Loss Of Innocents:

Lost Innocents and the Loss of Innocence Crispin Bates,1998 **The Loss of Innocents** Cara Elizabeth Richards,2000

Despite huge amounts of literature on child abuse there exists little information on situations in which children are killed Analyzing data from over 700 cases this study identifies specific types of perpetrators victims socio economic backgrounds and patterns of dangerous circumstances *Missing Bodies* Monica Casper,Lisa Jean Moore,2009-07 We know more about the physical body how it begins how it responds to illness even how it decomposes than ever before Yet not all bodies are created equal some bodies clearly count more than others and some bodies are not recognized at all In *Missing Bodies* Monica J Casper and Lisa Jean Moore explore the surveillance manipulations erasures and visibility of the body in the twenty first century The authors examine bodies both actual and symbolic in a variety of arenas pornography fashion sports medicine photography cinema sex work labor migration medical tourism and war This new politics of visibility can lead to the overexposure of some bodies Lance Armstrong Jessica Lynch and to the near invisibility of others dead Iraqi civilians illegal immigrants the victims of HIV AIDS and natural disasters *Missing Bodies* presents a call for a new engaged way of seeing and recovering bodies in a world that routinely often strategically obscures or erases them It poses difficult even startling questions Why did it take so long for the United States media to begin telling stories about the falling bodies of 9 11 Why has the United States government refused to allow photographs or filming of flag draped coffins carrying the bodies of soldiers who are dying in Iraq Why are the bodies of girls and women so relentlessly sexualized By examining the cultural politics at work in such disappearances and inclusions of the physical body the authors show how the social medical and economic consequences of visibility can reward or undermine privilege in society A Loss of Innocence Ari Franklins,2007-05 A parable on the human need for conflict *Loss of Innocents* J.C. Hardy,2013-04-29 This is a story about the hunt for a serial killer It explores the thoughts that drive this killer It also explores the psychologically damaging effects that the investigation has on the detectives who are hunting for the killer **War and Moral Dissonance** Peter A. French,2010-10-18 This collection of essays inspired by the author s experience teaching ethics to Marine and Navy chaplains during the Iraq War examines the moral and psychological dilemmas posed by war The first section deals directly with Dr Peter A French s teaching experience and the specific challenges posed by teaching applied and theoretical ethics to men and women wrestling with the immediate and personal moral conflicts occasioned by the dissonance of their duties as military officers with their religious convictions The following chapters grew out of philosophical discussions with these chaplains regarding specific ethical issues surrounding the Iraq War including the nature of moral evil forgiveness mercy retributive punishment honour torture responsibility and just war theory This book represents a unique viewpoint on the philosophical problems of war illuminating the devastating toll combat experiences take on both an individual s sense of identity and a society s professed moral code The Mystery of the Holy Innocents and Other Poems Charles Peguy,2018-02-28 CHARLES P GUY is

the only poet of consequence during the last fifty years in France whose work has failed to arouse the smallest critical interest in this country Compared with Claudel or Valéry to mention two of his contemporaries he has simply fallen flat It almost seems as though the term poetry were out of place or as though and this is perhaps nearer the truth the conception of poetry his work implied placed it outside the pale of contemporary criticism There seems to be nothing for criticism to get its teeth into Everything is plain sailing There is no shell to crack no secret to explore no difficulty of language no impenetrable thought no interplay of images to be unraveled In whatever direction the critic looks whether at the technique the ideas the images of the psychological sphere there is nothing to be done or at any rate nothing worth doing From the Introduction

The Transformations of Tragedy Fionnuala O'Neill Tønning, Erik Tønning, Jolyon Mitchell, 2019-11-26 The Transformations of Tragedy Christian Influences from Early Modern to Modern explores the influence of Christian theology and culture upon the development of post classical Western tragedy The volume is divided into three parts early modern modern and contemporary This series of essays by established and emergent scholars offers a sustained study of Christianity's creative influence upon experimental forms of Western tragic drama Both early modern and modern tragedy emerged within periods of remarkable upheaval in Church history yet Christianity's diverse influence upon tragedy has too often been either ignored or denounced by major tragic theorists This book contends instead that the history of tragedy cannot be sufficiently theorised without fully registering the impact of Christianity in transition towards modernity A Philosophy Of International Law Fernando Tesón, 2018-10-08 Why should sovereign states obey international law In this groundbreaking study Fernando Tesón argues that an overlapping respect for human rights has created a moral common ground among the countries of the world It is this common set of values rather than self interest that ultimately provides legitimacy to international law Using the tools of moral philosophy Tesón analyzes the concepts of sovereignty intervention and national interest the contributions of social contract theory game theory and feminist theory and the puzzles of self determination and group rights The Significance of Sibling Relationships in Literature JoAnna Stephens Mink, Janet Doubler Ward, 1993 If one does not have them one is compelled to acknowledge and react to their non existence Social and Political Philosophy James P. Sterba, 2002-11-01 Social and Political Philosophy introduces some of the most important topics in contemporary political philosophy and questions whether these can be accommodated within the framework of liberal theory It consists of specially written essays by prominent figures in social and political philosophy Each essay carefully considers both the theoretical and practical problems of a major topic Traditional perspectives are balanced with new challenges Topics include Moral Methodology Libertarianism Socialism Lesbian and Gay Perspectives Feminism Racial and Multicultural Perspectives Rationality Welfare Liberalism Environmentalism Virtue Ethics and Community Just War Theory and Pacifism Civil Disobedience **Scandalous Politics** Juliet F. Gainsborough, 2010-11-15 Little work has been done to systematically analyze how high profile incidents of child neglect and abuse shape child welfare policymaking in the United States In

Scandalous Politics Juliet Gainsborough presents quantitative analysis of all fifty states and qualitative case studies of three states Florida Colorado and New Jersey that reveal how well publicized child welfare scandals result in adoption of new legislation and new administrative procedures Gainsborough's quantitative analysis suggests that child welfare policymaking is frequently reactive while the case studies provide more detail about variations and the legislative process For example the case studies illustrate how the nature and extent of the policy response varies according to particular characteristics of the political environment in the state and the administrative structure of the child welfare system Scandalous Politics increases our understanding of the politics of child welfare at both the state and federal level and provides new insights into existing theories of agenda setting and the policy process It will be of interest to everyone involved with child welfare policymaking and especially public policy and public administration scholars

The Importance of Being Innocent Joanne Faulkner, 2010-11-22 The Importance of Being Innocent addresses the current debate in Australia and internationally regarding the sexualisation of children predation on them by pedophiles and the risks apparently posed to their innate innocence by perceived problems and threats in contemporary society Joanne Faulkner argues that contrary to popular opinion social issues have been sensationally expounded in moral

panics about children who are often presented as alternatively obese binge drinking and drug using self harming neglected abused medicated and driven to anti social behavior by TV and computers This erudite and thought provoking book instead suggests that modern western society has reacted to problems plaguing the adult world by fetishizing children as innocents who must be protected from social realities Taking a philosophical and sociological perspective it outlines the various historical trends emotional investments and social tensions that shape contemporary ideas about what childhood represents and our responsibilities in regard to children FBI Law Enforcement Bulletin ,2001 Justice for Here and Now James P. Sterba,1998-05-28 James Sterba develops a new conception of justice deriving from libertarianism and then applies it to a wide range of issues duties to the poor obligations to future generations feminist concepts of justice racism and sexism sexual morality environmental ethics and just war theory This is a highly original and potentially controversial book that would be ideal for courses in applied ethics political philosophy environmental studies women s studies and peace studies
