Lord Kitchener!

Photograph of Horatio Herbert Kitchener, 1st Earl Kitchener

Field Marshal Horatio Herbert Kitchener, 1st Earl Kitchener, was a senior British Army officer and colonial administrator of Irish origin. Kitchener rose to prominence due to his participation in the Second Boer War, a conflict fought between the British Empire and the two Boer Republics over the Empire's influence in Southern Africa, and his pivotal role in the early stages of the First World War. Kitchener made a critical contribution to the eventual Allied victory by anticipating a long war and creating Britain's first mass army. Still, the expanding nature of the conflict burdened him with an overwhelming workload that undermined his performance as Secretary of State for War.

dismembered and disabled by the war were not viewed as passive or weak like their civilian counterparts but were the focus of much government and public sentiment Those suffering from disease were viewed differently often finding themselves accused of malingering Joanna Bourke argues convincingly that military experiences led to a greater sharing of gender identities between men of different classes and ages Dismembering the Male concludes that ultimately attempts to reconstruct a new type of masculinity failed as the threat of another war and with it the sacrifice of a new generation of men intensified
