Chicano and Chicana Art Jennifer A. González, C. Ondine Chavoya, Chon Noriega, Terezita Romo, 2019-01-15 This anthology provides an overview of the history and theory of Chicano art from the 1960s to the present, emphasizing the debates and vocabularies that have played key roles in its conceptualization. In *Chicano and Chicana Art* which includes many of Chicano art's landmark and foundational texts and manifestos, artists, curators, and cultural critics trace the development of Chicano art from its early role in the Chicano civil rights movement to its mainstream acceptance in American art institutions. Throughout this teaching-oriented volume they address a number of themes including the politics of border life, public art practices such as posters and murals, and feminist and queer artists' figurations of Chicano bodies. They also chart the multiple cultural and artistic influences from American graffiti and Mexican pre-Columbian spirituality to pop art and modernism that have informed Chicano art's practice. Movie-Made Los Angeles John Trafton, 2023-10-17 Explores the proto-cinematic visual culture of Los Angeles that set the scene for modern Hollywood. Los Angeles was a cinematic city long before the rise of Hollywood. By the dawn of the twentieth century, photography, painting,

and tourist promotion in Southern California provided early filmmakers with a template for building a myth making business and envisioning ideal moviegoers These art forms positioned California as a land of transformative experiences and catapulted the dusty backwater town of Los Angeles to the largest city on the west coast by 1915 Photography aided the Southern Pacific Railroad Company in opening the region to the rest of nation Painters gave traditions that were fading in Europe a new lease on life in the California sun with signature colors and techniques that would be adopted by L A real estate companies agribusiness and health retreats Tourism infused the iconography and signature styles of art with cultural mythology of the state s colonial past offering proto cinematic experiences to those who ventured west Author John Trafton explores how Hollywood an industry based on world building was the product of these art forms in the land of sunshine A more complete story of the American film industry s ascendancy in Los Angeles emerges when one considers how the City of Angels cultivated its self image through pre cinema narrative art
