**Christopher Columbus's Naming in the**

**'diarios' of the Four Voyages (1492-1504)** Evelina Guzauskyte,2014-04-30 In this fascinating book Evelina Gu auskyt uses the names Columbus gave to places in the Caribbean Basin as a way to examine the complex encounter between Europeans and the native inhabitants Gu auskyt challenges the common notion that Columbus s acts of naming were merely an imperial attempt to impose his will on the terrain Instead she argues that they were the result of the collisions between several distinct worlds including the real and mythical geography of the Old World Portuguese and Catalan naming traditions and the knowledge and mapping practices of the Taino inhabitants of the Caribbean Rather than reflecting the Spanish desire for an orderly empire Columbus s collection of place names was fractured and fragmented the product of the explorer s dynamic relationship with the inhabitants nature and geography of the Caribbean Basin To complement Gu auskyt s argument the book also features the first comprehensive list of the more than two hundred Columbian place names that are documented in his diarios and other contemporary sources *Cristóbal Colón Y El Viaje de 1492 (Christopher Columbus and the Voyage of 1492)*. Maritime History at the Crossroads Frank Broeze,2017-10-18 This volume seeks to critically review the contemporary state of maritime historiography as it stands at the volume s publication date of 1995 The volume is comprised of thirteen essays each focused on the recent research into the maritime concerns of a particular geographical location listed as follows Australia Canada China Denmark Germany Greece Ibero America India the Netherlands the Ottoman Empire Spain the United States and a final chapter concerning historians and maritime labour in Britain Australia and New Zealand One concern made evident by the collection is the lack of stable identity and cohesive aims within maritime history the subject holds many conflicting definitions and concepts The purpose of this volume is to explore the recent developments in maritime history plus the growth of scholarly interest to provide a beacon and stimulus for future work and to clearly direct and define maritime historiography toward a solid position in the field of history *The Christopher Columbus Encyclopedia* Silvio A. Beding,2016-02-08 The European discovery of the Americas in 1492 was one of the most important events of the Renaissance and with it Christopher Columbus changed the course of world history Now five hundred years later this 2 volume reference work will chart new courses in the study and understanding of Columbus and the Age of Discovery Much more than an account of the man and his voyages The Christopher Columbus Encyclopedia is a complete A Z look at the world during this momentous era In two volumes The Christopher Columbus Encyclopedia contains more than 350 signed original articles ranging from 250 to more than 10 000 words written by nearly 150 contributors from around the world The work includes cross references bibliographies for each article and a comprehensive index The work is fully illustrated with hundreds of maps drawings and photographs *Creole Subjects in the Colonial Americas* Ralph Bauer,José Antonio Mazzotti,2012-12-01 Creolization describes the cultural adaptations that occur when a community moves to a new geographic setting Exploring the consciousness of peoples defined as creoles who moved from the Old World to the New World this collection of eighteen

original essays investigates the creolization of literary forms and genres in the Americas between the sixteenth and nineteenth centuries *Creole Subjects in the Colonial Americas* facilitates a cross disciplinary intrahemispheric and Atlantic comparison of early settlers colonialism and creole elites relation to both indigenous peoples and imperial regimes Contributors explore literatures written in Spanish Portuguese and English to identify creole responses to such concepts as communal identity local patriotism nationalism and literary expression The essays take the reader from the first debates about cultural differences that underpinned European ideologies of conquest to the transposition of European literary tastes into New World cultural contexts and from the natural science discourse concerning creolization to the literary manifestations of creole patriotism The volume includes an addendum of etymological terms and critical bibliographic commentary Contributors Ralph Bauer University of Maryland Raquel Chang Rodriguez City University of New York Lucia Helena Costigan Ohio State University Jim Egan Brown University Sandra M Gustafson University of Notre Dame Carlos Jauregui Vanderbilt University Yolanda Martinez San Miguel University of Pennsylvania Jose Antonio Mazzotti Tufts University Stephanie Merrim Brown University Susan Scott Parrish University of Michigan Luis Fernando Restrepo University of Arkansas Fayetteville Jeffrey H Richards Old Dominion University Kathleen Ross New York University David S Shields University of South Carolina Teresa A Toulouse Tulane University Lisa Voigt University of Chicago Jerry M Williams West Chester University

*The Worlds of Christopher Columbus* William D. Phillips, Carla Rahn Phillips, 1992 When Columbus was born in the mid fifteenth century Europe was largely isolated from the rest of the Old World Africa and Asia and ignorant of the existence of the world of the Western Hemisphere The voyages of Christopher Columbus opened a period of European exploration and empire building that breached the boundaries of those isolated worlds and changed the course of human history This book describes the life and times of Christopher Columbus on the 500th anniversary of his first voyage across the Atlantic Ocean in 1492 Since ancient times Europeans had dreamed of discovering new routes to the untold riches of Asia and the Far East what set Columbus apart from these explorers was his single minded dedication to finding official support to make that dream a reality More than a simple description of the man this new book places Columbus in a very broad context of European and world history Columbus s story is not just the story of one man s rise and fall Seen in its broader context his life becomes a prism reflecting the broad range of human experience for the past five hundred years Respected historians of medieval Spain and early America the authors examine Columbus s quest for funds first in Portugal and then in Spain where he finally won royal backing for his scheme Through his successful voyage in 1492 and three subsequent journeys to the new world Columbus reached the pinnacle of fame and wealth and yet he eventually lost royal support through his own failings William and Carla Rahn Phillips discuss the reasons for this fall and describe the empire created by the Spaniards in the lands across the ocean even though neither they nor anyone else in Europe know precisely where or what those lands were In examining the birth of a new world this book reveals much about the times that produced

Deagan, José María Cruxent, 2008-10-01 In 1493 Christopher Columbus led a fleet of 17 ships and more than 1200 men to found a royal trading colony in America Columbus had high hopes for his settlement which he named La Isabela after the queen of Spain but just five years later it was in ruins It remains important however as the first site of European settlement in America and the first place of sustained interaction between Europeans and the indigenous Tainos Kathleen Deagan and Jose Maria Cruxent tell the story of this historic enterprise Drawing on their ten year archaeological investigation of the site of La Isabela along with research into Columbus era documents they contrast Spanish expectations of America with the actual events and living conditions at America's first European town Deagan and Cruxent argue that La Isabela failed not because Columbus was a poor planner but because his vision of America was grounded in European experience and could not be sustained in the face of the realities of American life Explaining that the original Spanish economic and social frameworks for colonization had to be altered in America in response to the American landscape and the non elite Spanish and Taino people who occupied it they shed light on larger questions of American colonialism and the development of Euro American cultural identity      Reading Columbus Margarita Zamora, 2023-04-28 Christopher Columbus authored over a hundred documents many of them letters giving testimony on the Discovery to Isabela and Ferdinand In this first book in English to focus specifically on these writings Margarita Zamora offers an original analysis of their textual problems and ideological implications Her comprehensive study takes into account the newly discovered Libro Copiador which includes previously unknown letters from Columbus to the Crown Zamora examines those aspects of the texts that have caused the most anxiety and disagreement among scholars questions concerning Columbus's destination the authenticity and authority of the texts attributed to him Las Casas's editorial role and Columbus's views on the Indians In doing so she opens up the vast cultural context of the Discovery Exploring the ways in which the first images of America as seen through European eyes both represented and helped shape the Discovery she maps the inception and growth of a discourse that was to dominate the colonizing of the New World This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a
