal of the Special Forces from Vietnam in 1971 the Army could honestly lay claim to a new dimension in ground warfare the organized employment of a paramilitary force in sustained combat against a determined enemy I know I speak for my predecessors and successors in claiming that the 5th Special Forces Group Airborne was the finest collection of professional soldiers ever assembled by the U S Army anywhere anytime **U.S. Army Special Forces, 1961-1971** Francis John Kelly, 1973 *Air University Library Index to Military Periodicals* ,1987 *Military Intelligence* John Patrick Finnegan, 1998 CMH 60 13 Army Lineage Series By John Patrick Finnegan Lineages compiled by Romana Danysh Presents an organizational history of Military Intelligence in the United States Army from its beginnings to the present Includes the
