Rockefeller, Carnegie, and Canada
Jeffrey Brison, 2005-12-01 In the first half of the twentieth century the Rockefeller Foundation and the Carnegie Corporation
helped to create and maintain a cultural and intellectual infrastructure in Canada that benefited key institutions such as
University of Toronto McGill University the National Gallery the Humanities Research Council of Canada and the Canadian
Social Science Research Council Jeffrey Brison documents how American philanthropy facilitated the transformation from a
private localized system of cultural intellectual and academic patronage to a complex nation based system of incorporated
patronage a system in which the major patron was the federal state His study calls into question our essentialistic notions of
contrasting national identities and the now mythologized juxtaposition of an American culture fueled by the free market with
a Canadian one sustained by state support
