Los Otros Columbus And The Three Who Made His Enterprise Of The:

Los Otros John Frye, 1992 This is an account of three men without whose influence and resources Columbus enterprise of the Indies would not have occurred Martin Alonso Pinzon was a shipowner navigator His young brother Vicente Yanez was also a navigator Juan de la Cosa was owner of the merchantman Marigalante to be chartered and renamed by Columbus the Santa Maria The three of them had adventures together or separately poaching in Portuguese preserves of Atlantic Africa as far south as Guinea These are their stories

Columbus and His First Voyage James E. Wadsworth, 2016-10-06 What happened on Columbus's first voyage across the Atlantic Who was responsible for the success of that voyage How do we know These questions were debated in the courts of Spain for decades after 1492 Some of those who sailed with Columbus left very different accounts as recorded in those trial records Their competing voices have long been silenced by the deafening crescendo of Columbus's own narrative a narrative riddled with contradictions and inconsistencies that beg to be explained This documentary history allows the reader to encounter the founding documents of the Columbus story as well as the voices that dared to challenge it even in his own day What these documents reveal forces us to re-imagine Columbus and his voyage in surprising ways Columbus and His First Voyage brings together for the first time the two contemporary versions of what happened on the first voyage the Columbian narrative and the Pinzon narrative and embeds them in a thorough introduction to Columbus his first voyage and the myths that surround this pivotal event in the history of the modern world

Columbus Laurence Bergreen, 2012-09-25 He knew nothing of celestial navigation or of the existence of the Pacific Ocean He was a self-promoting and ambitious entrepreneur His maps were a hybrid of fantasy and delusion When he did make land he enslaved the populace he found encouraged genocide and polluted relations between peoples He ended his career in near lunacy But Columbus had one asset that made all the difference an inborn sense of the sea of wind and weather and of selecting the optimal course to get from A to B Laurence Bergreen's energetic and bracing book gives the whole Columbus and most importantly the whole of his career not just the highlight of 1492 Columbus undertook three more voyages between 1494 and 1504 each designed to demonstrate that he could sail to China within a matter of weeks and convert those he found there to Christianity By their conclusion Columbus was broken in body and spirit a hero undone by the tragic flaw of pride If the first voyage illustrates the rewards of exploration this book shows how the subsequent voyages illustrate the costs political moral and economic

A New World of Animals Miguel de Asúa, Roger French, 2017-03-02 Many Early Modern Europeans who during the sixteenth and seventeenth centuries travelled to the New World left written or pictorial records of their encounters with a surprising fauna The story told in this book is woven out of the threads of those texts and pictures A New World of Animals shows how the initial wonder at the new beasts gave way to a more utilitarian approach assessing their economic and medical potential It elucidates how shifts in European perceptions brought the animals from the realm of the fantastic into the mainstream of early modern natural history while at the same time changing

the way in which Europeans saw their own world Indeed the chronicles and treatises of those who in the wake of the discovery arrived in the new lands tell as much about the particular interests and mental worlds of the writers as about the new animals This book traces the amazement of the first explorers and colonizers the chronicles of soldiers and Indians the natural histories of the New World the place of animals in the network of economic interests driving the early expansion of Europe the views of the missionaries and those of natural philosophers and physicians Taking the reader from the Brazilian forests to the erudite cabinets of the Old World from Patagonia to the centres of empire the story of the discovery of the unexpected menagerie of the New World is also an exploration of Early Modern European imagination and learning

Dogs of God James Reston, Jr., 2006-10-10 From the acclaimed author of *Warriors of God* comes a riveting account of the pivotal events of 1492 when towering political ambitions horrific religious excesses and a drive toward international conquest changed the world forever James Reston Jr brings to life the epic story of Spain's effort to consolidate its own burgeoning power by throwing off the yoke of the Vatican By waging war on the remaining Moors in Granada and unleashing the Inquisitor Torquemada on Spain's Jewish and converso population King Ferdinand and Queen Isabella attained enough power and wealth to fund Columbus expedition to America and to chart a Spanish destiny separate from that of Italy With rich characterizations of the central players this engrossing narrative captures all the political and religious ferment of this crucial moment on the eve of the discovery of the New World

South America Hollis Micheal Tarver Denova, Carlos E. Márquez Petit, 2025 This two volume encyclopedia provides entries on the key peoples events industries and landmarks essential to the history of South American countries from European contact to their independence

British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain ,1992 **Bibliographic Index** ,1995 Encyclopedia of Exploration to 1800 Raymond John Howgego,2003 A comprehensive reference guide to the history and literature of exploration travel and colonization from the earliest times to the year 1800 The vast scope of the Encyclopedia of Exploration makes it a work unlike any other in its combination of historical biographical and bibliographical data It includes a catalogue of all known expeditions voyages and travels as well as biographical information on the travellers themselves which places them in their historical context The Encyclopedia of Exploration to 1800 is a massive undertaking resulting in a work that extends to 1 2 million words in almost 1200 pages The 2327 major articles have generated index entries totalling more than 7500 names of persons or ships mentioned in the text Within the text itself there are about 4000 cross references between articles Altogether nearly 20 000 bibliographical citations accompany the articles A considerable quantity of information in this book is presented here for the first time in English **History of the Life and Voyages of Christopher Columbus** Washington Irving,1835 Christopher Columbus: His Life, His Works, His Remains John Boyd Thacher,1903 **American Book Publishing Record** ,1992 Christopher Columbus's Naming in the 'diarios' of the Four Voyages (1492-1504) Evelina Guzuskyte,2014-01-01 In this fascinating book Evelina Guzauskyt uses the names Columbus gave to places in the Caribbean Basin as a way to examine the complex encounter between Europeans and the native inhabitants Guzauskyt challenges the common notion that Columbus s acts of naming were merely an imperial attempt to impose his will on the terrain Instead she argues that they were the result of the collisions between several distinct worlds including the real and mythical geography of the Old World Portuguese and Catalan naming traditions and the knowledge and mapping practices of the Taino inhabitants of the Caribbean Rather than reflecting the Spanish desire for an orderly empire Columbus s collection of place names was fractured and fragmented the product of the explorer s dynamic relationship with the inhabitants nature and geography of the Caribbean Basin To complement Guzauskyt s argument the book also features the first comprehensive list of the more than two hundred Columbian place names that are documented in his diarios and other contemporary sources *Whitaker's Books in Print* ,1998 **The Cumulative Book Index** ,1994 A world list of books in the English language History of the Life and Voyages of Christoph Columbus Irving,1841 **The British National Bibliography** Arthur James Wells,1993 **Christopher Columbus, His Life, His Work, His Remains** John Boyd Thacher,1903
