**Let God Be True and Every Man a Liar** Victor Perez, 2013-06-17 We as the church are being looked at by the lost world as a bunch of hypocrites We need to seriously consider this viewpoint in how we are evangelizing the lost Currently there are 3 500 people leaving the church from all denominations daily This is definitely not the Lords plan for the Body of Christ Another statistic showed that from the years 2000 to 2008 20 million people left the North American church from all denominations Matthew 11 28 NAS reads Come to Me all you who are weary and heavy laden and I will give you rest When the Lord Jesus Christ uses the term all He is referring to every single person on Earth When the church uses the term all they are referring to only those who belong to their denomination This should not be I truly believe that the Lord Jesus wants to redefine who He wants to be in each and every one of our lives if we let Him The question is do we want Him to or are we comfortable with where we are operating as different denominational churches What the world is experiencing currently is testimony that business as usual has ended for the entire church world

Bruce Franklin, 2018-09-03 Growing up during the Second World War H Bruce Franklin believed what he was told that America's victory would lead to a new era of world peace Like most Americans he was soon led to believe in a world wide Communist conspiracy that menaced the United States forcing the nation into a disastrous war in Korea But once he joined the U S Air Force and began flying top secret missions as a navigator and intelligence officer what he learned was eye opening He saw that even as the U S preached about peace and freedom it was engaging in an endless cycle of warfare bringing devastation and oppression to fledgling democracies across the globe Now after fifty years as a renowned cultural historian Franklin offers a set of hard learned lessons about modern American history Crash Course is essential reading for anyone who wonders how America ended up where it is today with a deeply divided and disillusioned populace led by a dysfunctional government and mired in unwinnable wars It also finds startling parallels between America's foreign military exploits and the equally brutal tactics used on the home front to crush organized labor antiwar and civil rights movements More than just a memoir or a history book Crash Course gives readers a unique firsthand look at the building of the American empire and the damage it has wrought Shocking and gripping as any thriller it exposes the endless deception of the American public and reveals from inside how and why many millions of Americans have been struggling for decades against our own government in a fight for peace and justice
