## **Lords Of The Land:**

**Lords of the Land, Lords of the Sea** Hans Hägerdal, 2012-01-01 European traders and soldiers established a foothold on Timor in the course of the seventeenth century motivated by the quest for the commercially vital sandalwood and the intense competition between the Dutch and the Portuguese Lords of the Land Lords of the Sea focuses on two centuries of contacts between the indigenous polities on Timor and the early colonials and covers the period 1600 1800 In contrast with most previous studies the book treats Timor as a historical region in its own right using a wide array of Dutch Portuguese and other original sources which are compared with the comprehensive corpus of oral tradition recorded on the island From this rich material a lively picture emerges of life and death in early Timorese society the forms of trade slavery warfare alliances social life and so forth The investigation demonstrates that the European groups although having a role as ordering political forces were only part of the political landscape of Timor They relied on alliances where the distinction between ally and vassal was moot and led to frequent conflicts and uprisings During a slow and complicated process the often turbulent political conditions involving Europeans Eurasians and Timorese polities paved the way for the later division of Timor into two spheres of roughly equal size

**Lords of the Land** Alison Plowden, 1984 Lords of the Land Idith Zertal, Akiva Eldar, 2009-06-09 Lords of the Land tells the tragic story of Jewish settlement in the West Bank and Gaza Strip In the aftermath of the 1967 war and Israel's devastating victory over its Arab neighbors catastrophe struck both the soul and psyche of the state of Israel Based on years of research and written by one of Israel's leading historians and journalists this involving narrative focuses on the settlers themselves often fueled by messianic zeal but also inspired by the original Zionist settlers and shows the role the state of Israel has played in nurturing them through massive economic aid and legal sanctions The occupation the authors argue has transformed the very foundations of Israel's society economy army history language moral profile and international standing The vast majority of the 6.5 million Israelis who live in their country do not know any other reality the authors write The vast majority of the 3.5 million Palestinians who live in the regions of their occupied land do not know any other reality The prolonged military occupation and the Jewish settlements that are perpetuating it have toppled Israeli governments and have brought Israel's democracy and its political culture to the brink of an abyss **Begin. useful source for probing the medieval aristocratic family and aristocratic attitudes Shopkow brings Lambert s chronicle to life in an accurate lively translation and provides relevant historical and historiographical information in her extensive introduction and explanatory notes to the text **History of the Lands and Their Owners in Galloway** Peter Handyside MacKerlie,1877 **The Spirit of Zoroastrianism** Prods Oktor Skjærvø,2012-02-07 Zoroastrianism is one of the world s oldest religions though it is not among the best understood Originating with Iranian tribes living in Central Asia in the second millennium BCE Zoroastrianism was the official religion of the Iranian empires until Islam superseded it in the seventh century AD Centered on the worship of Ahura Mazda the All knowing Ruler Zoroastrianism follows the practices and rituals set out by the prophet Zarathustra according to the indigenous tradition As one of the world s great religions Zoroastrianism has a heritage rich in texts and cultic practices The texts are often markedly difficult to translate but in this volume Prods Oktor Skj rv professor of ancient Iranian languages and culture at Harvard provides modern and accurate translations of Zoroastrian texts that have been selected to provide an overview of Zoroastrian beliefs and practices In a comprehensive introduction to these sacred texts Skj rv outlines the history and essence of Zoroastrianism and discusses the major themes of this the first fully representative selection of Zoroastrian texts to be made available in English for over a century
