**Looking Back to the Future** Griselda Pollock, 2014-04-08 In this selection of recent essays Pollock insightfully engages all major areas of contemporary theory especially focusing on sexed subjectivities post colonialism and Marxist informed history In her commentary Penny Florence places Pollock s critique of modernism art history and criticism within the context of the social political and ideological developments that have taken place since the 1970s Florence recognizes in Pollock s work a critical model that moves beyond the contradictions that take place within the history of art Pollock s own essays and Florence s commentary elaborate the complexities in evaluating this prominent theorist and feminist whose work demands a capacity to sustain contradiction

**Looking Back, Moving Forward** Girish Daswani, 2015-02-26 How do Ghanaian Pentecostals resolve the contradictions of their own faith while remaining faithful to their religious identity Bringing together the anthropology of Christianity and the anthropology of ethics Girish Daswani s Looking Back Moving Forward investigates the compromises with the past that members of Ghana s Church of Pentecost make in order to remain committed Christians Even as church members embrace the break with the past that comes from being born again many are less concerned with the boundaries of Christian practice than with interpersonal questions the continuity of suffering after conversion the causes of unhealthy relationships the changes brought about by migration and how to deal with them By paying ethnographic attention to the embodied practices interpersonal relationships and moments of self reflection in the lives of members of the Church of Pentecost in Ghana and amongst the Ghanaian diaspora in London Looking Back Moving Forward explores ethical practice as it emerges out of the questions that church members and other Ghanaian Pentecostals ask themselves

**Walking Forward, Looking Back** Dinah Latham, 2014-10-28 The book tells the story of a retired district nurse and midwife reflecting on her life whilst walking with her close companion Harriet the dog It is a touchingly honest work written straight from the heart The reader will both laugh and cry as the author recounts many moving stories of patients cared for in 1960s London The writings so patently contrast care in the community then and now that it becomes impossible not to regret the passing of a time when nursing was seen as a vocation when nurses were proud to serve Divorce and single parenthood accompany her career journey while living alone escorts her into retirement It is then that fortune takes a hand or rather a paw and brings Harriet the dog into her life This may just have been the coming together of chance and good timing but destiny or happy accident it was certainly a blessing It was her need to be taken on daily walks that finds our author evoking memories randomly flicking through a lifetime of unwritten diaries Together they share their walks taking the reader through the changing seasons of the Chiltern countryside while also travelling a new pathway one with an unfamiliar landscape a one way journey into growing old This is a voyage of discovery one that promises many unexpected new experiences not the least of which is their most recent pastime sheepherding

**Death of the Church Victorious** Ovid Need, *Death of the Church Victorious* traces with abundant documentation the roots and modern growth of Protestant Zionism and dispensational theology i e God working in different ways in different periods of time from its roots in the late 1700 s to the late 1900 s The new and unique ideas presented during that time were considered unorthodox even heresy But through dedication and hard work men such as John Darby George Muller Hudson Taylor and Dwight Moody changed Christianity from victory to defeat and exalted Zionism over the Gospel Church Now non dispensational theology is considered unorthodox Moody s Northfield conferences the Civil War and the publication of

Scofield's popular Reference Bible allowed Zionism and dispensationalism to become legitimate Biblical doctrines in America. If Protestants find a monk's retreat from the world wrong, is their otherworldliness any the less objectionable? Ovid Need's study of *Death of the Church Victorious: Tracing the Roots and Implications of Otherworldliness* is a work of major importance. A false spirituality and an otherworldliness of anti-Biblical characters have long plagued the Christian Church and hobbled its progress. Pastor Need analyzes those views in evangelical circles which are working against the future of the faith. His study is a summons to a Biblical faith and power. It is written with grace and insight. Its timelessness cannot be overstated. It is a joy to read and a work that the Christian community should be grateful for. R. J. Rushdoony from the Foreword. Pastor Need brings to light dispensationalism's dire effects: pessimism instead of prevailing cowardice; instead of conquering isolation instead of involvement; a system offering a rapturous sneaking away at any moment instead of encouraging the saints to subjugate and subdue the enemy until victory is obtained. Dave MacPherson from the foreword. This title is a direct print from and original copy.
