Losing It The Inside Story Of The Labor Party In Opposition:

Losing it Annabel Crabb, 2005 In 1993 Paul Keating won the unwinnable federal election Since then however the change in the Australian Labor Party's fortunes have been diabolical From Beazley to Crean to Latham and back again the ALP changes its leaders faster than Howard changes his policies The A to Z of Australia James C. Docherty, 2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia's original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world's most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today **John Winston Howard** Peter Van Onselen, Wayne Errington, 2008 A portrait of one of Australia's longest serving prime ministers this biography goes behind the public image to find neither the strong willed man of principle his supporters like to imagine nor the cunning opportunist painted by his foes The discussion covers Howard's suburban middle class upbringing and his success at implementing his policies concluding that although the image of the ordinary bloke has helped his enduring popularity heandmdash like George Bushandmdash possesses a number of uncommon strengths that have made him one of the most formidable leaders in Australian political history *Latham Diaries* Mark Latham, 2011-04-01 Here are the political diaries of one of Australia's most promising national leaders published within twelve months of his resignation from office an historic first The Latham Diaries are searingly honest bulletins from the front line of Labor politics They provide a unique view into the life of a man the Party and the nation at a crucial time in Australian history Mark Latham resigned from parliament in January 2005 after only fourteen months as Leader of the Opposition amid bitter post election recrimination and his own ill health From the beginning of his career he was viewed by many observers as the ALP's resident intellectual and larrikin the great hope of a new generation with the drive and talent to become prime minister So why did his career end so abruptly As The Latham Diaries reveal the rising tide of public cynicism about politics the cult of celebrity the dangerous liaison between politics and the media and the sickness at the heart of the Labor machine all played their part As did Latham's own errors as he candidly records in these diaries This is a riveting chronicle of life inside politics the backroom deals the frontroom conniving the

bitter defeat of idealism and the triumph of opportunism The Latham Diaries is not just the story of the Labor Party in the last years of the twentieth century and the early twenty first century but a sobering account of the state of Australian democracy 100 years after Federation

Quarterly Essay 35 Radical Hope Noel Pearson,2009-10-01 In Radical Hope one of Australia s most original and provocative thinkers turns his attention to the question of education Noel Pearson begins with two fundamental questions How to ensure the survival of a people their culture and way of life And can education transform the lives of the disadvantaged many or will it at best raise up a fortunate few In an essay that is personal and philosophical wide ranging and politically engaged Pearson discusses what makes a good teacher and recalls his own mentors and inspirations He argues powerfully that underclass students many of whom are Aboriginal should receive a rigorous schooling that gives them the means to negotiate the wider world He examines the long term failure of educational policy in Australia especially in the indigenous sector and asks why it is always Groundhog Day when there are lessons to be learned from innovations now underway This is an essay filled with ideas and arguments and information from a little known educational revolutionary named Siegfried Englemann to the No Excuses ethos and the Knowledge Is Power program to Barack Obama s efforts to balance individual responsibility and historical legacy Pearson introduces new findings from research and practice and takes on some of the most difficult and controversial issues Throughout he searches for the radical centre the way forward that will raise up the many preserve culture and ensure no child is left behind It is time to ask are we Aborigines a serious people Do we have the seriousness necessary to maintain our languages traditions and knowledge The truth is that I am prone to bouts of doubt and sadness around these questions But I have hope Our hope is dependent upon education Our hope depends on how serious we become about the education of our people Noel Pearson Radical Hope A work of universal significance in which Pearson once again shows himself to be Australia s most powerful contemporary thinker His essay is essential reading for all who care about the true nature of the society we have created in Australia For the first time in my life I encountered here a mature insight into the private hells produced by the very kind of failed education I received as a boy growing up at the bottom of a class ridden culture in London after the war Alex Miller
