Learning Spanish Hermann Dr. Sicius, 2025-03-19 This textbook is intended to be used alongside a course but self learners can also work with it without any problems and acquire a very good knowledge of the language It is deliberately not designed for a playful learning of a language of which books are available in large numbers Unfortunately learning a foreign language on a trial basis usually brings little success and it takes a long time as well This book may be very useful for tourists business travelers or property owners in Spain needing to talk to locals This Spanish course is different to other works It has been created to guide you through the systematic and intensive learning of the Spanish language and it contains all the important elements of grammar with lots of example sentences and a large vocabulary section No reference is made to the different learning levels that professional translators correspondents or interpreters need to reach The requirements are therefore well beyond ordering food in a restaurant and they also include a certain amount of time that you should spend on your self study This book will be the first in a series which has been planned to familiarize you with the systematic learning of foreign languages In the future I plan to publish analogous textbooks with exactly the same structure for learning German French Portuguese Dutch and Danish languages I will also be happy to give lessons in these languages on request I am looking forward to your feedback just send me an e mail to hermann sicius web de If you like to continue and learn Spanish now Welcome I wish you much success Quisiera desear mucho xito a usted And now have fun learning Spanish

de Huarás, en Español e Inglés: Glosario Menandra Mosquera,2012-11-30 This glossary has been prepared in order to leave a record of the Quechua spoken by the people of Huar s and surrounding areas in the mid 20th century Huar s capital of the Region Department of Ancash Peru has a distinct form of Quechua That dialect was endangered due to a massive earthquake on May 31 1970 Tens of thousands of people died and the city was destroyed Many of the survivors left the area Once rebuilt Huar s was repopulated with people new to the area who use Spanish or a different dialect to communicate Since then technological influences such as the Internet also reinforce the use of Spanish to the detriment of the local Quechua Born in Huar s I was raised in a bilingual environment Spanish and Quechua Although I left the area to attend the university I could always feel at home upon returning until that earthquake Since then it seems strange to return to an unfamiliar city due to people language and environment I hope this glossary will help the newer generations better understand not only their grandparents and ancestors but the culture from which they come Language and culture are intimately tied and much more than words is lost when a language dies The Inca Empire Tahuantinsuyo was invaded by Spain in 1532 At that time Quechua was spoken never written throughout the Inca civilization with many dialects Since then the Spanish language has been imposed but in Huar s never did it replace Quechua to the extent that it did in 1970 This glossary contains words several verb forms and phrases It is written with the expectation that it may help to preserve the inherited Quechua so that Huar s may remain bilingual It is written for huarasinos the people of Huar s If others find it useful better yet The glossary is in Quechua To facilitate access to the Quechua indices in Spanish and in English are included M Mosquera
