## **Lorna And Her Robot:**

*Lorna and Her Robot* Alfonso Azpiri, 2000-05-01      **European Comics in English Translation** Randall William Scott, 2002 European comic authors produced a steady stream of comic material throughout the twentieth century but gained the world's notice in 1975 when the French magazine *Métal Hurlant* was founded. A new generation of artists and writers had begun. Soon publishers were producing translations of the new comics into other languages including English and comics creators everywhere were inspired to innovation. This is a reference work arranged by artist or writer to European comics from the last quarter of the twentieth century that have been translated from any European language into English. It contains a variety of material from the innocent imperialism of Herge's Tintin to the sadistic murder for hire in Berner's *Torpedo*. Albums by a single creator or artist and writer team of European origin are the focus; comics in periodicals and anthologies with multiple contributors are excluded. Each entry provides a plot abstract and various notes about the original comic. An author index provides brief biographical information. There is a comprehensive general index.      **Obituaries in the Performing Arts, 2017** Harris M. Lentz III, 2018-05-03 The entertainment world lost many notable talents in 2017 including iconic character actor Harry Dean Stanton, comedians Jerry Lewis and Dick Gregory, country singer Glen Campbell, playwright Sam Shepard, and actor-singer Jim Nabors. Obituaries of actors, filmmakers, musicians, producers, dancers, composers, writers, animals, and others associated with the performing arts who died in 2017 are included. Date, place, and cause of death are provided for each, along with a career recap and a photograph. Filmographies are given for film and television performers.      *DIG THE ZONE OF FREEDOM* Richard Byrne BSc(Hons), 2016-03-22 *DIG THE ZONE OF FREEDOM* by Richard Byrne BSc(Hons) Get ready to take a musical journey with a cast of characters you will never forget. Like its companion volume *The Encyclopedia of Science Fiction*, this massive reference of 4,000 entries covers all aspects of fantasy from literature to art. **Generation Robot** Terri Favro, 2018-02-06. *Generation Robot* covers a century of science fiction fact and speculation from the 1950 publication of Isaac Asimov's seminal robot masterpiece *I Robot* to the 2050 Singularity when artificial and human intelligence are predicted to merge. Beginning with a childhood informed by pop culture robots in movies, in comic books and on TV in the 1960s to adulthood where the possibilities of self-driving cars and virtual reality are daily conversation, Terri Favro offers a unique perspective on how our relationship with robotics and futuristic technologies has shifted over time. Peppered with pop culture fun facts about Superman's kryptonite, the human-machine relationships in the cult TV show *Firefly* and the sexual and moral implications of the film *Ex Machina*, *Generation Robot* explores how the techno triumphs and resulting anxieties of reality bleed into the fantasies of our collective culture. Clever and accessible, *Generation Robot* isn't just for the serious scientific reader; it's for everyone interested in robotics and technology since their science fiction origins. By looking back at the future she once imagined, analyzing the plugged-in present and speculating on what is on the horizon, Terri Favro allows readers the chance to consider what was, what is, and what could be. This is a captivating book that looks at the pop culture of our society to explain how the world works now and tomorrow. Robolove 1 - Operation Iron Heart Martina André, 2021-10-12. Chicago 2056.
