Looking West Cultural Globalization And Russian Youth Culture:

Looking West?: Cultural Globalization and Russian Youth Cultures, Russian youth culture has been a subject of great interest to researchers since 1991 but most studies to date have failed to consider the global context. Looking West engages theories of cultural globalization to chart how post Soviet Russia's opening up to the West has been reflected in the cultural practices of its young people. Visitors to Russia's cities often interpret the presence of designer clothes shops, Internet cafés and a vibrant club scene as evidence of the Westernization of Russian youth. As Looking West shows, however, the younger generation has adopted a pick and mix strategy with regard to Western cultural commodities that reflects a receptiveness to the global alongside a precious guarding of the local. The authors show us how young people perceive Russia to be positioned in current global flows of cultural exchange, what their sense of Russia's place in the new global order is, and how they manage to live with the West on a daily basis. Looking West represents an important landmark in Russian Western collaborative research. Hilary Pilkington and Elena Omelchenko have been at the heart of an eight year collaboration between the University of Birmingham, UK and Uliyanovsk State University, Russia. This book was written by Pilkington and Omelchenko with the team of researchers on the project: Moya Flynn, Uliana Bliudina and Elena Starkova. **Eastern**

European Youth Cultures in a Global Context Matthias Schwartz, Heike Winkel, 2016-04-29. The demise of state Socialisms caused radical social, cultural and economic changes in Eastern Europe. Since then, young people have been confronted with fundamental disruptions and transformations to their daily environment while an unsettling globalized world substantially reshapes local belongings and conventional values. In times of multiple instabilities and uncertainties, this volume argues, young people prefer to try to adjust to given circumstances than to adopt the behaviour of potential rebellious adolescent role models, dissident counter cultures or artistic breakings of taboo. *Eastern European Youth Cultures in a Global Context* takes this situation as a starting point for an examination of generational change, cultural belongings, political activism and everyday practices of young people in different Eastern European countries from an interdisciplinary perspective. It argues that the conditions of global change not only call for a differentiated evaluation of youth cultures but also for a revision of our understanding of youth itself in Eastern Europe and beyond. **Cultural Globalization J.**

MacGregor Wise, 2010-01-05. *Cultural Globalization: A User's Guide* is a personal and engaging journey through theories of culture and globalization. Drawing on extensive examples and interdisciplinary research, Wise explores concepts of culture, territory and identity in order to give students a new perspective on issues of globalization. Includes numerous examples from Asian, European and North American youth culture and popular music. Draws on interdisciplinary research from the fields of anthropology, cultural studies, cultural geography and media studies. Considers how global processes carry with them the ethical questions of how to act in the world and how to care for others. Provides an original and stimulating overview of theories of culture and globalization, encouraging students to think more broadly about the key issues. **Remains of the**

Soviet Past in Estonia Francisco Martinez, 2018-07-06 What happens to legacies that do not find any continuation In Estonia a new generation that does not remember the socialist era and is open to global influences has grown up As a result the impact of the Soviet memory in people s conventional values is losing its effective power opening new opportunities for repair and revaluation of the past Francisco Martinez brings together a number of sites of interest to explore the vanquishing of the Soviet legacy in Estonia the railway bazaar in Tallinn where concepts such as market and employment take on distinctly different meanings from their Western use Linnahall a grandiose venue whose Soviet heritage now poses difficult questions of how to present the building s history Tallinn s cityscape where the social spatial and temporal co evolution of the city can be viewed and debated Narva a city that marks the border between the Russian Federation NATO and the European Union and represents a place of continual negotiation of belonging and the new Estonian National Museum in Raadi an area on the outskirts of Tartu that has been turned into a memory field The anthropological study of all these places shows that national identity and historical representations can be constructed in relation to waste and disrepair too also demonstrating how we can understand generational change in a material sense Praise for *Remains of the Soviet Past in Estonia* By adopting the tropes of repair and waste this book innovatively manages to link various material registers from architecture intergenerational relations affect and museums with ways of making the past present Through a rigorous yet transdisciplinary method Martinez brings together different scales and contexts that would often be segregated out In this respect the ethnography unfolds a deep and nuanced analysis providing a useful comparative and insightful account of the processes of repair and waste making in all their material social and ontological dimensions Victor Buchli Professor of Material Culture at UCL This book comprises an endearingly transdisciplinary ethnography of postsocialist material culture and social change in Estonia Martinez creatively draws on a number of critical and cultural theorists together with additional research on memory and political studies scholarship and the classics of anthropology Grappling concurrently with time and space the book offers a delightfully thick description of the material effects generated by the accelerated post Soviet transformation in Estonia inquiring into the generational specificities in experiencing and relating to the postsocialist condition through the conceptual anchors of wasted legacies and repair This book defies disciplinary boundaries and shows how an attention to material relations and affective infrastructures might reinvigorate political theory Maria M Ikksoo Senior Lecturer Brussels School of International Studies at the University of Kent

The Whole World Was Watching Robert Edelman,Christopher Young,2019-12-10 In the Cold War era the confrontation between capitalism and communism played out not only in military diplomatic and political contexts but also in the realm of culture and perhaps nowhere more so than the cultural phenomenon of sports where the symbolic capital of athletic endeavor held up a mirror to the global contest for the sympathies of citizens worldwide The Whole World Was Watching examines Cold War rivalries through the lens of sporting activities and competitions across Europe Asia Africa Latin America and the U S The essays in this volume consider sport as a vital sphere for understanding the complex geopolitics and cultural politics of the time not just in terms of commerce and celebrity but also with respect to shifting notions of race class and gender Including contributions from an international lineup of historians this volume suggests that the analysis of sport provides a valuable lens for understanding both how individuals experienced the Cold War in their daily lives and how sports culture in turn influenced politics and diplomatic relations

Cross-Cultural Destination Image Assessment: Cultural Segmentation Versus the Global Tourist Wassim El Kadhi,2009-03 Various scholars consider destination image a vital part in tourism marketing as the key in attracting tourists It is often regarded as the most important element in a destination s management and may induce success or failure Within this research project destination image is being assessed in cross

cultural terms It scrutinises the extent to which destination image is culture specific In other words does a destination s image vary across people from different cultural backgrounds This question evolves and is vindicated in an era that is subjected to globalisation and increasingly refers to the global tourist Many academics are convinced that the world tourism market may be treated as a homogenous one due to globalisation However the literature also provides some opposing bearings and discusses them Hence the author of this book intended to investigate this issue in more depth in order to find a probable answer to the contradicting sources by conducting an exploratory study of Arab Islamic and Protestant European youth s pre visitation image on Berlin In response to the objectives of this study primary research was carried out It involved both quantitative and qualitative data collection methods Field and online surveys enabled the researcher to collect 239 completed questionnaires Besides semi structured interviews and focus group discussions were carried out Obtained data was entered into SPSS and frequencies and means were calculated and several ANOVA tests and cross tabulations conducted in order to stress destination image s specificity in terms of cultural background This book further gives information on Berlin as a tourist destination addresses destination image concerning influential cultural factors and the implications of globalisation on consumer behaviour Finally it studies the Arab Islamic and Protestant European youth cultures in the light of globalisation and potential modifying effects It also provides recommendations

Reconstructing the House of Culture Brian Donahoe, Joachim Otto Habeck, 2011-11-01 Notions of culture rituals and their meanings the workings of ideology in everyday life public representations of tradition and ethnicity and the social consequences of economic transition these are critical issues in the social anthropology of Russia and other postsocialist countries Engaged in the negotiation of all these is the House of Culture which was the key institution for cultural activities and implementation of state cultural policies in all socialist states The House of Culture was officially responsible for cultural enlightenment moral edification and personal cultivation in short for implementing the socialist state s program of bringing culture to the masses Surprisingly little is known about its past and present condition This collection of ethnographically rich accounts examines the social significance and everyday performance of Houses of Culture and how they have changed in recent decades In the years immediately following the end of the Soviet Union they underwent a deep economic and symbolic crisis and many closed Recently however there have been signs of a revitalization of the Houses of Culture and a re orientation of their missions and programs The contributions to this volume investigate the changing functions and meanings of these vital institutions for the communities that they serve
