Look What You Can Do With Grids:

Off the Grid Randy Denmon, 2017-04-04 The rollicking tale of a first of its kind adventure driving a Tesla through Central America Only a week after the nation's newspapers were filled with headlines of the first cross country trip in an electric car two Louisianans slip quietly across the Rio Grande in south Texas in an attempt to do the unthinkable drive a factory electric car across seven Third World countries to the end of the road Panama City Panama Without support and armed only with a toolbox a bag of electrical adapters and their wits author Randy Denmon and his friend Dean trudge on through jungles deserts volcanoes rivers and crater sized potholes all the while trying to avoid the drug cartels and corrupt border guards that could mean a quick end to their adventure and their lives Through it all the same enormous problem loomed daily how to charge the car in such a primitive and desolate setting Despite the numerous setbacks Randy never lost his sense of humor Off the Grid is as much a spiritual journey as a physical one about two guys who dropped everything for one grand twenty first century adventure traveling back in time in a car that seemed to come from the future

Living Off the Grid JB Evans, 2025-02-06 Life Lessons a collection of short stories new and revisited

Off the Grid Without a Paddle Lynne Farr, 2008-04-09 OFF THE GRID WITHOUT A PADDLE is the true story of two greenhorns escapees from the gritty City Of Los Angeles who buy a home off the grid in a tropical mountain rainforest in rural Hawaii with fantasies of utopia and dreams of self sufficiency but no real idea of what they're getting into In their first year in an unfamiliar new world the high tech low tech no tech learning curve is steep and hilarious exasperating exhilarating exciting Whether or not you share the dream of moving off the grid you'll get a laugh out of their unexpected adventures

Grid James Wolanyk, 2015-03-17 Those who have lights have power That's the truth the city state of Grid 76 has come to know For years 76 has been the safest and most decadent bastion of the rebuilt grid fortresses a far cry from the violence beyond its walls The Grid is a monument to the tenacity of its citizens the brutality of urban enforcers and the engineering brilliance of a man named Peter Fletcher But 76 is changed when Fletcher puts compassion over protocol and shelters two outsiders a woman named Roux and her sister Sarah Seemingly innocent at first Roux's secrets emerge when hacked military drones and Kevlar bundled guerrillas appear in pursuit In the aftermath of the first attack the city's leadership accuses Roux of being more than a refugee To the urban enforcers she's a traitor To Fletcher she's a second chance to protect the family he once failed Loyalties fracture as defense becomes desperation With an assault from the outside and mutiny inside Fletcher must draw battle lines on both sides of the walls In the growing darkness of winter a new truth emerges Even the brightest lights eventually burn out

Grid Seekers (Grid Seekers Book One) Logan Byrne,2015-11-23 In a dystopian future WorldNet a semi autonomous evolved form of the Internet controls daily life WorldNet allows people to plug themselves in transporting their minds and sensory organs into what citizens call the grid while their physical bodies stay put Inside WorldNet they can shop bank dine travel and do everything they can do in the real world and although WorldNet itself is free there s a cost for doing business

Any citizen aged sixteen to sixty who accesses WorldNet during the year is entered into a lottery. Twenty-four people, four from each of six megacities, are randomly chosen to compete in an annual televised competition in which they're plugged in and forced to search for one of two hidden talismans. If they fail to find one of the talismans or if they die in the process, they're sentenced to three years of hard labor. But if they win, they're granted one wish, any wish that could completely change their lives or the world.

Alexia Meyers, a seventeen-year-old from New York City, hardly has any chance of being drawn in the lottery after all she lives in a megacity of millions. When Alexia is chosen, though, her entire world crashes, and she realizes that her life is going to change in the worst of ways. She's quickly taken to train for the competition where she learns self-defense, survival, and strategic tactics for surviving and winning the competition. Alexia and her partner Liam must learn to work together to outwit their competitors and find the talismans, but they quickly learn it won't be easy, especially when another team decides to take Alexia and Liam down.

Bayesian Models of Perception and Action Wei Ji Ma, Konrad Paul Kording, Daniel Goldreich, 2023-08-08 An accessible introduction to constructing and interpreting Bayesian models of perceptual decision making and action. Many forms of perception and action can be mathematically modeled as probabilistic or Bayesian inference, a method used to draw conclusions from uncertain evidence. According to these models, the human mind behaves like a capable data scientist or crime scene investigator when dealing with noisy and ambiguous data. This textbook provides an approachable introduction to constructing and reasoning with probabilistic models of perceptual decision making and action. Featuring extensive examples and illustrations, *Bayesian Models of Perception and Action* is the first textbook to teach this widely used computational framework to beginners. Introduces Bayesian models of perception and action, which are central to cognitive science and neuroscience. Beginner-friendly pedagogy includes intuitive examples, daily life illustrations, and gradual progression of complex concepts. Broad appeal for students across psychology, neuroscience, cognitive science, linguistics, and mathematics. Written by leaders in the field of computational approaches to mind and brain.

The Grid Trilogy Boxset Paul Teague, 2018-10-14 The Grid Trilogy Box Set. Enclosed in this box set: *Fall of Justice*, *Quest for Vengeance*, and *Catharsis*. **The Grid 1: Fall of Justice** A fortress city. A terrifying prison. A survivor determined to beat the odds. Joe Parsons is playing with fire, and he knows it. He has no idea what deadly secrets he and his friends will uncover when they finally hack into The City's sinister Fortrillium network. Justice is in short supply in the harsh, decaying world in which he's been raised, but Joe is desperate to uncover the truth behind his father's sudden disappearance. Seven

years previously On the brink of a breakthrough he is captured red handed and sent directly to The Grid a deadly gamified colosseum from which only one person has ever escaped alive Hunted by his enemies and in constant danger Joe must find a way to survive What he discovers along the way will change his life forever if he can manage to escape Fall of Justice is a gripping work of dystopian sci fi set in a post plague world hundreds of years in the future The Grid 2 Quest for Vengeance Two friends trapped in The Grid A President who was there when the plague began A conspiracy to keep the truth from those caught in The City A man who will stop at nothing to hold his wife and children once again Caught in The Grid Joe Parsons must fight to stay alive as his enemies conspire against him While his friends work to save him more startling truths are revealed about President Josh Delman s past But Damien Hunter is on to the President and he ll stop at nothing to save the wife and children who were stolen from him In the second part of The Grid Trilogy the truth is finally revealed about the plague years and how the decimation of humanity could have been stopped But one man will do what it takes to keep the truth hidden The Grid 3 Catharsis The ticking clock which could wipe out humanity A deadly deal struck in secret The betrayal which sentenced millions to certain death A man who will stop at nothing to be reunited with his family Only one man can end it all In the final part of The Grid Trilogy Joe Parsons is forced to forge extraordinary alliances in order to survive Having discovered the mystery at the centre of The Grid he s not only fighting for his own life he must now move fast to save the entire city The secrets of the past come back to haunt President Delman whose actions as a young man damned the citizens to their miserable lives within the high concrete walls The race is on to beat Catharsis and assure the future of humanity Can Joe Parsons fight his way back through The Grid and save the remains of humanity What readers are saying about The Grid Trilogy This book was simply amazing I was immediately pulled into the story The conflicts for each of the characters and how everything tied together was riveting I reached the end of the book and was surprised I hadn t realized that I had been close to the end Paul Teague is just that good Excellent story Looking forward to reading more This kept me hooked with the vivid imagery of the ruined city and the oppression of the climbs Can t wait to read the rest I really enjoyed this book it had everything I look for in a book had me hooked on page 1 I just found this author and am so glad I did I can t wait to read more from him Hooked from the get go Imaginative and believable Characters feel like your best friends At least the good guys do Loved this series Very suspenseful and full of twists A very fast paced read
