### **Lost Angels Psychoanalysis And Cinema:**

**Lost Angels** Vicky Lebeau, 2005-06-29 With readings of key youth films of the 1980s this book expands the psychoanalytic framework within which current debates regarding fantasy and spectatorship have been taking place

**Psychoanalysis and Cinema** Vicky Lebeau, 2019-07-25 Lebeau examines the long and uneven history of developments in modern art science and technology that brought psychoanalysis and the cinema together towards the end of the nineteenth century She explores the subsequent encounters between the two the seductions of psychoanalysis and cinema as converging though distinct ways of talking about dream and desire image and illusion shock and sexuality Beginning with Freud's encounter with the spectacle of hysteria on display in fin de siècle Paris this study offers a detailed reading of the texts and concepts which generated the field of psychoanalytic film theory

**Cinema and Intermediality** Ágnes Pethő, 2011-05-25 Within the last two decades intermediality has emerged as one of the most challenging concepts in media theory with no shortage of various taxonomies and definitions What prompted the writing of the essays gathered in this volume however was not a desire for more classifications applied to the world of moving pictures but a strong urge to investigate what the inter implied by the idea of intermediality stands for and what it actually entails in the cinema The book offers in each of the individual chapters a cross section view of specific instances in which cinema seems to consciously position itself in between media and arts employing techniques that tap into the multimedial complexity of cinema and bring into play the tensions generated by media differences The introductory theoretical writings deal with the historiography of approaching intermedial phenomena in cinema presenting at the same time some of the possible gateways that can open up the cinematic image towards the perceptual frames of other media and arts The book also contains essays that examine more closely specific paradigms in the poetics of cinematic intermediality like the allure of painting in Hitchcock's films the exquisite ways of framing and un framing haptical imagery in Antonioni's works the narrative allegories of media differences the word and image plays and ekphrastic techniques in Jean Luc Godard's total cinema the fl neuristic intermedial gallery of moving images created by Jos Luis Guer n or the types of intermedial metalepses in Agn's Varda's cin criture From a theoretical vantage point these essays break with the tradition of thinking of intermediality in analogy with intertextuality and attempt a phenomenological re definition of intermedial relations Moreover some of the analyses target films that expose the coexistence of the hypermediated experience of intermediality and the illusion of reality connecting the questions of intermediality both to the indexical nature of cinematic representation and to the specific ideological and cultural context of the films thus offering insights into a few questions regarding the politics of intermediality as well

**Youth and Suicide in American Cinema** Alessandra Seggi, 2022-10-27 This book explores the depiction of suicide in American youth films from 1900 to 2019 Anchored in Sociology this multidisciplinary study investigates the causes and consequences of suicide and uncovers the socio cultural context for the development of youth film and suicide While such cinematic portrayals seem to

privilege external explanations of suicide versus internal or psychological ones overall they are neither rich nor sensitive Most are simplistic limited or at the very least unbalanced At times they are flatly controversial In light of this overall problematic depiction of suicide this book offers a proactive approach to empower young audiences a media literacy strategy to embrace while watching these films **Cinema and Intermediality (Second, Enlarged Edition)** Ágnes

Pethő,2020-08-24 One of the most comprehensive books to focus on the relationship between cinema and the other arts this volume explores types and stylistic devices of intermediality through a wide range of case studies It addresses major theoretical issues and highlights the relevance of intermedial relations in film history mapping the theoretical field by outlining its main concepts and the research avenues pursued in the study of cinematic intermediality including the most recent approaches and methodologies It also presents some major templates of intermediality through various examples from world cinema including closer looks at films by auteurs like Alfred Hitchcock Michelangelo Antonioni Jean Luc Godard and Agn s Varda Supplemented by three new chapters dealing with phenomena which came into view since its first publication the revised and enlarged edition of this ground breaking volume will serve as a useful handbook to clarify key ideas and to offer insightful analyses *Public Rape* Tanya Horeck,2013-04-15 Second wave feminism fought to end the blanket silence

shrouding rape and bring it to public attention Now feminist critics must confront a different issue In *Public Rape* Tanya Horeck considers the public investment in images of rape and the figure of the raped woman Introducing the idea of public rape Horeck looks at how images of rape serve as cultural fantasies of sexual racial and class difference Looking at rape in real life as well as in literature and films such as *The Accused* and *Boys Don t Cry* Horek reveals how representations of rape raise vital questions about the relationship between reality and fantasy and between violence and spectacle **Cinema**

**Studies** Susan Hayward,2013 Film studies is a course that is often articulated in highly technical or complex critical vocabulary This is an A Z of the key critical terms designed to make film texts and analysis more accessible to the student

*Movies and the Modern Psyche* Sharon Packer MD,2007-09-30 By looking at the interactions between cinema and psychology Packer offers readers clear and basic insights into some of the most fundamental reasons why film is such an important influence upon our lives today *Movies and the Modern Psyche* first describes the basic concepts of psychoanalysis experimental psychology behavioral conditioning and hypnosis which have all played major roles in the histories of both film and psychiatry It then goes on to discuss the recent rise in film therapy drug treatments treatment for drug abuse and the closing of asylums to show how shifts in treatment techniques theories and settings are foreshadowed and fossilized by film Psychology and cinema are kindred cousins born at the same time and developing together so that each influences the other From the mind controlling villains that occupy early horror films and Cold War thrillers like *Caligari* *Mabuse* and *The Ipcress File* to the asylums that house numberless political allegories and personal dramas in *Shock Corridor* *Spellbound* *One Flew over the Cuckoo s Nest* and *Girl Interrupted* to the drugs phobias and disorders that pervade so many of our favorite films

including as a small sample *Vertigo* *Night of the Hunter* *Psycho* *Rainman* *Fight Club* *Requiem for a Dream* and *Batman Begins* there is no escaping either psychology in the movies or the movies in psychology By looking at the interactions between cinema and psychology this book offers readers clear and basic insights into some of the most fundamental reasons why film is such an important influence upon our lives today *Movies and the Modern Psyche* first describes the basic concepts of psychoanalysis experimental psychology behavioral conditioning and hypnosis which have all played major roles in the histories of both film and psychiatry It then goes on to discuss the recent rise in film therapy drug treatments treatment for drug abuse and the closing of asylums to show how shifts in treatment techniques theories and settings are foreshadowed and fossilized by film

*Teen Film* Catherine Driscoll, 2011-06-01 What makes a film a teen film And why when it represents such powerful and enduring ideas about youth and adolescence is teen film usually viewed as culturally insignificant Teen film is usually discussed as a representation of the changing American teenager highlighting the institutions of high school and the nuclear family and experiments in sexual development and identity formation But not every film featuring these components is a teen film and not every teen film is American Arguing that teen film is always a story about becoming a citizen and a subject *Teen Film* presents a new history of the genre surveys the existing body of scholarship and introduces key critical tools for discussing teen film Surveying a wide range of films including *The Wild One* *Heathers* *Akira* and *Donnie Darko* the book's central focus is on what kind of adolescence teen film represents and on teen film's capacity to produce new and influential images of adolescence

Narrative and National Allegory in Rómulo Gallegos's Venezuela Jenni Maria Lehtinen, 2013 Venezuela's preeminent educator politician and most important author Rómulo Gallegos 1884-1969 left a lasting imprint on how Venezuelans conceive of their national history and identity Jenni Lehtinen offers the first full length study of Gallegos's later Venezuelan novels *Canaima* 1935 *Pobre negro* 1937 and *Sobre la misma tierra* 1943 which have been up to now eclipsed by the critical attention devoted to *Doña Barbara* 1929 By combining close readings organized around national allegory and narrative structure with discussions about Gallegos's socio-political essays the study reveals previously ignored radical developments in the Venezuelan author's ideologies Through her bold reinterpretation of the later novels Lehtinen reveals Gallegos as a far more innovative writer than has been traditionally appreciated Jenni Lehtinen completed

**Generation Multiplex** Timothy Shary,2009-01-27 When teenagers began hanging out at the mall in the early 1980s the movies followed Multiplex theaters offered teens a wide array of perspectives on the coming of age experience as well as an escape into the alternative worlds of science fiction and horror Youth films remained a popular and profitable genre through the 1990s offering teens a place to reflect on their evolving identities from adolescence to adulthood while simultaneously shaping and maintaining those identities Drawing examples from hundreds of popular and lesser known youth themed films Timothy Shary here offers a comprehensive examination of the representation of teenagers in American cinema in the 1980s and 1990s He focuses on five subgenres school delinquency horror science and romance sexuality to explore how they represent teens and their concerns how these representations change over time and how youth movies both mirror and shape societal expectations and fears about teen identities and roles He concludes that while some teen films continue to exploit various notions of youth sexuality and violence most teen films of the past generation have shown an increasing diversity of adolescent experiences and have been sympathetic to the particular challenges that teens face      *The Global Impact of South Korean Popular Culture* Valentina Marinescu,2014-09-24 This volume fills a gap in the existing literature and proposes an interdisciplinary and multicultural comparative approach to the impact of Hallyu worldwide The contributors analyze the spread of South Korean popular products from different perspectives popular culture sociology anthropology linguistics and from different geographical locations Asia Europe North America and South America The contributors come from a variety of countries UK Japan Argentina Poland Bulgaria Czech Republic Indonesia USA Romania The volume is

divided into three sections and twelve chapters that each bring a new perspective on the main topic This emphasizes the impact of Hallyu and draws real and imaginary maps of the export of South Korean cultural products Starting from the theoretical backgrounds offered by the existing literature each chapter presents the impact of Hallyu in a particular country This applied character does not exclude transnational comparisons or critical interrogations about the future development of the phenomenon All authors are speaking about their own native cultures This inside perspective adds an important value to the understanding of the impact of a different culture on the national culture of each respective country The contributions to this volume illustrate the globalization of the cultural products of Hallyu and show the various faces of Hallyu around the world

*Frantz Fanon's 'Black Skin, White Masks'* Max Silverman, 2017-10-03 First published in 1952 Frantz Fanon's *Black Skin White Masks* is one of the most important anti colonial works of the post war period It is both a profound critique of the conscious and unconscious ways in which colonialism brutalises the colonised and a passionate cry from deep within a black body alienated by the colonial system and in search of liberation from it This volume is the first collection of essays

specifically devoted to Fanon's text It offers a wide range of interpretations of the text by leading scholars in a number of disciplines Chapters deal with Fanon's Martinican heritage Fanon and Creolism ideas of race and racism and new humanism Fanon and Sartre representations of Blacks and Jews and the psychoanalysis of race gender and violence Contributors offer new ways of reading the text and the volume as a whole constitutes an important contribution to the growing field of Fanon studies

*Snakes and Ladders: Reviewing Feminisms at Century's End*, 2001-12 This book reviews the current state of feminist thinking in the run up to the millenium its priorities and concerns drawing critical attention to the losses as well as the gains of contemporary feminist work

**Transgressing Women** Jamaluddin Aziz, 2012-01-17 *Transgressing Women* focuses on the literary and cinematic representation of female characters in contemporary noir thrillers The book argues that as the genre has grown expanded and been subverted since its initial conception along with the changing definition of gender the representation of a female character has also inevitably gone through some dramatic changes So the book asks some important questions What links the female characters in canonical noir to their contemporary counterparts Is gender division still relevant in a text that transgresses gender boundaries What happens when it is the human body itself that betrays the traditional definition or constitution of a human being While many have written about the male protagonists and the femmes fatales in the noir genre little attention has been given to the other female characters who inhabit the noir world and are transgressors themselves The main concern of the book is to trace the transgressive female characters in contemporary noir thrillers both novels and films by engaging itself with some of the most topical debates within both post feminist and postmodernist theories The book is structured around two key concepts space and the body These temporal and spatial indicators are central in contemporary cultural theories such as postmodernism and post feminism along with other theorizations of gender and the noir genre This means that the analysis is drawn from the classical noir examples and will

then arrive at the neo noir sub genre and then will move on to the most recent phenomenon in the genre future noir
