L'organisation Du Travail Dans La Région:

Ancient Egyptian Administration Juan Carlos Moreno García, 2013-06-03 Ancient Egyptian Administration provides the first comprehensive overview of the structure organization and evolution of the pharaonic administration from its origins to the end of the Late Period The book not only focuses on bureaucracy departments and official practices but also on more informal issues like patronage the limits in the actual exercise of authority and the competing interests between institutions and factions within the ruling elite Furthermore general chapters devoted to the best documented periods in Egyptian history are supplemented by more detailed ones dealing with specific archives regions and administrative problems The volume thus produced by an international team of leading scholars will be an indispensable up to date tool of research covering a much neglected aspect of pharaonic civilization *OECD Territorial Reviews: The Metropolitan Region of Melbourne, Australia*

2003 OECD, 2003-10-30 OECD's comprehensive territorial review of Melbourne Australia's second largest city most important container port and leading cultural and educational centre *Les villes et les régions dans la nouvelle économie apprenante* OECD, 2001-01-18 Peut-on parler d'une nouvelle économie apprenante Les régions et les villes jouent-elles un nouveau rôle en termes de gouvernance et d'intervention pour stimuler l'apprentissage l'innovation la productivité et les performances économiques , **Femmes twas et droits des Twas dans la région africaine des Grands Lacs** Dorothy

Jackson, 2003-11-10 Les Twas en tant que peuple autochtone de la région africaine des Grands Lacs sont dominés par de nombreux autres groupes ethniques Si les Twas dans leur ensemble souffrent de discrimination de marginalisation et d'extrême pauvreté combien plus les femmes twas en souffrent-elles Cette situation a très certainement exacerbé par le violent conflit qui a secoué la région Dorothy Jackson possède de nombreuses années d'expérience et de travail aux côtés des communautés twas de la région et des femmes twas en particulier On devine clairement les voix des femmes twas dans ce rapport qui plaident pour des changements et la reconnaissance de leurs droits en tant qu'autochtones et en tant que femmes Malgré la discrimination et la pauvreté qui sont leur lot quotidien elles sont pleines d'énergie d'idées et de courage ce que ce rapport suffit à montrer La question foncière est aujourd'hui de premier ordre pour les femmes comme pour les communautés twas Les Twas étaient traditionnellement dépendants des forêts et des territoires sur lesquelles ils vivaient Or aujourd'hui la plupart des Twas sont sans terre Leur culture et leur existence même sont en danger Qui plus est les changements profonds qui affectent aujourd'hui leurs sociétés sont en train de remettre en question le statut traditionnel d'égalité entre hommes et femmes Ce rapport présente les politiques gouvernementales et les instruments juridiques internationaux relatifs aux droits humains que les Twas et les organisations qui les soutiennent pourraient utiliser au Burundi en Ouganda en République démocratique du Congo et au Rwanda En guise de conclusion le rapport offre des recommandations aux gouvernements de ces États et aux organisations de développement **Le régionalisme économique et spécialement la région économique de Bordeaux**

Sénégal Laurence Porgès, 2019-07-22 No detailed description available for Bibliographie des Régions du Sénégal African Studies in Geography from Below Michel Ben Arrous, Lazare Ki-Zerbo, 2009 The doctrine of international relations interstate indeed territorial ideologies the logic of autochthony and its ramifications ethnic cleansing are all hinged at different levels upon the same pseudo fact to every society a closed and exclusive territory demarcated by fixed and linear borders This way of thinking totally foreign to African societies for a long time has generated today more contradictions than it can ever solve The authors of this book make a clear distinction between territory formation from the top as being a deliberate political project and its formation from below as being a more diffused historical process which is determined by the scheme of antagonisms and compromises between social forces In lieu of a stark opposition between the top and below the authors unveil the interdependence and mutual influence which form the basis of a dual system within which legal formation by the colonial authorities first then by the postcolonial one is confronted with a host of subaltern spatial dynamics neglecting thereby the legitimacy which only they can provide As an essential read for anyone who is interested in the relationship between knowledge and power this book offers stimulating perspectives on the issue of African unity and its epistemological and political challenges It renews profoundly our approaches to human security citizenship borders and mobility
